9 FRIDAY NIGHT

Marks the end forever of the Daily News' big Subscription Campaign

IMPORTANT NOTICE

All subscriptions deposited in the sealed ballot box—now located in the lobby of The Royal Bank of Canada, corner Third Avenue and 5th Street, Prince Rupert, must be accompanied by cash, money order or certified check for the full amount to cover. PERSONAL OR BUSINESS CHECKS WILL POSITIVELY NOT BE ACCEPTED. This rule is made in fairness to all candidates and will be STRICTLY adhered to.

No Party Friday Night

It should be thoroughly understood by all that The Prince Rupert Daily News is giving no party Friday night. When the campaign is officially declared ended promptly at 9 o'clock Friday night, September 14, all but those in authority— the judges, the publishers and the campaign anagement—will depart.

The judges will be able to finish the final count much quicker and easier if they are not bothered with a crowd around. So absolutely no one, excepting the judges, the publishers and the campaign management, will be permitted to be present at the final count.

NOTICE TO READERS

THIS WEEK (UNTIL FRIDAY NIGHT) IS YOUR LAST OPPORTUNITY TO HELP YOUR FAVORITE CANDIDATE.

YOUR SUBSCRIPTION MAY BE THE VERY ONE THAT'S NEEDED TO WIN THE CAR OF THEIR CHOICE.

The last published vote count will appear in tomorrow's paper, and will include every subscription, every coupon and every vote which was cast for publication up to the end of the third period on Friday, September 7.

Checks will be Mailed

Those candidates winning one of the cash prizes and those entitled to commission checks under the rules of the campaign, will have their checks MAILED to them as soon as possible after the winding up of the campaign. It will, naturally, be quite a job to figure all of the commissions accurately, but this work will be rushed and the checks will be mailed to the various candidates just as soon as it is humanly possible to complete the job of figuring the commissions. All commission and cash prize checks should be in the mail not later than next Wednesday, and we will do our best to get them out even sooner.

In depositing your coupons and subscriptions in the sealed ballot box be sure that the coupons are kept entirely separated from the money and subscriptions. This will make it easier for the judges to finish the final count quickly.

Before depositing any money in the sealed ballot box be sure to get a slip from the Campaign Manager to put in with your deposit to show the judges how much money you have deposited in the sealed ballot box. These slips will be furnished each candidate who calls at campaign headquarters.

Campaign headquarters will remain open until 8 o'clock tonight (Wednesday, September 12), for the purpose of checking the vote, point and cash totals with the separate candidates.

Even though you feel sure your vote records are O.K., you should call at campaign headquarters and verify your cash total with the records the campaign department has for you. These figures will be the basis for paying commissions.

If there are any errors now is the time to correct them—not later. As announced previously in these columns NO CORRECTIONS will be made after 8 p.m. Wednesday, September 12.

Any candidate who does not call at campaign headquarters and verify his or her vote, point and cash totals will be considered as having given notice to the judges, The Daily News, and the campaign management that they accept, as absolutely correct, the records of their accounts as The Daily News campaign department has them.

HELP YOUR FAVORITE NOW

CAMPAIGN NOTES

All Free Voting Coupons bearing expiration date of September 14, should be deposited in the ballot box. Coupons bearing other dates are now without value and any such found in the box will be discarded.

At 9 o'clock sharp next Friday night the campaign will be closed. There will be no display or "party" in connection with the wind-up of the campaign. Under supervision of the judges, the sealed ballot box will be opened after the campaign has been declared closed. Votes for the final period will be carefully counted and added to those already earned, making the count complete for the campaign and determining the winners. If possible a bulletin will be posted early Saturday morning in the windows of The Daily News office announcing the winners. In any event a bulletin will be posted upon the completion of the count and the awarding of the prizes. An effort will be made to print the official returns in Saturday's Daily News

Official receipt books will be available to candidates Thursday and Friday at The Daily News office. Candidates will use official subscription stubs as they always have, in writing up subscriptions. They should see that the names and addresses are plainly written and above all, should make quite sure that their stubs are signed. Under no circumstances should free voting coupons and subscription stubs be included in the same envelope.

The slot in the top of the ballot box is not very wide and so will not take a big bundle of coupons. Coupons should be tied in packages sufficiently small enough to permit their passing through the slot. This warning is given because to disregard it simply means the depositor will have to divide the bundle into smaller packages before depositing them in the sealed box if the coupons are to be voted. The last of the free voting coupons will appear in Thursday's News and will be valued at one vote each.

The 2 candidates who win the 2 big prize cars will be notified shortly after the final count is completed. At the same time they will be notified as to when and where they are to get their prize car.

To Readers

Did you ever stop to think that YOUR subscription might be the deciding factor towards your favorite candidate winning a big prize or one of lesser value? By paying your favorite candidate a subscription before 9 o'clock Friday night, you may enable them to get just the number of votes they need to win a big car—without costing you one cent more for your paper than you pay anyway. You may pay any amount from 1 year to 6 years—but you must act quickly or it will be too late.

CAMPAIGN NOTES

It is NOW or NEVER, candidates. Remember you cannot have too many votes and that it is far better to win by a million majority than to lose by just a few thousand. You should be working hard now if you want to win big.

All subscriptions deposited in the sealed ballot box must be accompanied by cash, money order, bank draft, or certified check for the full amount to cover. No personal checks will be accepted through the ballot box. This rule is made in fairness to all candidates and will be strictly adhered to. Should someone give a candidate a check it should be made payable to the candidate and cashed by the candidate and the cash deposited with the subscription in an envelope, sealed, in the ballot box. There is one other option for checks and that is to have the check certified by the bank on which it is drawn.

The campaign closes promptly on the stroke of 9 next Friday night. All subscriptions and votes that are to be turned in must be in the ballot box at the closing hour. Under no circumstances whatever will anyone be permitted to make deposits in the box or through the mails, after the final hour. A breakdown of the car, a storm or any other reason is not an excuse. The burden is upon the candidate individually and his or her success will rest entirely on what is done before the clock strikes 9 Friday night.

There will be no display whatsoever in connection with the close of the campaign. The Daily News is not giving a party Friday night and when the last candidate has cast his or her votes and departed the start on the final count will be made. Accuracy will not be sacrificed for speed and there is no intention of hurrying through the count. If at all possible the official results will be printed in Saturday's News and a bulletin will be posted in the Daily News windows announcing results whenever they are determined.

May the Best Candidates Win
