"I would certainly recommend that you get a Gurney-Oxford, Mary. Mother had one, and when I furnished my house, I got one. Every maid I ever had has been enthusiastic about the Gurney-Oxford."

"What are its good points ?"

"Well, the best is that it cooks and bakes like a dream. I never tasted such golden brown biscuits or such flakey pastry as my Gurney-Oxford turns out, and roasts, fowls and puddings are always a success."

" Is it easy to operate ?"

"My dear, it's simplicity itself. The Gurney Economizer, which you cannot get on any other range, regulates the fire simply by putting one small lever up or down. You never heard of anything so simple. And by a system of divided flues the oven is always uniformly heated. You know what that means-biscuits, bread, roasts, not one half overdone and the other half underdone, but properly done all through. Yes, my dear, you take my advice as I took mother's, and get a Gurney-Oxford Range."
