

HUNTING SEASON OPENS: LABOR DAY DELIGHTS

FUNERAL OF DR. REDDIE: NEW REALTY DEALS: MEMORIAL SERVICE TO GEN. BOOTH: PICNICS

EIGHT MONTHS AGO \$14,500; TWO LOTS ON THIRD AVENUE ARE TODAY SOLD FOR \$33,000

V. W. Smith has just purchased from H. G. Helgeson, of the firm of H. G. Helgeson, Limited, lots 18 and 19, block 34, section 1, consideration being \$33,000. These lots are directly opposite the post office on Third avenue, and were sold eight months ago for \$14,500.

The same firm have just sold lot 22, block 14, section 1, to Mrs. Margaret E. Clapp of Chicago, the price being \$17,000. In this instance H. G. Helgeson was also the vendor.

FUNERAL OF LATE DR. REDDIE ATTENDED BY LARGE CROWD OF REGRETFUL OLD TIMERS

An immense concourse of friends, old timers and newer citizens, on Sunday attended the funeral of the late Dr. J. O. Reddie, medical health officer of Prince Rupert. The funeral was conducted under the auspices of the Masonic order, Dr. Reddie having been a member of Tsimpson Lodge. The great respect with which he was esteemed as a citizen was well expressed by the attendance at his obsequies, as well as by the simple, straightforward eulogies upon him pronounced by his pastor, Rev. F. W. Kerr. Highest tribute of all, perhaps, to the modest personality of so worthy a man was the word of the pastor when he said: "To Dr. Reddie the Pres-

byterian Church of Prince Rupert offered its highest post for a layman, but he refused it, saying that he had no qualification for it except perhaps his age." To be thus held in esteem by his fellowmen, yet to be so reluctant to hold himself at their valuation was characteristic of Dr. Reddie. Pall bearers at his funeral were his five brother physicians in the city, Doctors Tremayne, McNeill, Eggert, Kergin and Cade, also as sixth pall bearer his personal friend, P. W. Anderson. A great proportion of the assemblage accompanied the casket to the cemetery, including many old timers, whose regret at the passing of the first of their number through natural causes is marked.

Labor Day Convivialists.
There was only one case in the police court this morning before his worship Magistrate Carss, and that one of the mildest type, whereby one individual who got a little too much holiday exuberance, and contributed the usual fine and costs. Probably no other party in the Dominion could boast of such a light police docket on the morning after a public holiday.

METHODIST MEN'S OWN HAD EXCURSION

A successful picnic was enjoyed under the auspices of the Methodist Men's Own organization on Labor Day, the party going to the sand beaches at Poreh Island, where ideal picnicking conditions prevail. There was perfect weather conditions and a perfect weather conditions as voted an immense success.

FIRST POWER BOAT TO BRING IN DEER

To the Alice B this year belongs the proud distinction of being the first power boat to bring in the trophies of the chase in the shape of the splendid bag of three deer and innumerable grouse and plover, which were landed last night by Captain Thomas, who directed his party to the places he had had his eye on for some time as likely hunting spots.

H. S. Wallace was a passenger on the Prince Rupert yesterday morning, going below on a short business visit.

The Prince Rupert left for the south yesterday morning at 9 o'clock, on schedule time, with a considerable passenger list.

Pantorium Pioneer Cleaners, phone 4.

STEWART LIKELY TO SEE BUSY DAYS

There are indications that a new era of prosperity for Stewart is not far distant. The fact that Stewart is only 86 miles distant from the famous Ground Hog coal mining district, and has 14 miles of standard gauge railroad already built, is important.

At the present time the packing in of supplies, now that Meziadin lake can be reached in half a day from the end of the railroad, will assuredly be able to be done at a low cost.

Mr. C. J. Gillingham, the energetic road superintendent of the Portland Canal district, who is in the city on a short visit, is very enthusiastic about the future of Stewart, and says that property owners have no cause to be afraid that they will not be able to do well out of their holding there.

ARCHES FOR CONNAUGHT'S COMING

In connection with the visit of the Duke of Connaught, the committee in charge of the decorations would be glad if any society or public body desirous of erecting an arch or other special decoration would apply as early as possible to the city engineer so that arrangements can be made for suitable locations, etc.

