#### ANGLICAN SYNOD DISCUSSES INDIAN RESERVE QUESTION

SPIRITED DISCUSSION TOOK PLACE YESTERDAY ON THE REPORT FROM THE INDIAN MISSION FIELD—CANON O'MEARA IS CENSURED.

Practically the entire time of the meeting of the Anglican synod yesterday afternoon was taken up with the question of the church's relations with the aborigines of the province. The discussion of the Indian question came up upon the report of the committee representing that branch of the work being presented. In view of the fact that the Indian question was going to be discussed, invitations were extended to Inspector of Indian Agencies A. Tyson, Indian Agent E. C. Perry and William Manson, M. P. P., to be present.

Two sections of the report, adjourned until the evening. In the evening the remaining sections of the report were discussed. These dealt with the need of more educational work among the Indians and the need of government support in this line. Today "A Quiet Hour" is taking place, attended by members of the clergy and laity of the Anglican Church at St. Andrew's Hall. This evening the meeting of the synod will be brought to a close by a public meeting, to be held at St. Andrew's Hall. Among the speakers will be the Rev. Mr. McCullagh, who has been for thirty years a missionary working in the valley of the Naas, and the Rev. F. L. Stephenson, a clergyman who first went up the Skeena River in 1886, and upon the historic gold rush to the North in the spring of '98 was the first clergyman of the Anglican Church to set foot in the famous Atlin placer mining camp. Some years later Mr. Stephenson, upon giving up his charge there, "mashed" the whole distance of 600 miles from there to the Bulkley Valley over the telegraph line, at which place he has since been located.

#### CANADA HOLDS KEY TO PEACE

Dominion Controls Supply of Nickel, Without Which Armor Would Be Useless.  
(Special to Daily News.)  
Ottawa, Sept. 26.—Canada, it has been discovered, holds the key to the peace of Europe and can by prohibiting the export of nickel solve the naval riddle of the European continent. Seven-tenths of the world's supply of nickel comes from Canada. It is used extensively in the manufacture of armor plate, and without it the great battleships would be useless before modern gun fire.

#### EARL GREY'S RIFLES HOLD FIRST ANNUAL BANQUET

MEN WHO ACTED AS GUARD OF HONOR TO HIS ROYAL HIGHNESS THE DUKE OF CONNAUGHT CELEBRATE AT DINNER WHICH WILL BE REPEATED.

Last evening at the Premier Hotel the first annual dinner of the Earl Grey's Rifles was held. The affair was a great success and attended by every member of the corps in the city and several invited guests, including Dr. Tremayne, Government Agent J. H. McMullin and Mr. J. R. Beatty, all of whom were members of the original "Muskeg Scouts," from which the Earl Grey's Rifles took its inception. After partaking of the excellent repast provided by mine host, Mr. Fred Henning, the popular manager of the hotel, Captain Fred Stork, the commander of the troop, as toastmaster, gave the health of the King, which was drunk with musical honors and round upon round of enthusiastic cheers. Sergeant Youngman followed with a song, which fairly started the ball rolling. Captain McMordie, in a rousing speech replying to the toast of "Canada, Our Home" in a spirit of patriotism and enthusiasm, set the tone for the evening's entertainment. The tried and hardy veteran Sergeant Brown next obliged with a song, which was followed by the toast, "The Boys That Wear the Uniform," which was responded to

by Color Sergeant George Leek and Sergeants Jack and Stowell. Private Garrett, in response to repeated shouts for a song kindly obliged with one of his popular numbers, and the toastmaster rose to his feet and proposed the toast of the evening, "Our Boys," which was drunk with full musical honors and round after round of vociferous cheers. Corporals Evitt, Youngman and Averill making suitable and pleasing replies. Corporal Evitt, in his inimitable style, convulsed the gathering with a comic song, when the concluding toast "The Ladies," responded to by Privates Heathcote, Davis and J. Boyer, brought one of the most successful gatherings of its kind to a close. The Earl Grey's Rifles, which acted as a guard of honor to H. R. H. the Governor General upon his recent visit to the city, are a body of men that would be credit to any city, their strength, which is being augmented in proportion to the city's growth, bidding fair to be a force to be reckoned with in the future in regard to the defenses of the outposts of the Empire. #### TWO HUNDRED DOLLARS TAKEN BY DARING BURGLARS LAST NIGHT

