When your eyes ache, sting or feel tired, it is Nature's warning — they are strained.

If you are wise, you will heed that warning and will have a complete examination of your eyes made and thus probably prevent serious eyesight trouble later on.

Can you afford to waste the nerve energy necessary to carry along defective eyes?

DELEGATES ON WAY TO ENGLAND

EMPIRE PROBLEMS TO BE CONSIDERED BY IMPERIAL CONFERENCE ABOUT TO MEET

LONDON, Oct. 14.—All seas lead to England now for the imperial conference, that great cabinet of the British empire which will meet in the historic cabinet room at number 10 Downing Street on October 19. Prime ministers, maharajahs, delegates from the overseas dominions and representatives of the crown colonies are converging on London, the hub which unites the spokes of the British empire.

It has been three years since John Bull called a meeting of his "board of directors," and many questions have arisen to crowd the agenda. There are the usual problems of imperial growth—trade, immigration, defence and communications—but these will be dominated this year by a question which goes to the very roots of inter-empire relations.

The big question is the treaty-making status of the dominions in foreign affairs. The pact of Locarno, which made Great Britain the policeman of the Rhine, marked a new departure in British diplomacy. For the first time in history England has been explicitly separated from her dominions by a treaty.

Probably the next question of importance will be the discussion of the individual status of the dominions. General Hertzog, the fiery South African premier, in a speech delivered last May, urged South Africa's claims of a sovereign status and demanded that Great Britain join in declaring dominion independence for the union of South Africa.

It has been bruited about, however, that since his arrival in London, Gen. Hertzog's views have been somewhat modified, and only the conference itself will develop his exact attitude.

INDIAN CASES IN LOCAL POLICE COURT

City police court was in session before Magistrate McClymont yesterday afternoon to deal with a number of charges under the Indian Act. Cecil Ryan and John Haldane, Indians, were each fined $25 and costs for having liquor in their possession. Harold Enocksen was fined $50 and costs for supplying and a similar charge against William Beynon was dismissed. Thomas Black and William Morrison, charged with supplying liquor to Indians by giving them beer in beer parlors, were remanded until today.

This morning the charges against Morrison and Black were dismissed. It was stated in each case that the sale of beer to natives had been by mistake. The beer had been ordered by white men but consumed by Indians. In issuing a warning to accused in each of these cases, Magistrate McClymont expressed the hope that more care would be taken in beer parlors in the matter of serving beer. Indians should not be permitted to enter or remain in beer parlors His Worship declared.
