Unique library at World Fair

SEATTLE (CP) — The elaborate library at the World's Fair is proving one of the most popular attractions.

Univac machines tell the visitors individually what books they should be reading, give them wise words from famous men and tell them about the countries of the world.

Visitors are fascinated by seeing their names come out of the large grey machine with a personal answer to personal questions.

The booths that teach French, science, fine arts, speed reading and basic education through small films, oral aids and machines are also proving popular.

The children's library reports successful reactions.

"Mothers bring their children and let them read, watch the children's movies and listen to the storytelling," says Beverly Bancroft, a librarian from Beverton, Ore. "They have a wonderful time."

WELCOMING COMMITTEE of the Red Cross Blood Donor Clinic at the Civic Centre yesterday afternoon were the two hard-working co-chairmen of the publicity committee, Mrs. Nellie Barton (left) and Mrs. R. M. D. Waddell, who was aided by two-year-old Frank and four-month-old Bill. Mrs. Barton had first-hand knowledge of the advantages of the Red Cross blood bank as she was given many transfusions after undergoing surgery in Vancouver in February. She attributes her life and good health today to those transfusions. — Staff photo by Phyllis Bowman.
