UNCLAIMED MONEY.

Fund May Revert to Custody of Government.

Ottawa, Aug. 30.—Unclaimed balances to the amount of \$676, 147 unpaid dividends of \$3,659, and unpaid drafts or bills of exchange totalling \$19,851 were in Canadian banks at the end of the last fiscal year according to a statement issued today. The unclaimed balances increased by \$8,950 during the year, and the unpaid drafts, etc., by \$10,000.

The Montreal City and District Bank heads the list with \$127,071, the Bank of Montreal is second with \$119,000 of unclaimed money, the Bank of British North America has \$93,000 of such funds, the Bank of Commerce \$18,000, the Bank of Hamilton \$52,000, and the Union Bank \$41,000. The rest of the amounts are scattered among all the banks.

It is just a question as to whether these balances may not be made to revert to the custody of the government. This was strongly suggested two sessions ago in the commons committee on banking and commerce, and quite possibly may be dealt with when the bank act is revised next winter.

At present the banks have the use of the money, and in many cases it is extremely doubtful if a claimant will ever put in an appearance. In other instances the balances are so small that proceedings in the probate courts to claim them would cost more than the amount due. A bulky blue book has to be published every year with the names of the depositors and the compilation entails much work.

MERELY MABEL REMARKS

That, thanks to the Water department and Ole Crosby, there's some chance of getting Third avenue and McBride street graded.

That everybody's doing it. What? Basking in the glorious sunshine.

That all the nice girls seemed to know that the Shearwater was in harbor very speedily yesterday.

That it's all right to go out hunting; but somehow the store bought venison hasn't such a tiring effect.

That the patent telephone connection with the brewery invented in Rupert recently may soon become an accomplished fact.

That it's a funny thing that the farthest back council Rupert ever had wants its juice charges in advance.

That the prospect of digging down for the new show is revealing which boys were hardest hit by the little peaches.

That if a girl knows how to manage a man, she also knows how to keep him from discovering it.

J. HILDITCH WILL BUILD LIGHTHOUSE

J. Hilditch, the managing director of the Northern B. C. Development Co., who has the contract for the erection of the lighthouse and buildings on Holland Rock at the mouth of the harbor, commenced work there yesterday. A gang of men went over, and the tug McCulloch is at the wharf with a big scow of lumber which will probably be taken over to day. An eight roomed house will be put up on the rock, surrounding the base of the tower, for the dwelling of the lighthouse keeper.

IDEAL FOR HARBOR TRIPS IN RUPERT

Sir George and Lady Doughty and party, taking advantage of the perfect summer weather and the courtesy of Dr. Tremayne, who placed the Dominion government launch Evelyn at their disposal, are spending the day cruising around the harbor, visiting the cold storage plant at Seal Cove, the rapids, the marine station and the other points of interest surrounding Prince Rupert.
