They broke out on my arms, and no sooner was one healed than another would come to take its place. "I was very weak after an operation. My nerves were so bad I would sit down and cry and my husband would not go out and leave me alone. Now my nerves are much better, thanks to a booklet that was left under the door. Lydia E. Pinkham's Vegetable Compound surely put me on my feet. I have taken eight bottles. My friends tell me I look fine. My sister has taken this medicine too."—Mrs. *Annie Walton, 67 Stanley St., Kingston, Ontario.*

EVERYBODY KNOWS

that Logging and Lumbering is British Columbia's major industry, and is likely to be for some years to come; but not everybody realizes the increasing importance of our forests to the world at large, as forests elsewhere become denuded. We still have 360,000,000,000 board-feet of merchantable timber —but we have none to burn.
