TORNADO SWEEPS OVER STATE OF NEW YORK

SIXTY PERSONS SEVERELY INJURED IN RIOT DURING LEAGUE FOOTBALL GAME AT BELFAST

THREE KILLED, FIFTY INJURED; PROPERTY LOSS \$250,000

(Special to Daily News.)
Syracuse, N. Y., Sept. 16.—Three persons were killed and fifty injured by a tornado which left a ten mile trail of disaster across the northern part of Onondago County yesterday. The property loss is estimated at \$250,000. A funnel shaped cloud first appeared near Long Branch pleasure resort, ten miles from here. About four hundred persons were there and a panic followed as building after building was toppled over and two inter-urban trolley cars were hurled into a ditch.

POOR OF EUROPE ARE TO SUFFER HUNGER

Paris, Sept. 14.—Hunger and suffering stare the poor in the face during the coming winter here, the frigid summer, wet and sombre, having ruined the crops, from bread to wine. The news has been published broadcast. The price of bread, now the highest on record, will go higher, wine will be scarce for poor and rich; potatoes ditto. Never has Europe seen such a summer.

TWO POPULAR CITIZENS LEAVE PRINCE RUPERT

It was with feelings of sincere regret that a party of about thirty friends assembled at the G. T. P. wharf last evening to say farewell to Mrs. and Mrs. Norman Mackintosh, who left by the Princess Mary to take up their residence in Vancouver. Mr. Mackintosh has been a resident of Prince Rupert for the past two years, during which time he has been exclusively engaged in newspaper work, starting in as reporter on the Optimist and continuing in the same capacity when that paper became The News. A few months ago he was advanced to the editorial chair, a position which he has filled with marked ability. As a citizen of Prince Rupert and as editor of this paper, Mr. Mackintosh took a keen interest in the city's welfare and advancement. His departure is an undoubted loss for Prince Rupert, nevertheless a host of citizens unite in wishing him success in his new home. Although deciding to cast his lot elsewhere, Mr. Mackintosh will always have a warm spot in his heart for Prince Rupert, for it was here that he joined the happy ranks of the benedictines. Mrs. Mackintosh was not long in endeavoring herself to a host of friends, by whom she will be greatly missed. As a member of

the Church of England choir and in local entertainments her talent as a singer will also be missed. The News joins with their many friends in wishing them prosperity in their new home.

A WALK OVER FOR VANCOUVER

Winnipeg Badly Beaten in First Game of the Mann Cup Contest.
Vancouver, Sept. 14.—In the first match for the amateur lacrosse championship of Canada and the cup given by Sir Donald Mann the C. N. R. team from Winnipeg was badly beaten by the home team, who are the present holders of the trophy. The score stood: Vancouver 28 goals, Winnipeg 5 goals. The challengers made an extremely poor showing, although at times the playing was decidedly interesting. It was evident at the start, however, that they were not in the same class with Vancouver. Both teams played a clean game and only two penalties were handed out, one to each. The second game of the series between the same teams will be played on Thursday next, the total goals for the two games deciding the winner. In the city championship series Westminster defeated Vancouver by a score of 9 to 4.

PRINCE RUPERT ROWING CLUB HAVE PROMISING FOURS

The members of the Prince Rupert Rowing Club have been taking advantage of the glorious weather of the last few days, with the harbor like a sheet of glass, and have been out for a spin with their clinker built coxless boat. The boat, which in rowing parlance is known as a clinker built coxless four, is one of the finest of its kind and was built by Messrs. Pocock & Co. of Vancouver.

four that will be able to give a good account of themselves in competition with the older clubs of the lower coast cities.

Mr. and Mrs. G. R. Naden left this morning on a short vacation to the lower coast cities. Miss Green was a passenger this morning on the Prince Rupert, going south for a short vacation.

CHAMBERLAIN'S HEALTH GOOD; WENT WALKING

INTENSE EXCITEMENT IN JAPAN

(Special to Daily News.)
Tokio, Sept. 16.—The city has been kept in a state of excitement since the suicide of General Nogi and his wife, Countess Nogi, by rumors that other persons had ended their lives in testimony of their devotion to the departed Emperor Meiji. All such reports, however, proved to be baseless.

General Nogi, before taking his own life, prepared three statements, which he sealed. These will probably be made public tomorrow.

Before plunging his sword into his throat, General Nogi drew a knife across his abdomen, causing the skin to break. This was done in accordance with the ancient customs of the Japanese, which General Nogi was most careful to observe in preparing for death.

