JINX FOLLOWS VICTORIA CUBS

Lose Again at Hockey to the Vancouver Lions

VICTORIA, Feb. 13.—The jinx which has been hanging around the lair of the Victoria Cubs for the past five games continued its presence here last night, when the Vancouver Lions sailed home with a two to one victory.

This win puts the Lions so far in front that it needs a cyclone to overtake them, and keeps the Cubs resting at the bottom of the heap, two points in the rear of Portland.

The teams scored a goal each in the first period and the winning counter was scored by Somers in the last session.

Percy Williams Adds to Laurels Already Won

Broke Record for 45-Yard Sprint, Doing It at Meadowbrook in 4 9-10 Seconds; Canadian Girls Won Relay Race

PHILADELPHIA, Feb. 13.—Percy Williams of Vancouver added another great set of achievements to his list last night at Meadowbrook Athletic Club games here by twice defeating a picked collection of sprinters to win both his heat and the final of a special 45-yard invitation.

Williams again whipped the pick of American dash men and in doing so is credited with travelling 45 yards in faster time than ever has been done before. His time for the heat was 4 9-10 seconds, which has no equal on the record books. The time for the final was 5 1-10 seconds. In the final Karl Wildermuth of Georgetown was second, Pappas Newark third, and Chet Bowman of Newark fourth.

The Canadian girls' relay team defeated the Americans.

Arrangements have been made for the Smithers hockey team to visit Vanderhoof on Feb. 19 and 20., to play two return games with the Vanderhoof aggregation. These games should be well worth watching. The teams are evenly matched and put up some clean fast hockey in their series at Smithers. The Smithers people were delighted with the exhibitions played there and there is every reason to believe that great matches will be staged in Vanderhoof. On Tuesday night there will be a dance. The expenses of bringing the Smithers team to Vanderhoof are heavy and the public is being appealed to to give the Vanderhoof hockey club their heartiest support in defraying the necessary disbursements.

From what one gleams from the daily papers, it seems evident that the boys in the boxing racket around Seattle grew bery panicky when the Portland old-time ringster, Eddie Cartwright, thrust his chin out for that lethal sock administered by Cecil Geysel. At any rate, up went their hands in gestures of resignation. The Seattle situation probably has no parallel. By statute, boxing in Washington state was made illegal some years back. Yet the boys carried on, conducted weekly shows and Seattle named its boxing commission every year. Impending developments are being awaited with interest.

Jack Sharkey and Young Stribling are now both at Miami Beach, Florida, where their big heavyweight elimination battle will take place toward the end of this month. Sharkey is now staging an intensive training campaign and is said to be the favorite to win. "If I find I am getting overtrained, I will slow down for a while," he states. Stribling, who has been training hard for the past week or so, is now on a fishing trip to the Everglades. Jack Dempsey says that ticket sales for the fight have reached the $189,000 mark which is some $30,000 more than the estimates which have been placed on the cost of promoting the fight.

Geary A. Steffen, otherwise Willie Ritchie, former lightweight boxing champion of the world, has entered a new role in the sport world. He is the goalkeeper of the San Francisco team in the California Hockey League. Just where Ritchie learned his hockey is not known. No record of his appearance with any Canadian team has ever been disclosed. Ritchie is about 38 years old. He was always a clever boxer and goalkeeping may be just in his line. The padded mitts have given way to the padded shins. Ritchie may have found the answer to the question of where do boxers go when they quit the ring? Charley McCarthy, who entered the professional boxing game with more or less success, was once goalkeeper of the Montreal Wanderers in the early days of the N.H.L. Lionel Conacher of the New York Americans was an amateur boxing star, and might have won success in professional circles had he cared to enter that field. Mondou, the player who recently joined the Canadiens from the Providence team of the Canadian-American League, has won amateur boxing honors in Montreal.

CELTIC WINS

GLASGOW, Feb. 13:—Celtic defeated Cowdenbeath yesterday in the Scottish first division football 1 to nil.

CASEYS HOLD FINE SMOKER

Large Crowd in Attendance at Enoyable Affair Last Night in Catholic Hall

An enjoyable smoker was held last night in the Catholic Hall by the Knights of Columbus, a large crowd being in attendance. Alex Macdonald occupied the chair and the program included: address by Bishop E. M. Bunoz; string duet by Bussanich brothers; vocal solo by Harry Astoria; violin solo by Milton Gillies; step dance by Pete Byrne; harmonica solo by Louis Astori; vocal solo by Father Hammond; accordian solo by J. H. Meagher; comic solos by L. F. Coles, and address by Father Godfrey. Delicious refreshments were served.

The committee responsible for the arrangments of the smoker consisted of Harry Astori, convener; J. J. Muldoon, J. J. Gillis, Hugh McEachern, A. D. Gillies and Joe McDonald.

FISHER BODY.....STYLE AND VALUE STANDARD OF THE WORLD

Additional Value

no other car can give

Fisher Body gives General Motors cars additional value no other cars *can* give. No other cars can put this several hundred dollars worth of additional value into their bodies because no one else has Fisher advantages or Fisher resources.

Everyone can measure this greater dollars and cents value in a minute because they can see it with their own eyes. The advantages Fisher has over others are shown in finer finish than the others can afford—finer hardware and interior fitments than they can afford—finer upholstery than they can afford—finer and stauncher structural work than they can afford. Because they have not Fisher advantages and resources, others have to skimp on the inside and the outside of their bodies in order to hold down the price.

Whether you are chiefly interested in only two or three body features, or in body quality as a whole, you should by all means compare the Fisher Body car in the price field in which you are interested, with any or every other car in that field. Only then can you base your decision upon intimate knowledge of the facts.
