Edmonton Paper Sees Increase in Shipments to Vancouver and Prince Rupert

(Edmonton Bulletin)

The order of the Board of Railway Commissioners equalizing freight rates on grain and flour from prairie points so that shipments can be made via Vancouver and Prince Rupert on the same basis as via Fort William, is giving general satisfaction throughout the West. According to authorities who are interested the reduced rates will be of great benefit to the farmers of the prairies. Some leaders of the farmer movement state that it will mean millions of dollars annually to the producers, and that the order is the most far-reaching action yet taken by the board. That it will mean the building up of the Western route is certain, and there is an inclination in some qurters to believe that although the railroads will lose some money for the time being, the stimulus given the agricultural industry by the order will more than make up for this revenue. In other words, while the railways will not get so much money for hauling wheat, they will have more wheat to haul, so that there will be no actual loss of revenue.

WATER NOTICE.

DIVERSION AND USE

TAKE NOTICE that E. Rousseau, whose address is 410 Seymour Street, Vancouver, B.C., will apply for a licence to take and use 1 cubic foot of water out of unnamed stream which flows southerly and drains into Port Stephens Bay, about one mile east of Bluff Point. The water will be diverted from the stream at a point about 600 feet from the mouth and will be used for commercial purposes upon the lands described as Lot 2750, Range 4, Coast District. This notice was posted on the ground on the 26th day of July, 1927. A copy of this notice and an application pursuant thereto and to the "Water Act" will be filed in the office of the Water Recorder at Prince Rupert, B.C. Objections to the application may be filed with the said Water Recorder or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B.C., within thirty days after the first appearance of this notice in a local newspaper. The date of the first publication of this notice is August 20, 1927.

EUGENE ROUSSEAU,
Applicant.

LAND ACT

NOTICE OF INTENTION TO APPLY TO LEASE LAND

In Range 5, Coast Land District, Land Recording District of Prince Rupert, and situate on Lot 102 Humpback Bay, Porcher Island, B.C.

TAKE NOTICE that F. H. Cunningham, Board of Trade Building, of Vancouver, B.C., occupation Salmon Broker, intends to apply for a lease of the following described lands:—

Commencing at a post planted 150 yards south-southeast of northeast corner post of Lot 102, Range 5; thence due south 6 chains; thence south-southeast 19 chains; thence due north 6 chains; thence west-northwest along shore to point of commencement and containing 14 acres, mores or less.

HATS FREE WITH EVERY COAT AT MRS. FRIZZELL'S

Big Exhibition Sale of Whole Stock of Ladies' and Children's Ready-to-Wear Starts Tomorrow at 9 O'clock.

Mrs. Frizzell's Big Exhibition Sale commences tomorrow, Friday morning, at 9 o'clock. Owing to the crowded condition of the advertising columns today, her display advertisement, among others, has had to be held over until tomorrow, when full details will be given.

The ladies of Prince Rupert know Mrs. Frizzell's stock and the class of merchandise she handles. And her whole regular stock has been included in this sale. The new fall goods, too, which have just arrived.

There are the very latest in Autumn Coats, smartly tailored in tweeds, soft fleecy fabrics, checks, mixtures and novelty woollens with fur trimmings. And with every coat sold will be given away free one of the newest hats in the latest model. A hundred pairs of children's stockings will also be given away free. So it will pay to visit Mrs. Frizzell's early while the choice remains good, in order to get your pick of these offerings.

Then there are the new season's styles in Autumn Dresses in really individual models in all the leading fall shades. And hats! There are the newest snug-fitting diagonally tucked hats, ever so smart! The very newest models.

And all the things that the children need for fall wear—sweaters, raincoats, capes, stockings and underwear and so forth—all going at Sale Prices!

Everything a woman needs in the way of lingerie and much more that she would like is in this sale. There is spun silk in the newest colors, crepe in all colors and ten different colors of wool and wonderful fancywork all included at sale prices.

It will pay you to be on hand tomorrow morning. You will remember the bargains offered at the Spring Sale. There are bargains as great and greater now. Sale starts at 9 o'clock on Friday morning. Advt.

WARM AIR. MOIST AIR. FRESH AIR
NATIONAL WARM AIR HEATING & VENTILATING ASSOCIATION
WARM AIR HEAT MEANS HEALTH

CODE INSTALLED

makes Warm Air Heating the most efficient system known to Science!

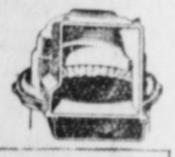
AMONG heating experts warm air is known as the most healthful and economical form of domestic heating. It fosters health—gives winter-long comfort. It costs about one-half that of other systems. Yet, because so many warm air furnaces are unscientifically installed, thousands of householders are not getting the results they should.

How can this condition be remedied?

The answer is "Code Installation". A "Code Installed" Warm Air Heating System is a system installed according to tried and proven scientific principles. There is no guesswork. "Code Installed" warm air guarantees an unfailing abundance of moist, circulating healthful heat—seventy degrees in every room during sub-zero weather.

McClary's are the only Canadian members of the National Warm Air Heating and Ventilating Association—an association which has adopted a scientific code for installing warm air furnaces. By insisting on a McClary's "Code Installed" Sunshine Furnace you are guaranteed a heating system which costs less to buy and less to maintain than more elaborate systems—yet provides 70 degrees of heating in every room.

Ventiblast



McClary's Ventiblast is an exclusive feature of McClary's Sunshine Furnace, which burns soft coal equally as well as hard coal, coke or wood. It mixes preheated air with soft coal gases and converts them into flame—thus eliminating soot, waste and dust.

Fill in and mail attached coupon, and we will send you name and address of the nearest McClary's dealer who will guarantee a "Code Installed" heating system which will give lifetime satisfaction.
