The Great Outdoors

By TOM MASICH

Local Nimrods to your stations. If you're looking for good fishing, do it now. Streams, sloughs, and rivers throughout the district are producing some of the finest fishing you can find.

Before the salmon start flooding the waters, fishing by the fly is at its best in **Shames** and **Salvis** sloughs.

The 'stickleback', 'silver doctor', 'white and dark muddlers', and many other favorites in your fly box are the flies nailing some of the finest catches in the district.

Not being too lucky myself lately, I have still been treated to some delicious feeds of cutthroat left to me by a local fly-tyer.

✣ ✣ ✣

Taking a peek at a 'Log Book', kept for many years by a local angler, I see that Steelheading should begin in earnest at **Lakelse River** just about now.

The log book also states that steelheading gets progressively better until it hits its peak in the first and second week of May in that river. Further to this, I can add that I know of seven large silver steelhead taken out of Lakelse last Victoria Day weekend. Fresh roe, and clusters along with "Dams", "Crocodiles", and "Koplex" lures were the deciding factors.

✣ ✣ ✣

Which reminds me that sportsman DENNIS KING has come up with a first prize in the National Hunting and Fishing publication with his 26-pound, three ounce steelhead taken last spring in Lakelse. This should offer some incentive to others to go out and beat that this season. At any rate Dennis hats are off for a top performance.

✣ ✣ ✣

Suprisingly enough the Copper River is still producing some magnificent Steelhead. The past two weeks have produced some real good catches. One local angler took a 19-pounder out of there last week, along with several smaller ones.

✣ ✣ ✣

Talks of a possible organization of a 'Fly-Casters' Club are in the wind. If this goes over, it will carry membership stipulations that should get husbands out of the house every weekend. Details will be announced after further organization, and believe me, only the most ardent and diligent anglers will be getting memberships.

✣ ✣ ✣

Gun bugs counting on a new hard-hitting power-packed rifle this year should do a little following up on the new Marlin .44 lever action. This model should hit the shelves by hunting season, and will be priced near the Winchester 94. Field tests so far show it to be a top performer in bush. Ideal for tree chopping in this area.

Big gun sales these days in .22 calibers, and .22 hornets. Reason. Seals of course. Five to $15 hides and noses are enough to stimulate this interest.

✣ ✣ ✣

Might even try it myself when I find out the difference between skin divers and seals.

TOPS IN "D" EVENT

Winners of "D" Event in Sunday's Women's Bonspiel is the Ruth Booth rink of Kitimat. Standing left to right are Skip Booth and third Irene Thompson. Seated left to right are second Daphne Grogan and lead Dorothy Robertson. (Harrington Photo)

Oil Kings smash Smokies in Memorial Cup semis

EDMONTON (CP) — Edmonton Oil Kings tramped Trail Smoke Eaters 14-1 Monday night to advance to the Western Memorial Cup semi-finals.

The victory, before 1,896 fans, gave Oil Kings a 3-0 sweep of their best-of-five quarter-final series with Trail. Then now play the Saskatchewan Junior Hockey League champions. Estevan Bruins lead Melville Millionaires 3-0 in the best-of-seven SJHL championship series.

Roger Bourbonnais and Glen Sather paced Edmonton to their win with three goals each. Harold Fleming and Reg Taschuk had two apiece and singles were tallied by Vince Downey, Bob Falkenburg, Jim Eagle and Greg Pilling.

Colin Patterson scored the Trail goal.

Smoke Eaters got the game's first goal and then were smothered by the strong Edmonton offence. Oil Kings scored five times in the first period, six times in the second and added three goals in the final. Smoke Eaters used two goaltenders in an effort to stop the Edmonton attack. Jerry Zanussi played the first period and made 20 saves. Bob Orlando went in for the last 40 minutes and turned back 25 shots. Russ Kirk in the Edmonton nets handled only 11 shots.

Announce New Healing Substance: Shrinks Piles

Exclusive healing substance proven to shrink hemorrhoids and repair damaged tissue.

A renowned research institute has found a unique healing substance with the ability to shrink hemorrhoids painlessly. It relieves itching and discomfort in minutes and speeds up healing of the injured, inflamed tissue.

In case after case, while gently relieving pain, actual reduction (shrinkage) took place.

Most important of all—results were so thorough that this improvement was maintained over a period of many months.

This was accomplished with a new healing substance (Bio-Dyne) which quickly helps heal injured cells and stimulates growth of new tissue.

Now Bio-Dyne is offered in ointment and suppository form called Preparation H. Ask for it at all drug stores—money back guarantee.

DEPARTMENT OF HIGHWAYS
ROAD RESTRICTIONS

Pursuant to Section 27 of the "Highway Act" (1960 statutes), load restrictions in the Prince Rupert Electoral District are hereby rescinded, effective: —
