A total of $500 damage was done to a 1957 model car which went out of control on the Fairview road at 9 a.m. Saturday and flipped over into a ditch.

The driver, Dennis Lloyd Silver Oddson of Osland, was unhurt. Norman Brooks, a passenger in the car, was taken to the Prince Rupert General Hospital with head injuries but his condition was described as "not serious."

RCMP said that no charges were contemplated. They said the driver attributed the accident to a flat tire.

Franklin John Stewart of 151 Ninth Avenue West, and Clarence Harvey Doane of No. 5 Rainbow Rooms were both fined $50 and costs for operating vehicles while their driver's licences were suspended. Stewart has had three similar conviction over the past year. Both men appeared before Magistrate E. T. Applewhaite in police court last week.

Frequent cancer tests necessary

CHICAGO (AP) — A mass test of Ohio women for cancer of the womb yielded a finding and a warning today.

The finding: One of every seven women so examined fell into a high-risk class.

The warning: Such women should have more frequent checkups, preferably twice a year.

The study resulted from a long-term program, launched in 1947, to improve the cure rate for cervical cancer in Lucas County, Toledo, Ohio.

During the years 79,763 women were examined — more than two-thirds of all the women over 30.

Of the total, 36,549 were examined at least twice.

A report on the tests was made at the annual meeting of the American Society of Clinical Pathologists.

The study noted that there is a high rate of salvage of uterine cancer patients when the disease is detected early and treated promptly.

San Antonio, Tex. — Jose Gabino, 135½, Reynosa, Mexico, stopped Art Hayward, 139, San Antonio, (7).
