Outlook is for Prolonged Strike, says Bulletin Issued by Men in Vancouver

Captain Nicholson charges that American Union Influence is Delaying Settlement; Union Boats are all tied up

C.P.R. and G.T.P. Vessels Nearly All Being Operated

Men Agreed to Sail on Chelohsin and then when Freight was assemblee, Refused; Mary Sails Tonight for Rupert

VANCOUVER, May 8.—The strike bulletin issued by the striking seamen here says that the outlook is for a long strike. The companies refuse a conciliation board and the result is there is a complete deadlock

The breach is widened by the fact that the men agreed to sail on the Chelohsin and then when the freight was piled up they refused to go.

Captain Nicholson, general manager of the G. T. P. coast service, charges that American union influence is prolonging the strike and delaying settlement.

The Union Steamship Company's boats are all tied up. The Grand Trunk Pacific boats are all operating except the Prince Albert which is still in port. C. P. R. boats with the exception of the Princess Beatrice and Princess Ena and two barges and those on Vancouver Island, are running. The Princess Alice arrived from Victoria and the Mary from Skagway.

The C. P. R. announces that the Princess Mary will sail tonight for Prince Rupert and Skagway with a call at Swanson Bay. She will take food supplies to these places.

None to Suffer for Food.

No up coast points will suffer through want of necessities. A strike committee told Fair Wage Officer D. T. Bulger they would in an emergency man any steamer and would operate her without remuneration.

Hamar Greenwood Elected at Sunderlrnd; 22,813 Votes

SUNDERLAND, May 8.—Sir Hamar Greenwood, chief secretary for Ireland, was re-elected to parliament yesterday in the by-election necessitated by his recent appointment to the Irish secretaryship. Sir Hamar received 22,813 votes as against 14,379 for V. H. Rutherford, the labor candidate, and 5,065 for W. Fowe, Independent Liberal.

At the general election in 1918 Sir Hamar as a Coalition Liberal, was returned by about 2,000 plurality over R. N. Hudson, the Unionist candidate. The labor candidate in that election polled 9,578 votes.

Prime Minister Borden Visits New York on His Journey Homeward Bound

NEW YORK, May 8.—Sir Robert Borden, Prime Minister of Canada, and Lady Borden arrived in New York this afternoon from the south where they have spent several months for the benefit of their health.

Sir Robert stated that his protracted sojourn in the southern states had done much to restore his normal health, but declined to make any public statement on affairs of state or anything concerning his future.

His visit to New York is merely in the nature of a break on his return journey to Canada.

DELAY OVER FISH WHARF

Matter to be Again Brought to the Attention of Col. Peck.

The question of the building of a fish wharf at this point was discussed by the Board of Trade last night, and it was decided to take the matter up with Colonel Peck to find out just what the Government is likely to do in connection with it.

M. P. McCaffery said he understood the wharf was not likely to be built. If the Dominion Government was not going to do the work, they would have to take it up with the Provincial Government.

Hon. T. D. Pattullo said that when he was in Ottawa the deputy minister seemed favorable to it. The Provincial Government was offering to give the waterfront property worth something like a quarter of a million dollars and he thought the Dominion should do the work. In view of the other expenditures here it would be difficult to get the money for a wharf, but if the other government fell down he would do his best. Already the Provincial Government had authorized large expenditures.

Wire the Colonel.

On the motion of Mr. McCaffery it was decided to wire Colonel Peck to find out whether an appropriation was being made for the work.

The motion was seconded by G. W. Nickerson who said the Dominion Government had been spending large sums on other harbors but spent nothing here. It was about time they were doing something. It was not the work of the Provincial Government to build docks.

FOUR HUNDRED IN FINES--STRONG BEER

All Pleaded Guilty to Charge of Liquor in Possession.

