A report from the department of education showed that of the five pupils who tried the entrance examinations at Borden Street school three passed, and of seven who tried at Booth School six passed. All other passes were on recommendation of the principals.

CARD OF THANKS

Mrs. L. Dutton and family wish to extend their heartfelt thanks to their many friends for the kindness shown in their recent bereavement.

FIRST FOREST FIRE IN BULKLEY VALLEY

SMITHERS, Aug. 13—The first serious forest fire for the Bulkley Valley this season started on Monday near the Bulkley River about three miles west from Smithers.

The exceedingly hot dry weather of the past week has made the fire risk acute and the forestry officials have organized a gang of nearly thirty fire fighters to try and keep the outbreak under control.

JAPANESE BOAT WAS SALVAGED

Taken Off Hammer Rocks by Captain Swanson and Party

TOWED INTO PORT

Partly submerged with her decks awash and only her machinery intact, the Japanese seine boat Shuchona III., a 65 foot boat owned by Tanaka Brothers of Inverness, which went ashore on the Hammer Rocks, Hecate Straits, in a dense fog early on Tuesday morning, was towed into port at 11 o'clock last night by the Leila R., Capt. A. Swanson, assisted by the Chief Zibassa, which had been despatched to the scene to render aid by the Canadian Fish & Cold Storage Company.

The Shuchona III. now lies at the Prince Rupert Boathouse wharf. The boat was raised yesterday afternoon on the high tide by placing thirty empty drums inside her hull, the keel of which has been completely torn off. The machinery is held in the boat by hawsers and chains.

When the boat went on the rocks on Tuesday morning several passing fishing schooners were haled for assistance but did not respond to the call. But for the timely arrival of the American fishing boat Valorous, Capt. Ed. Winters, who at personal risk took the men off the wrecked boat, it is probable the crew would have been drowned. It took Capt. Winters three hours to get the last two men off the boat owing to the high seas running.

The Leila R., when going to the scene of the wreck on Wednesday, met the Valorous in the Metlakatla Passage and took the crew of the Shuchona aboard to assist in the raising of the vessel.

The boat carries half insurance.

INTERIOR HAY CROP HEAVY THIS SEASON

John Dybhavn, who is just back from the interior, says the hay crop in the Bulkley Valley this year is twice as heavy as last season. The condition will be relieved, however, through the fact that most of those who have Timothy are growing seed. They expect to ship about five cars of Timothy seed from Smithers. This sells at eight cents a pound, so on a 30,000 pound carload the returns would be quite large.

FLAG IS TO FLY AT BOOTH SCHOOL SOON

The school board at its meeting last night decided that the flag should fly at Booth School and a flagpole will be erected there very soon. Prices are to be obtained and then the trustees will decide how high the pole is to be. Some thought 35 feet would be high enough and others seemed of the opinion that 50 feet would be better, in order to accord with the building.

LOCAL YUKONERS BACKING CONGDON

A number of old Yukoners were much interested in the announcement made yesterday that Fred Congdon was to oppose George Black in the territory at this election. They say that owing to changes that have taken place, they feel assured Mr. Congdon will win. At the last election at which he was a candidate he had only two weeks in the territory yet he ran very close to winning.

NUMBER LOST LIVES EUROPEAN ACCIDENTS

LONDON, Aug. 13.—Three disasters on the continent today snuffed out 39 lives and many others were injured. Twenty are dead as the result of an explosion in an ammunition factory near Budapest. A train wreck in Bavaria took a toll of eleven ,and seven were killed in an explosion of a fireworks factory at Bari, in southern Italy.

Perfectly Level

"I suppose you are going to raise potatoes in your garden?"

"I was, but when I read the directions for planting I found it would be impossible. They should be planted in hills, and my garden is perfectly level.—Congregationalist.
