WATER CHARGES ARE MUCH TOO HIGH FOR COLD STORAGE PLANT

J. W. Nicholls, comptroller of the Canadian Fish & Cold Storage Co., had a letter before the city council last night protesting at an increase in the water rate for the company from 5c to 7c per hundred cubic feet that had just been applied and asking that the former rate be restored.

Mr. Nicholls' letter stated that it had been the understanding that the city's new schedule formulated last year would not affect his plant. Under the old rate the company had paid $3,201 for water in 1924 and $3,776 in 1925. In view of this heavy cost, the company had been contemplating applying for a decrease in the old rate. The letter referred to the free water service that was given by the plant to the halibut boats for washing down, etc. and pointed out that in Ketchikan free water was given the fish houses and there was a flat rate of $150-$200 for canneries. In Seattle, the water rate was 4½c per hundred cubic feet.

The communication was referred to the utilities committee for report.

SEVENTH AVENUE WEST GRADING BYLAW GIVEN INTRODUCTORY READINGS

Local improvement initiative bylaws providing for the building of a sidewalk on Fifth Avenue West between Musgrave Place and Taylor Street and for the mattress grading of Seventh Ave. West between Fulton and Dunsmuir Streets and Dunsmuir Street between Sixth and Seventh Avenues were given their first reading at last night's council meeting.

In view of the fact that Dunsmuir Street was to be graded in order to give an outlet for Seventh Avenue and the cost of the work might be rather high, the council agreed to assess the property abutting Dunsmuir St. on the basis of the average cost of Seventh Avenue, the balance to be paid for out of the city's general fund.

Macdonald was dismissed after receiving a stricture from the bench. Milton Gonzales appeared in defence of Macdonald.

EXPORTS OF PULP AND PAPER ARE BIG

Value for 1925 Set at One Hundred and Fifty Million Dollars

VICTORIA, Feb. 17.—Canada's great pulp and paper industry, to which British Columbia is a leading contributor, showed increases in production in all departments during 1925, according to figures issued by the Canadian Pulp and Paper Association.

Exports of pulp and paper for 1925 were valued at $154,555,951, an increase of $15,064,302 over the total recorded for 1924. Exports of wood pulp during the year were valued at $47,931,905 as compared with $40,242,974 in the previous year and exports of paper at $106,624,046 compared with $99,248,497.

Pulpwood exports amounted to 1,423,502 cords, valued at $14,168,935, as against exports of 1,330,250 cords, valued at $13,536,058, in 1924. This is the highest annual total ever recorded. Production generally in the pulp and paper industry increased as 1925 drew to a close, the new figures show. The exports of pulp and paper for December were valued at $15,425,036, an increase of $1,457,749 over the total for November and $2,098,117 over the total for December, 1924.

THE MAN IN THE MOON

says:

THOSE of us who expected to get through winter on five tons may yet have another expectation coming.

THERE may not be anything new under the sun, but there are lots of new things in Prince Rupert shops, the like of which has never before been seen.

WHEN a man starts out as an editor, the first thing he does is to acquire a waste paper basket. The blue pencil is a fiction. The basket is more effective.

IF I'd only died young I'd been good.

A RECENT visitor to Prince Rupert remarked quietly that the balmy air here probably accounted for the balmy condition of the people. Now, what did he mean?

THE reason there are such a lot of sick people today is because yesterday was pancake day.

WHEN the parson asked me what I was going to give up this Lent, I immediately replied that I'd rather give up writing than anything else I knew, and a lot of other people would be glad to see me keep the fast in that way.

BENEATH the sod he lies,
As he often lied of yore,
But though our Jimmie's lying still
He'll never lie no more.

The latest official casualty list from Ottawa contains the name of Capt. Donald M. Moore as wounded and a prisoner in Germany.

Liberals of British Columbia are preparing for a provincial election at an early date. M. A. Macdonald will run in Vancouver while H. C. Brewster will be a candidate in Victoria.

Prince Rupert is looking forward to the "Prisoners in Germany" Ball which will be held in the Auditorium. It will be one of the biggest and jolliest entertainments ever staged in the city.
