Solid 18K Gold

Some wedding rings are made by melting the gold into a mould. These are apt to have bubbles and be porous.

Some are made by bending a strip and joining the ends. We sell the seamless kind, hammered from one solid piece of gold. These are firmer and will wear much longer than the soft gold.

Sold by weight, $6.50 to $12.00.

Defeated Moose Ladies by Score of 6 to 3 in Play-off Last Evening

The Daughters of England, having won over the Moose Ladies by a score of 6 to 3 in a play-off at the home of Mrs. Harry Jackson last night, are the champions in the ladies' section of the Fraternal Whist League and next week will play off with the champions of the men's section for the Dybhavn Cup and city championship. Honors in the men's section for the year still rest between the St. Andrew's Society and the Moose Lodge. The game in the men's section between the Loyal Orange Lodge and Sons of England scheduled for Thursday will be played in St. Andrew's Hall tonight.

SPORT CHAT

Big game season regulations for the year have just been issued by the provincial government. In the electoral districts of Atlin, Fort George, Skeena and Omineca the open season for Moose will be from September 1 to December 15; the caribou season except on game preserves such as Queen Charlotte Islands and Mackenzie districts will also be from September 1 to December 15; the mountain goat season will be the same, and the bear season for this district will be from September 1 to June 30. The usual bag limits are prescribed this year.

Complaint against Louis (Kid) Kaplan of Meriden, Conn., world's featherweight champion, of failure to fulfill a contract to fight Kid Roy, Canadian champion, in Montreal, November 3, 1925, was filed last week with the state athletic commission of New York by the Montreal boxing commission. Chairman Fairley ordered Kaplan and his two managers, Dennie McMahon and "Scotty" Monteith, to answer the charges at a meeting to be held today. All three were served with summonses.

BOXING FEDERATION TO OUTLINE PLAN OF BETTER CONTROL

NEW YORK, March 23.—The New York State Athletic Commission has been requested by the French Boxing Federation to "outline some inter-national plan which would place boxing on a much higher plane and enable proper surveillance of champions."

"Under such a plan as we feel confident your board can outline, adopt and pass on to other states in your country, we are certain that such a fiasco as now exists in the heavyweight division could not possibly take place," writes Paul Rousseau, president of the French organization.

Rousseau desires to present the New York board's plan of international boxing control to a meeting of the International Boxing Union in Paris next July.

FENCING IS PART OF JAPANESE EDUCATION

TOKYO, March 23.—In Japan all school boys over the age of fifteen are taught the use of the sword and many of the youngsters turn out to be great fencers.

When winter training started in the Peer's school among the first to don the masks and gloves were the Princes Kuni and Asaka. Fencing exercises also are underway in the majority of the public schools. No Japanese youth is considered properly educated until he is master of the sword.

HORSE RACING IS ON CARDS NEAR EL PASO

EL PASO, Texas, March 23.—Saturday, April 24, has been set for the revival of horse racing at the Juarez race track, across the border from here, after a ten year suspension, because of chaotic conditions resulting from internal strife in Maxico. A thirty day meeting will be held by the Juarez Jockey Club, to be followed next winter by a meeting lasting 100 days.

POP-EYED PROSPECTORS WILD OVER GOLD SAYS COLONEL J. K. CORNWALL

Mushroom Town Springing up at Hudson With all Marks of Stampede Settlement

EDMONTON, March 23—"Pop-eyed prospectors are running wild in this section of Manitoba," says Col. J. K. Cornwall in writing to the Bulletin from Hudson station from where Red Lake gold rushers are piling north into the wilderness.

"The only man in the little wayside station who is unperturbed is the fur post manager; he stands at the post door with his hands in his pockets, smoking a long pipe. Gold is away over his head," says Colonel Cornwall.

Travel Costly

Airplanes are carrying prospectors in at the rate of a dollar a pound; two passengers at a time are taken to Red Lake, there being no reduction for fat men as formerly. It costs 50 cents to have a letter delivered and papers are selling at the diggings for two dollars each. Freight rates are only limited by the blue sky.

It cost one man $25,000 to have a 4-ton boiler taken the 160 miles to the new El Dorado, while another "rusher" was contracting to have 20 tons of machinery moved in at a cost of $75,000.

A mushroom town is springing up at Hudson, which possesses all the marks of a stampede settlement.

PRIME MINISTER IS LIKE A SHOP GIRL

Says He is at Beck and Call of Everyone and Works Long Hours

LONDON, March 23.—The life of a shop girl and that of a Prime Minister is very similar, in the opinion of Premier Stanley Baldwin.

Mr. Baldwin, addressing an assemblage of society women, said, "the whole day long, from morning till night, a Prime Minister was at the beck and call of everyone, and most of them want something."

"The shop girl is the same," he answered. "She has to keep smiling, and so do I. The only difference is she has to give people what they want—I have to tell them they can't have it. The shop girl works long hours, and so do I."