In the police court this morning Robertson & McMillan, Savoy Bar, Elsie Peterson, Svea Pool Room, Thomas Black and Chas. Houston, Windsor Hotel, and D. Zarelli, Royal Bar, pleaded guilty to the charge of having beer in possession over the legal 2½% and were fined $50.50 each.

Olier Besner answered a similar charge but a second offence and, also pleading guilty, was fined $200.50. L. W. Patmore appeared for the accused in all five cases.

MRS. MORKILL LEAVES FOR SOUTH NEXT WEEK

Tomorrow night at the Westholme Theatre will be Mrs. Dalby Morkill's last appearance in this city for some time, as she leaves for the south next week. She has been a great help in the Sunday concerts and other entertainments since coming to town some weeks ago, and some of her work will also be seen at the Vaudeville on Tuesday.

Doubtless there will be a good attendance tomorrow.

A party of geodetic surveyors is encamped in tents on the G. T. P. right-of-way near the general offices. They will remain here for a few days surveying the waters at the mouth of the Skeena River. They are employed by the Dominion Government.

Board Decides to Execute Its Plans

Colonel McMordie will be called to close Arrangements for Erection of School at Meeting Tonight

On motion of L. W. Patmore, seconded by Fred. Shaw, it was decided at last night's meeting of the School Board to have a consultation with Colonel S. P. McMordie at 8:30 tonight to go into the arrangements for the erection of the new school with a view to having the work commenced at once by Colonel McMordie.

This motion was carried after a motion made by J. C. McLennan for reconsideration of the whole matter had failed to receive a seconder and was, therefore, lost. Dr. W. T. Kergin was in the chair and Mrs. E. C. Kirkpatrick was absent.

In opening the meeting Dr. Kergin explained that the matter of the erection of the new school was making no progress and that it could not be let drag since contractors could not hold their tenders with the prices constantly rising. Since the last meeting a letter had also been received from Hon. J. D. McLean, minister of education, inquiring as to what progress in the matter was being made in order that provisions by the government might be arranged.

Mr. Patmore stated that he had interviewed Hon. T. D. Pattullo and explained the whole situation to him. Mr. Pattullo had told him that the government was in readiness to give $60,000 towards the building but that this offer would not stand indefinitely. The minister of education had been communicated with to ascertain if this grant would be forthcoming immediately.

Tenders Accepted.

Secretary Vance explained that no progress had been made outside of informing the successful tenderers that their bids had been accepten. This information came as a surprise to Trustees Kergin and Patmore but they endorsed the action of the secretary. The deposits of the unsuccessful tenderers had been returned to them.

L. W. Patmore dealt with the raising of the money and, while stating that this was the duty of the Finance Committee of the City Cohncil, still there were several alternate plans for the raising of the money. If the money was not raised in the bond markets of the east then it could be raised by the local sale of bonds or short term treasury certificates at a fair

KETCHIKAN GO CALLED DRAW

Neff, However, Had Five Rounds of Six All His Way.

KETCHIKAN, May 8.—In the six-round bout between Chet Neff and Carl Reuder, of the U. S. Navy, last night here, the referee gave the decision as a draw. According to the spectators Neff had the best of five rounds but there were no judges.

Len Halliday fought a local boy in a four-round no-decision bout.

The Prince Rupert party including Ben Self, Neff, Halliday and a number of fans, are leaving here at 5 o'clock in the morning. On their arrival here yesterday morning at 11 o'clock there was six inches of snow on the ground.

OFFICERS WANT PLACE TO LIVE

Two Double Houses to be Built by Government at Marine Station.

At the meeting of the Board of Trade last night it was reported by the president that a communication had been sent to Colonel Peck in regard to providing housing accommodation for the men on the lighthouse tender Newington. Temporary quarters had been found for them at the hospital doctor's residence, but four of the officers were married men and were anxious to bring their wives and families here.

Colonel Peck replied that the sum of $17,000 had been placed in the estimates with which to build two double houses on Digby Island.

The matter was left with President Parker to take up further with the member.
