PARENT TEACHERS AT TERRACE ARE ACTIVE

Number of Matters Connected With the School Comes Under Purview

TERRACE, Feb. 18:—The regular monthly meeting of the Terrace Parent Teacher Association was held in the G. W. V. A. Hall on Thursday evening with President Mrs. Moore in the chair.

Athletic equipment for use in the spring was discussed and the athletic committee was instructed to enquire into the costs of volley ball equipment for the use of the girls, as well as to report on what new equipment was needed for baseball.

Furnishing some means of fire escape was discussed, it being pointed out that fire was more likely to start in the furnace room than anywhere else, and as it was directly under the stairways, in order to get out, the children would have to march through the fire or jump from the high windows. Fire shoots, rope ladders, iron escapes, etc., were suggested and Secretary Halliwell was asked to write for prices on the different kinds, and report at the next meeting.

A number of minor matters were discussed and votes of thanks passed.

Following the business meeting, G. H. Dyson, high school principal, gave an interesting and instructive paper on the Aims and Ideals of Education from the earliest times to the present day, giving a general review of the history of education throughout the ages up to now.