PRINCE RUPERT'S CHURCHES AND PEOPLE PAY TRIBUTE TO "THE PROPHET OF THE POOR"

Thronged Mass Memorial Service for the Late General Booth Held in the Salvation Army Citadel on Sunday Evening---Pastors of All the Churches Take Part Giving Eloquent Appreciation of the Great Army Leader's Message and Achievement---Congregations and Community Numerously Represented at Meeting

In common with every other village, town or city in the fifty-nine countries in which the beneficent work of the Salvation Army is carried on, Prince Rupert on Sunday evening last in a memorial service did homage to its lately departed great leader and originator. After the evening services in the numerous places of worship were concluded a great number of the several congregations wended their way over to the Salvation Army Citadel to offer their last tribute of reverence and respect and show sympathy with the local organization in the great loss which they, and the world in general, had sustained by the passing away of General William Booth.

THE LATE GENERAL BOOTH, whom Rev. F. W. Kerr worthily named "Prophet of the Poor."

Citadel Crowded.

The fine hall of the local branch of the Army was crowded to the very doors, many being unable to obtain admission. Representatives of every denomination in the city were upon the platform, and the singing of the several hymns and the special anthem rendered by the Presbyterian choir under the leadership of Miss Froude was most beautiful and impressive. After

a few opening remarks by Captain Tutte, William Manson, M. P. P., took charge of the meeting and in a few short words touching on the history and standing of the Army at the present time, dwelling on the wonderful and transcendental ability of the late great leader and his wonderful powers of organization, concluding by offering the highest tribute in his power to the great good done to the millions of souls over the entire face of the globe through the work of the Salvation Army.

All the Pastors Join.

After the reading of a portion of the Holy Scripture by the Rev. Mr. Sing of the Methodist Church, the Rev. Mr. Rushbrook of the Church of England offered on behalf of his church a warm tribute of recognition of the power for good and noble work done by the Army, especially as it had come under his personal observation. The Church Army, as present a powerful adjunct and means of help in connection with his church, owed its inception to the lead of General Booth. The immense amount of comfort offered and good done in the numerous seaports around the world by offering a home and place of welcome to the sailor men and boys

MOST SUCCESSFUL EVENT WAS ST. ANDREW'S SOCIETY LABOR DAY PICNIC PARTY

Favored by ideal weather, with the harbor as smooth as the proverbial mill pond, the St. Andrew's Society picnicers set off for Tugwell Island yesterday at about 11:30 a. m. The big scow that had been provided for the occasion was surrounded by a high railing decorated with flags and evergreens, giving it a most festive and gala appearance. The motive power was supplied by the redoubtable little tug Wolverine under the guidance of Captain Robinson of the Rupert Marine Iron Works, with the Margot acting as tender. Tugwell Island was reached about 1 o'clock, when the big feed No. 1 immediately took place.

Over a Hundred Strong.

Altogether over one hundred were in the party, and they were certainly there to have a good time. On the way over the scow, which moved along as smoothly as if one was on terra firma, dancing and other entertaining features were indulged in, with the audience all seated around and the performers in the middle. The athletic programme, which consisted of twenty-five events, most of which were brought off occupied the time fully until it was necessary to make the return journey homeward. Two special prizes were donated by Mayor Newton and Mr. William Manson, M. P. P., also a silver cup for a

five-a-side football competition. The winners of the several events contested were as follows: Boys' race, under 7, first, Lee Gordon; second, Walter Crossley. Girls' race, under 7, first, Jennie Currie; second, Annie Crossley. Boys' race, under 10, first, Rod McRae; second, Ross Gordon. Girls' race, under 10, first, Isa Kelly; second, Annie Kelly. In the married men's race, first Mr. Murray; second, Mr. McLean. Putting the shot, first D. Brown; second Mr. McQueen. Broad jump, first, D. Brown, 8 feet 8 inches; second Mr. McKinnon, 8 feet 7 1/2 inches; third, Mr. Murray, 8 feet 7 inches. Tossing the caber, first, McLean. Running broad jump, first, Mc-

THE RESULTS FROM HAZELTON

(Special to Daily News.)

Hazelton, B. C., Sept. 2.—Keen competition and exciting finishes were the features of the majority of the track and field events of Hazelton's Labor Day meet.

The 100 yards dash was perhaps the thriller of the day when Watts of Prince Rupert and Hetherington of Hazelton ran a dead heat. Both claimed the race and refused to rerun it. The bets were called off. Results:

50 yards—Tibbles (Telkwa), first; Watts (Prince Rupert), second.
100 yards—Watts-Hetherington, dead heat.
220 yards—Hetherington, first; Carss, second.
1 mile—Moore (Hazelton), first; Ives (Rupert), second.
2 miles—Moble (Rupert), first; Moore, second.
Broad jump—Carss, first; Hetherington, second.
Hop, skip and jump—Carss, first; Tibbles, second.

