THE LABEL IS RED AND WHITE

Its Richness Means Economy

IT is the *double-richness* of Carnation Milk which makes it so economical. So rich that it can be used in place of cream at one-third cream cost. So rich that it can be greatly diluted when used in cooking and for other milk uses. Carnation is the most completely useful milk you can buy.

And it has the additional economy of *keeping*. None is wasted. It keeps several days after opening—indefinitely in the tin.

Carnation is just pure, fresh milk evaporated to double richness, kept safe by sterilization. Order from your grocer several tins or a case of 48 tins.

Send for a free copy of Mary Blake's Cook Book. Address Carnation Milk Products Company, Limited, Aylmer, Ont.

CARNATION CARAMEL CUSTARD—Two cups Carnation Milk diluted with 2 cups hot water, ½ cup sugar, ½ teaspoon salt, 5 eggs, 1 teaspoon vanilla. Caramelize sugar and add to scalded, diluted milk. Let remain in double boiler until sugar dissolves. Add this mixture to slightly beaten eggs; then add salt and vanilla. Pour into buttered custard cups. Bake in 225 degree oven with cups set in deep pan of hot water. This serves eight.

"From Contented Cows" Produced in Canada

TWO SIZES — TALL AND SMALL

Two Things You Don't Think Twice About!

You don't think twice about boarding a train, do you? You have confidence in the engineer—the despatcher—the road bed—that you will get where you want to go. And yet there was a time when people feared the iron monster. Confidence has been built by time and experience. The implicit confidence of Prince Rupert people that Ormes will fill their prescriptions correctly has come from our 20 years of painstaking exactness.

A report from the finance committee recommending the acceptance of an offer of $250 from R. B. Hanlon for tax sale lot 13, block 32, section 5 was adopted by the city council last night.

During the month of October a total of 908 gallons of fuel oil was consumed in the heating system at the City Hall according to the report of the janitor, John Walker Exley, presented to the council last night. This was an average of 29 gallons or a cost of $1.60 per day at 5½c per gallon.

George Little, Terrace lumberman, arrived in the city from the interior on yesterday afternoon's train and returned home this morning. He is looking into the possibility of transshipping here from train to boat timber for the laminated wood mill at New Westminster.

The report of Fire Chief D. H. McDonald for the month of September, read at last night's council meeting, showed that there had been but one call during that period, a loss of $10, uncovered by insurance, having been sustained in a fire at the residence of H. Taylor, Fraser Street. The department's expenses for the month had been $1,220.26 including $1,140 in salaries. Equipment had been duly inspected and found to be in good order.

One of the outstanding features of public interest at the Church Army three-day conference now in progress here is the nightly singing between the hours of 9 and 10 in St. Andrew's Anglican Cathedral of the Kitkatla choir. Selections from Handel's "Messiah" are being specialized in and the choir shows remarkable talent both in technique and harmony. The first recital was last night and it drew a number of local persons as well as visiting natives.

P. Burns Co., Ltd. and the Union Oil Co. are to be informed by the city that it will be impossible to proceed this year with water extensions to their premises near Cow Bay. Deposits covering half the cost of the work will be returned to each concern. Ald. Jos. Greer made enquiry on the matter at last night's council meeting and was informed by Ald. Perry, chairman of the Board of Works, that funds were not available and the work would have to be laid over until next year.

Ald. Larsen suggested at last night's council meeting that a light should be installed at the rear of Booth Memorial School over the walk through the school grounds which is being used extensively by pedestrians as a short cut to and from the east end of town. While admitting that the walk on a dark night was rather dangerous and that something should be done about it, City Solicitor E. F. Jones pointed out that it was school property and the city had no authority to place a light there without first obtaining the board's permission to do so. The matter was referred to the utilities committee for report.

A request from the Northern B.C. Agricultural & Industrial Association that the city convey direct to Olof Hanson lot 7, block 18, section 1, which Mr. Hanson bought from Mrs. M. A. Dupuis of Haysport, who won the property recently in an Exhibition Board raffle, was complied with by the council last night. It was explained that, on receipt of the deed, the Fair Board had transferred it to Mr. Hanson but, when the latter went to register it, doubt was expressed as to whether it was proper for the Board to hold the property in such a manner. Cancellation of the old deed and the issuance of a new one to Mr. Hanson by the board would rectify the situation.

John Gurvich returned to the city on the Catala this morning from a trip to Anyox.

