ACTUALLY, millions of babies have been successfully reared on Eagle Brand since 1857 when Gail Borden introduced this specially prepared infant food. If it was not safe, pure, always uniform in quality and easily digested, it could not hold its position as the leading infant food. If you cannot nurse baby, do not experiment, use Eagle Brand.

PRINCE RUPERT AND PRINCE GEORGE SOON TWENTY YEARS OLD

Twenty Years Ago columns in Vancouver papers recall that the Grand Trunk Pacififc had let the contract to a Newcastle-on-Tyne firm for the building of two steamers for the Vancouver-Prince Rupert service. The two steamers were the Prince Rupert and Prince George, which were delivered the following summer and which next year will have completed twenty years' almost constant service on the coast. If they are eclipsed next year by the companys' three fine new ships now under construction in the old country, they will at least have had two decades of popular and efficient service to their credit.
