BUSINESS OF SCHOOL BOARD

Various Routine Matters Taken Up at Regular Meeting Last Night

The regular monthly meeting of the school board was held last night in the city council chamber, Trustee J. C. McLennan presiding in the absence of Dr. W. T. Kergin, chairman. Many matters of a routine nature pertaining to school affairs in the city were taken up.

High School Principal J. C. Brady asked for a new supply of monthly report forms and letter heads, a new typewriter with a larger carriage for the commercial class, the purchase of lumber at an estimated cost of $25 to convert the tennis court at King Edward School into a venue for basketball games and also a couple of basketballs. After discussion it was left in the hands of Mr. Brady and Mr. Vance to make the purchases.

The matter of damage being done to typewriters used both by the commercial classes of the High School and Northern Polytechnic Institute was taken up and it was decided that the machines should be given a monthly overhaul, the Polytechnic to stand the cost of repairs of any damages that may be done by its classes.

Congestion in Classes

Superintendent H. S. Hurn reported that there was congestion in certain of the receiving classes. He fell that they would probably be able to get along till next term, however, when the securing of another teacher might be necessary. Accordingly the board decided to defer action.

The matter of several students being promoted from one division to another without recommendation was left in the hands of Mr. Hurn and Mr. Hartness to decide if it was necessary to put the students in question back.

It was reported that the Seal Cove heating plant was not operating satisfactorily and it had been necessary to close school one half day. The secretary will get in touch with Steens Limited, on the matter. A new furnace recently installed has not yet been completed. An account from Mr. Steen for $125 was received and it was decided to pay $75 withholding the balance until the job is completed.

Hot Lunches

Permission was granted the teachers of Booth School to use the doctors' room as a lunch room. No action was taken on a suggestion that hot lunches be provided for students of Booth School who were unable to get home at the lunch hour.

The purchase of two basketballs and visitors' books for public schools was authorized. Better lighting of the Booth School playshed was also provided for.

Mr. Hurn suggested the curfew law was not being strictly enough enforced. He had seen pupils of the public schools roaming the streets at a very late hour. It was moved by Trustee Parker and seconded by Trustee Montgomery that the police commission be communicated with, asking that the law be more strictly enforced. Trustee Casey pointed out that there were legitimate excuses for some boys, especially those who worked on Saturday evenings. Some of them had to work in order to go to school.

Good Co-operation

In the course of his report, Mr. Hurn reported that the best co-operation had been accorded him by the various members of the teaching staff. Secretary Vance was instructed to express the appreciation of the board to the teachers for this spirit.

The black boards at Seal Cove being reported to be in bad condition, it was decided to move boards from the basement of the Borden Street school.

Permission was granted by the board to the Prince Rupert Teachers' Association to use the auditorium in the Booth Memorial School for an entertainment that is to be given in honor of the members of the school board and Rotary Club. This affair will take place in about three weeks' time.

Bus Services

Trustee Parker reported that three busses had been obtained for the purpose of taking students to school from Sections 1, 2 and 5. Shedden's transfer, Howard Steen and the Seaview Transfer had been engaged.

It was decided to pay the Northern Polytechnic Institute $80 of its annual $200 grant, the balance to be turned over after the beginning of the year when the new term is commenced.

An account from Tony Christian for $25 for advice in connection with the repairing of the Borden Street school was referred to Trustee McLennan.

E. G. Smith, found guilty of intoxication was fined $50 in the police court this morning.

100 per cent Cows' Milk

It "makes" a cup of coffee.

Try, for yourself, its creamy flavor of milk purity.

The Man in the Moon SAYS:-

THE fate of nations is being settled by eighteen New York men, nine a side.

ONE of the astonishing things of life is the kind of people that feel important.

WHAT Prince Rupert needs is a society pledged to mind its own business, with every citizen a member.

IN spite of the fact that the old days were good old days, the girls really look better in silk stockings.

HOUSEKEEPING: An obsolete word formerly used by those who cooked their own food and lived in houses.

ALASKA is just like British Columbia. According to the territorial newspapers and politicians it has vast resources and boundless undeveloped wealth.

HOW fond some people must be of trouble, judging by the way they talk about it.

PITY the poor land speculator. He certainly got a dirty deal in Prince Rupert.

Ten Years Ago in Prince Rupert

October 11, 1913.

C. E. Baitner and Theo. Collart were elected members of the Prince Rupert Board of Trade at the monthly meeting last night.

Ex-Ald. Hamilton Douglas writes a letter to the Daily News refuting the statement that last year's council left a large deficit for the present council to carry on. He claims there was no deficit.

The Ladies' Auxiliary of the hospital board is to fit out the operating room with up-to-date sterilizers and the board has undertaken to refund the expenditure as soon as finances permit.

Sport Chat

The difficulty that the Basketball Association is having in finding quarters for the playing of its games this winter again brings forceably to the fore the necessity for a properly organized gymnasium or athletic hall in Prince Rupert. The criticism is often heard that the youth of Prince Rupert "hang around" cigar stores and pool rooms too much. Athletic interests ask where else are the boys to go to obtain some diversion. It would seem apparent enough that the establishment of a gymnasium is one of Prince Rupert's most needed enterprises at this time. If the matter was gone into thoroughly it might be surprising to find at what little cost something along this line might be provided. If the people who seem so solicitous about the welfare of the youth of this city would get down to business and use their efforts and perhaps a very little of their cash with this definite object in view far more would be accomplished than by talking blue ruin about the future of the city's youth through their "depraved" habits.

To establish a gymnasium in Prince Rupert, it would not be necessary to embark upon any ambitious and expensive building scheme. There are undoubtedly vacant premises in the city at this time which could be secured at a reasonable monthly rental and which could be easily fitted up. The main expense would be the securing of equipment of which there perhaps is some already obtainable in the city. One of the important considerations in connection with the establishment of a gymnasium or an athletic hall would be that it would be located in some central point in the city. The Exhibition Hall always was out of the way and even the basketball games were poorly attended because it was so inconvenient to reach. Reasonable dues collected from the members of such a gymnasium and rentals from organizations staging games in it would cover the maintenance and would go towards paying off the principal of such an institution if it were established and conducted economically but properly.