Burglar Entered Through Rear of Frizzell's Meat Market and Forced Cash Boxes of Safe, Securing Over Two Hundred Dollars in Cash and Cheques—Third Time Store Has Been Entered

Gaining an entrance through the back door of Frizzell's meat market, Third avenue, early last night, and forcing the cash drawer of the safe with a cleaver, burglars secured over \$200 in cash and currency. Mr. Frizzell was in the shop about 7 o'clock and upon going home for supper neglected to turn the combination lock on the safe door. He returned to the store two hours later with the evident intention of locking the safe, but hearing the whistle of the Che-lohain, on which he had business, neglected to look at the safe and went to his automobile and drove to the wharf to meet the incoming steamer. He did not remain long at the

wharf, and on his return to the store went at once into his office. Immediately he entered the room he noticed that some one had been tampering with the safe, for the door was flung wide open. On closer investigation he found that the cash drawers had been forced with some sharp instrument, presumably the heavy cleaver that was lying on the office floor near the rifled safe. Mr. Frizzell rang for the police and they arrived a few moments later and are investigating the robbery, which is characterized as the most daring ever perpetrated in Prince Rupert. Entrance was easily effected through the rear door by means of a hole in the screen summer door to the cheap padlock which

secured the door. This was unlocked probably by means of a duplicate key. This is the third occasion within a few weeks that the place has been burglarized, but the speculations have always been confined to the petty cash. It became so serious lately that Mr. Frizzell discontinued his usual custom of leaving a small amount of cash in the register for the transaction of the early morning business. Evidently the same man or men have committed all the crimes, and emboldened by the success of their first robbery planned a greater haul. Apparently the work was that of amateurs, and the police hope to apprehend them shortly.

#### CHICAGO POLICE HELD MEN WANTED AT NEW WESTMINSTER

CHICAGO POLICE LIBERATED MEN WHOM THEY KNEW WERE WANTED FOR ROBBERY IN BRITISH COLUMBIA.

Chicago, Sept. 25.—That the Chicago police had one of the bank of Montreal robbers in custody less than a month after the robbery, and, knowing that he was wanted in connection with the robbery at New Westminster, allowed him his liberty after only four days incarceration, is the charge made against the heads of the police department today. J. S. Morgan was the man's real name and he was also known by the aliases of John Harris, Frank Clark and "Chicago Slim." J. Porter is another member of the same gang and is believed to have been one of the men who attacked Lieutenant Burns. Latest information from private detective sources is to the effect that he has escaped to England. The mass of contradictory statements made by police officials and witnesses who were present when the alleged bank robbers beat Lieutenant Burns to unconsciousness and fled aroused the aldermen. It was reported today that at the next meeting of the City Council a resolution will be introduced providing for the appointment of a special commission to make a far reaching enquiry into the Police department.

Bernard K. Burns will soon be laid before the public. The developments are: First, the arrest of John Sidias, the saloon keeper, at 1149 South Wabash avenue, where the robbers had been making their headquarters up to the time of their escape. Second, the announcement that an investigation of the whole affair is soon to be instituted either by the city civil service commission or by a committee of aldermen. Third, a statement by Miles J. Devine, lawyer and politician, in which he declares himself the man who "tipped off" to Burns and McWhenny the fact that the robbers were at Sidias' saloon, and new statements from Burns, McWhenny and a witness to the fight, details of which conflict.

#### SAM WON'T HAVE AIRSHIPS HERE

Mon. Sam Hughes Tells World That Airships Are Useless for Army Work—He Knows.  
London, Sept. 26.—Hon. Sam Hughes, Canadian minister of militia, in an interview here declares that army aeroplanes are of little or no use in actual warfare. The movements of the enemy can be watched to as good advantage, said he, from a church steeple or mountain top. St. Andrew's Society. The regular meeting of the St. Andrew's Society which was to have been held tomorrow night has been postponed until Monday night at 8 o'clock. The meeting will take place in the society's rooms on Second avenue, Sibbald building.