In the afternoon's baseball game Hazelton reversed Sunday's score of 6 to 3 on Telkwa, breaking even on the series. The game was without doubt the finest exhibition of first class ball ever seen in the interior.

OPENING OF SEASON FOR DEER HUNTING HERALDED BY SUCCESSFUL LOCAL GUNS

The opening of the deer shooting season and the fact that it was Labor Day and a general holiday yesterday furnished an opportunity for many a doughty nimrod to test his prowess at the chase. Several parties were made up, some leaving as early as last Saturday afternoon, so as to make assurance doubly sure that they would not return empty handed. One of the most successful of the expeditions was made up of Messrs. R. W. Cameron, Guy Cameron, Frank Reynolds and one or two others, going out in the Alice B., who report having a splendid time, securing three deer and any quantity of grouse and plover. Alderman Bullock-Webster also was there with bells, bringing back trophies of the chase in the form of succulent venison for the aldermanic board.

Culloch, 13 feet 11 1/2 inches; second, Brown, 13 feet 7 inches; third, McKinnon, 13 feet 2 1/2 inches. Married ladies' race, first, Mrs. Dowther; second, Mrs. Taylor. Young ladies' race, first, Miss Sherman; second, Miss Reinbold. Tug-of-war, married vs. single, married men won both heats easily. St. Andrew's marathon, first, McLean; second, Brown; third, Robinson.

Homeward Bound.

The voyage home of the holiday makers was made in good time considering the bulk of the big scow with its crowded passenger list. Games, dancing, singing and high revels were the order of the hour until a landing was made at the Rupert Marine Iron Works at about 10 o'clock. On the way back the tug Caroline, Captain Auckland, took a hand in the towing, aiding considerably.

DOINGS OF TERRACE LATELY

Dr. Traynor is now the proud possessor of a nice little saddle horse. It formerly belonged to Mr. Weeks of Kitsumkalum.

Cole Murchison's crew have been rushing things at the ferry bridge this week. The piling is about completed. The work is also steadily progressing on the other side of the island in connection with the ferry proper.

Mr. William Little had the misfortune to slightly fracture one of his ribs at the mill the other day and is, as a result, having some holidays. It is hoped that he will soon be around again.

Odd Fellows' Meeting.

Every Odd Fellow earnestly requested to attend a meeting tonight, which will be in the form of a social evening.

W. G. BARRIE, Secretary.

A DISPUTE CONCILIATED ON THE C. P. R.

Ottawa, Aug. 31.—The Conciliation Board appointed by the Dominion Government in the dispute between the Canadian Pacific Railway and the station agents and telegraph operators has rendered a decision granting a ten per cent. increase divided between the agents and the operators as services warrant.

A true yarn—that you can now find yarns of all kinds, including Berlin Wools, Scotch Fingering, etc., and yarn for aviation caps, at Wallace's. 21

CHALLENGE FOR ROSES ATHLETES

Port Simpson, B. C., Sept. 2.—To the Rose Athletic Club, Prince Rupert: Indian team challenges you for next Saturday. Other celebrations, foot racing, boat racing, band playing, will be additional attractions. Bring as many as possible. Good time assured. Will see you personally tomorrow at Rupert, then you can tell me how many are coming. Meantime wire me if challenge accepted. A. W. Richard.

An important meeting of the Roses is called for tonight to consider the acceptance of this challenge. It is the desire of the club to accept if possible, but as acceptance means that the members must take Saturday off there is some little doubt on the matter. Tonight's meeting will settle the question, when a wire will be sent to Simpson.

Launch Alice B., W. J. Thomas. Phone Green 391. Govt. Wharf.

CANADIAN SHIPBUILDERS AND TARIFF

Victoria, Aug. 31.—Charges of discrimination against the Canadian ship builders involved in the customs tariff are to be brought before the government in forcible terms by the Board of Trade. Under the present arrangement Canadian ship builders have to pay customs duties on all iron plates, machinery and everything else connected with construction, while a British built ship can enter in free of customs duty. This has been exemplified by an old country firm's securing the contract for two protective cruisers, while Canadian firms were outbid through the arrangements of the customs tariff.

Warm, clean rooms at Savoy.

ANOTHER YOUNG LADY ARRIVES IN RUPERT

Sunday morning welcomed to our city a young lady weighing exactly twelve pounds who now graces the home of A. D. McArthur of the G. T. P. Mrs. McArthur and the new Miss McArthur are both well, and congratulations are coming cordially to the proud father.

The Cetriana, which reached port yesterday noon from the south, left this morning for Naas Harbor.