J. A. Bray and Leo Shearer are booked to sail this afternoon on the Catala for Vancouver.

William Burke of Alice Arm was an arrival in the city from the north on the Catala this morning.

Regular meeting of Carpenters' Union, Wednesday, November 2. Special business. All members requested to attend.

J. C. K. Sealy, after having spent a few days in the city on business, returned on this morning's train to Smithers.

W. E. Yard arrived in the city from Anyox on the Catala this morning. He is on his way to the Old Country for a holiday visit.

C.N.R. steamer Prince John, Capt. E. Mabbs, sailed about noon today for Vancouver via Massett and other Queen Charlotte Island points.

Under auspices of B.P.O.E., a dance will be held in Moose Hall on November 1 by crew of "Prince Charles." Six piece orchestra. Real fun. 258

Tom Hick, auditor for the Liquor Control Board, who is in the north on official duties, arrived in the city from Anyox on the Catala this morning.

Municipal accounts for the half of the month ending October 31 and totalling $35,217.41 were passed for payment by the city council last night.

R. G. Mellin, who is prominently identified with Stewart mining affairs, is a passenger on the Catala today bound fro the Portland Canal camp to Vancouver.

Union steamer Catala, Capt. A. E. Dickson, returned to port at 10:45 this morning from Anyox, Stewart and other northern ports of call and will sail at 5 o'clock this afternoon for the south.

Mrs. W. R. Overend and child, who have been visiting in Port Simpson since their arrival From Stikine, returned on the Catala this morning to take up their winter residence in the city with Mr. Overend.

C.P.R. steamer Princess Alice, Capt. Thomas Cliff, making her final call here of the season before being replaced for the winter by the Princess Mary, is due in port tomorrow afternoon southbound from Alaska to Vancouver and Victoria.

An application from Theo Collart to purchase tax sale certificate rights in lots 15 and 16, block 23, section 7, at the upset prices of $75.69 and $69.79 respectively was referred to the finance committee by the city council last night.

During the month of October, the fire department responded to a total of five alarms. The only serious conflagration was that on October 7 when G.T.P. shed No. 1 was burned down with an estimated property loss of $3,000, fully covered by insurance.

The next freighter to load grain from the Alberta Wheat Pool's Prince Rupert elevator will be the British motorship King James which is due about November 10 and will load for the United Kingdom or continent. The King James was one of the vessels which loaded wheat here last winter.

The Elks and Knights of Columbus will be joint hosts at a farewell banquet tonight in the Commodore Cafe in honor of Dr. F. P. Kenny who is leaving tomorrow afternoon by the Princess Alice, accompanied by Mrs. Kenny and son, for California where he intends to take up the practice of his dental profession.

Ald. Perry inquired at last night's council meeting as to why the purchase had not been proceeded with of an engine for a rowboat on Shawatlan's Lake which had been authorized by the council at a former meeting. City Solicitor Jones replied that the delay had been due to the fact that the city treasurer was negotiating for a better price on the engine than had been originally submitted.

The city council last night was in receipt of a report from the city engineer estimating the cost of strengthening the plant roadway on Sixth Ave. from Immanuel Street to Seal Cove Circle by installing 12 by 2 stringers on each side of the road at $600. Ald. Perry, chairman of the Board of Works, thought the estimate was excessive and that $400 would cover the cost. The report was adopted.

The local improvement bylaw providing for the construction of a concrete sidewalk on the east side of Sixth Street between Second and Third Avenues was finally reconsidered and adopted last night by the city council. Ald. W. J. Greer stated that, owing to the lateness of the season, it might be inadvisable to proceed with the work before next spring. The city solicitor stated, in such case, the bylaw could be passed and the funding of it deferred.

The city council decided last night to defer action for two weeks on the amendments to the Traffic Bylaw, the gist of which have already been published. In the meantime, each of the aldermen have been furnished with copies of the new bylaw, which is a lengthy document, for their leisurely consideration. The amendments have been presented by a special committee of the council consisting of Ald. Jos. Greer, Ald. W. J. Greer and Ald. W. M. Brown.

BOVRIL means BEEF

THE great races of the world, great in energy, vigour and achievement are all consumers of Beef.

In concentrated form BOVRIL contains all the nourishment of prime beef, and *science has proved* that Bovril increases your vitality, greatly improves and stimulates your circulation, and gives you that extra vigour and energy that add to the joy of life.
