Eyes of Blue —*true to you*
Eyes of Gray —*love while away*

What are YOUR eyes saying to-day?

Your eyes have no voice, but they speak — they show moods and temper. They do more, they show your physical condition. Are they clear, bright, sparkling with health—or dull, with a yellowish tinge to the whites? This yellowish tinge is the signal of intestinal sluggishness—auto-intoxication and liver trouble. Don't neglect this warning of poor health to follow.