FINED FOR RESISTING ARREST

In the police court this morning before his worship Magistrate Carss, W. McGowan, a sailor off the Prince John, was fined \$10 and \$2 costs for being drunk on Saturday evening and resisting arrest. The defendant gave a good deal of trouble, two police constables being required to escort him to the station.

H. G. Helgerson, the well known young real estate man of this city, left on the Prince Rupert this morning for a trip to the south, and will probably be away about six weeks, visiting New York and several of the eastern cities before returning.

Lemieux, who with their friends from Montreal and elsewhere, held a demonstration at St. Clet, in the County of Soulanges. Reciprocity was in the air, while the keynote of the speeches was "Down with the trusts, and larger markets."

GOOD EXAMPLE FOR CANADIAN GOVERNMENT TO FOLLOW

The United States government has in operation in the Treasury department at Washington a laundry machine for the washing and laundering of dirty bank bills. The machine will wash paper money on a large scale and at so low a cost that it is estimated the government will ultimately save as much as a million dollars a year through the economical process. Banks, too, will be enabled to effect big savings. The essential feature of the machine consists of tiers of copper rollers set in an oblong frame work, weighing about eight hundred pounds, which may be raised or lowered in three seconds, and when in position for washing operation fits snugly into a hundred gallon tank filled almost to overflowing with a solution in which is dissolved a special soap, the formula of which was discovered by government officials. Passing back and forth over the rollers is what appears to the ordinary observer to be a web of cotton duck, but is in reality two of these endless bands, fitting snugly one on top of the other. Between these two duck belts, each sixty feet in length, travel the bills to be cleansed, and the washing or scrubbing is accomplished by the passage over the successive rollers, all of which are so shaped as to impart a peculiar rubbing motion to the soiled currency.

through the clear water of a sixty gallon rinsing tank; then a jet of air whisks it to another endless band of duck which leads over gas heated drums that dry the paper, and in an interval of less than two and a half minutes the rejuvenated bank note is automatically delivered to a tray. A supplementary machine irons the laundered bills by passing them on duck aprons over heated drums and then subjecting each bill in turn to the pressure of compressed paper drums. Each machine requires but two operatives—a girl to feed the bills and another to keep watch that the crisped money is ejected properly at the completion of the operation.

FLAG WAVING STARTS RIOT SIXTY PERSONS INJURED AT AN IRISH FOOTBALL GAME

(Special to Daily News.)
Belfast, Sept. 14.—A fierce fight was waged in the Celtic football grounds today in which sixty persons were severely injured, two of them being in a critical condition. Five of the injured are suffering from shot wounds.

The fight took place at half time in the game in the league

series between Belfast Celtic team and a team representing Linfield. The latter was leading by a score of 1 to 0. Some of the Celtic supporters unfurled a green and white flag and started to parade. Linfield partisans at once displayed the Union Jack and immediately stones and bricks were hurled at them. The police were powerless in resisting the op-

posing mobs, several thousands strong, which surged toward the players' field where a regular battle was fought in full view of the grand stand. The report of a revolver shot caused a lull and many left the grounds, but stone throwing was soon resumed, both inside and outside the grounds. More revolver shots were fired, but police reinforcements soon arrived and separated the mob.

FATHER MURDERS HIS OWN DAUGHTER THEN TAKES LIFE OF HER HUSBAND

(Special to Daily News.)
Golfax, Wash., Sept. 15.—Wesley Brownell, aged 25, and his 17-year-old wife Winnie, residents of Culesae, Idaho, were shot and instantly killed today by A. Neeves, the father of Mrs.

Brownell. Neeves was charged by his daughter with having maltreated her in Idaho and in aiding others to do so. The shooting took place at Charles Long's ranch, near Golfax, where Neeves and his wife had come, bringing

with them the Brownell children. Brownell and his wife had walked a hundred miles in search of Neeves. They had been without food for more than a day and had hidden out in a barn at the Long ranch waiting for Neeves to appear.

SUCCESSFUL HUNTING TRIP SATURDAY

C. V. Eviitt, of the Mack Realty Co., and Alex. Stowell, of the Bank of Montreal, had a most successful little hunting trip on Saturday afternoon, only being away a few hours when they were fortunate enough to bag a very fine deer, which, it is understood, is to be credited to the prowess and unerring aim of the former. Alex. Stowell remaining in camp attending to the more prosaic duties of seeing that the boat did not get away. But, of course, according to the etiquette of the followers of the chase, he shares in the glory of the expedition.
