## GYMNASIUM AT ANYOX READY

**Contract Almost Completed by Prince Rupert Firm and Will Open October 8**

The contract of two Prince Rupert men, Alderman W. J. Greer and Archie Beattie, for the erection of a new gymnasium for the Community Club at Anyox is almost completed and the building is to be handed over to the club for the formal opening on October 8. According to E. H. Mortimer, who returned from there this week, the people there are much pleased with the speed shown in carrying out the work and the excellent manner in which it has been done.

The gymnasium is 84 feet long and 64 feet wide and 120,000 feet of lumber was used in its construction. The floor of the hall is 80 feet by 50 feet and in addition there are locker rooms and showers in the basement and a large dining room to seat 220 with a kitchen adjoining.

The gym will be used for winter sports and particularly basketball. A number of former Prince Rupert players are looking for inter-town games and hope to see a strong team from Prince Rupert invade their town and make a tussle for basketball honors.

## Giants In Idleness Make Gain Over St. Louis Through Defeat That Team Brooklyn Yesterday

NEW YORK, September 7.—The Giants are only half a game behind the Cardinals as a result of Dazzy Vance's brilliant victory over St. Louis in Brooklyn yesterday when he held the leaders to five hits, fanned seven to hit the 200 mark for the season and walked away with his 22nd victory.

The Giants in idleness heard of the downfall of their foes with jubilation.

While Chicago is invading New York today the Cardinals will be in Boston where they hope to fatten up on three games from the Braves which may place them back in their position of advantage.

The Yankees face Detroit today while Philadelphia will be at Chicago.

There were no American League games played yesterday.

## SCORELESS DRAW ENGLISH SOCCER

LONDON, Sept. 27.—Derby County and Arsenal played a scoreless draw in the first division of the English Soccer League yesterday.

## OFFICERS FOR GOOD ROADS AT REGINA MEETING

REGINA, Sept. 27.—Federal aid for highways, building cement bridges and roads, elimination of level crossings, financial responsibility of urban municipalities in road development, gasoline taxation, winter roads, all had a place on the agenda at yesterday's session of the good roads convention here.

Hon. G. L. McPherson, minister of public works for Alberta was elected president; Hon. D. A. Stewart, minister of public works of New Brunswick, vice-president, and Hon. N. S. Lougheed of British Columbia second vice-president, while Deputy Minister Phillips of B.C. was elected to the board of directors.

This arternoon's train, due from the East at 3.30, was reported this morning to be on time.

## SPORT CHAT

Organization for the various winter sports in the city is proceeding with despatch this year and, from the present appearance of things, the end of September should see practically all the annual meetings held with a number of competitions getting under way early in October. The Cribbage League is all set and will start activities on October 8th. I.O.D.E. and Prince Rupert Badminton Clubs have both held their annual meetings and play will start soon. The annual meeting of the Fraternal Whist League will be held at an early date. The executive of the Prince Rupert Basketball Association is planning to call the annual meeting tomorrow night.

That basketball may go by the board this winter because of lack of interest in it, just as baseball did during the past summer, is feared by some, but it is to be hoped that such prognostications may prove groundless. Many good players are understood to be available and it would be regrettable if indifference on the part of the public should cause this popular winter sport to lapse. The Association, however, might be well advised to seek some other venue for the games than the Exhibition Hall, the climb to which in the winter is anything but pleasant. Basketball would doubtless, draw much more general patronage if some other place could be found for the playing of games. Of course, to do so might prove a difficult matter.

George W. Johnstone, it is understood, is desirous of relinquishing the Basketball Association presidency. He feels that he has served long enough in various ways and would like to see someone else take a hand now. Since he started to play the game in 1909, Mr. Johnstone has been prominently identified with basketball affairs in Prince Rupert. The success that has been attained by the game has been largely due to the energy and stick-to-itiveness of such persons as Geo. Johnstone and a few others. There is no doubt he deserves a rest now so he may take a little enjoyment out of the game with, perhaps, a little less responsibility. As he feels, it is high time some one else offered to help out. It is to be hoped that there will be a large and willing crowd at the annual meeting.

**POWER EXPLOSION**

MADRID, Sept. 27.—At least 40 persons are believed to have been killed and 200 injured in an explosion in a powder magazine at Fort Cabereza on the outskirts of Mellila in Spanish Morocco.

## Around The World With Sport Fans

(By The Tramp)

English Rugby has invaded Eastern Canada but with little success. A game at Toronto recently was played in the evening by electric light but the fans knew so little of the game that they were unable to appreciate it.

There is still a great deal of talk about Georges Michel being being the greatest modern swimmer but the German Viergotter, winner of the 1927 Wrigley marathon has a good claim to the title.

Fifty thousand dollars was paid by Chicago National League club for "Socks" Siebold recently.

Cool, Calculating Pyle is in no hurry to organize another pro tennis circus, and still regards with poignant regret his recent bunion derby. Nevertheless New York is to be favored with an exhibition between Vincent Richards, who was a member of Pyle's tennis entourage, and Karel Kozeluh of Czechoslovakia. They play next Sunday, and by way of the "smoke-up" it is announced that the match will be for $1,500 a side, and the world pro title. Bill Tilden's application for reinstatement was nuceremoniously tabled by the U.S.L.T.A. How'd it be for Bill to challenge the winner?