#### HEAVY FINE ON LIQUOR SELLER

Andrew Reed Fined Three Hundred Dollars for Selling Booze to Indians.

For supplying liquor to an Indian, Andrew Reed, proprietor of the Grandview Hotel, was fined \$300 by Government Agent McMullin. According to the evidence, Reed had disposed of ten bottles of liquor to Jasper Derrick, an Indian. Indian Agent G. C. Perry found the fire water in the red man's possession and arrested the man and secured from him the information as to who had supplied him with the stuff. Consequently Reed was arrested and appeared in court on Tuesday, but the case was adjourned until yesterday. Dominion Policeman Phillipson prosecuted and Inspector of Indian Agencies A. Tyson watched the proceedings on behalf of the Indian department. Reed pleaded guilty to the charge. Mr. Tyson said that while it was not his desire to have unnecessarily heavy fines imposed in these cases, it was the aim of the department to absolutely put a stop to the supplying of liquor to Indians. He therefore asked the Magistrate to impose the maximum penalty in this case, which was of a particularly flagrant character, as it would serve as an object lesson to possible offenders in the future. The maximum penalty called for the payment of a \$300 fine together with six months' imprisonment. Magistrate McMullin, after severely censuring the accused, allowed him his liberty upon the payment of the fine.

#### PRINCE GEORGE STAYS ON RUN

Big Boat Will Continue to Make Weekly Trips to Stewart from Prince Rupert.

Word has just been received at the local office of the G. T. P. from Vancouver that the prospects and trade at Stewart and on the Portland Canal are so good that the company will continue the weekly trip of the Prince George to that port during the month of October. The original plans were for a discontinuation of the trip by the Prince George from Prince Rupert to Stewart, but lately the traffic to that place has been on the increase and the G. T. P. officials think that it justifies the service for another month. Loyal Order of Moose. A regular meeting of the lodge will be held in the K. of P. #### ROYALTY VISIT PORT SIMPSON

H. R. H. the Duke of Connaught Visited Simpson and Was Presented with Address.

Before leaving here yesterday morning His Royal Highness expressed his desire to sail as far north as the Alaskan boundary line. Accordingly, when the Princess Alice left here she headed for the North, where the steamer patrolled the line to the junction of the Portland Canal and Naas Straits. From there she went to Port Simpson. A stop was made at Port Simpson and a royal welcome was given the Duke by the Indians, who entertained him with a band concert. Princess Patricia and her mother joined the Duke in his trip ashore and visited the chief's wife, where the Duchess was presented with a handsome paddle and His Royal Highness was presented with an address by the chief. Totem poles and slate platters were given to the visitors by the Indians as mementos of their visit. The Methodist Church was inspected, as were also the historic buildings of the Hudson's Bay Company. Pantorium Pioneer Cleaners. Phone 4. Artistic Job Printing at the Daily News office.

#### TROOPS ARRIVE IN ULSTER TO MAINTAIN PEACE ON SATURDAY

SCOTTISH BORDERERS AND HIGHLANDERS ON WAY TO ULSTER TO PRECLUDE POSSIBILITY OF TROUBLE ON DAY OF SIGNING OF COVENANT.

(Special to Daily News.)  
Belfast, Sept. 26.—Regiments of Highland infantry and Scottish borderers are en route to Ulster in the anticipation of trouble on Ulster Day, September 28th, when the solemn covenant prepared by Sir Edward Carson protesting against home rule and defying the authority of an Irish parliament will be signed. The Royal Irish Rifles are already in the city, and thousands of citizens were enrolled yesterday by the civic authorities to aid in the maintenance of order. A demonstration was made at Portadown, which is described as

being one of the largest and most impressive of the whole campaign against the action of the Commons in granting home rule by reason of the display of armed force and the enormous number of Orangemen and Unionists who assembled to greet Sir Edward Carson and other anti-home rule leaders. Carson in addressing the crowd declared that they were performing the obsequies of home rule. Suits! Suits! Suits! Try one of ours and you will be satisfied. Sweder Bros., Tailor.
