PRESERVING SEASON ON

Housewives Are Now Putting Up Peaches and Pickling Will Follow Next Week

Now is the preserving season for peaches and next week pickling onions, tomatoes and cucumbers will be in. The price of peaches will be high this year due supposedly to the duties which were recently put on to protect British Columbia fruits from American competition. There also seems to be a question as to whether the Okanagan will be able to supply completely the market on this coast as well as that on the prairies. In any case, the Okanagan fruit growers are now getting the benefits of a protective tariff and that means a great deal to them even though the consumer may have to pay slightly higher prices.

Eggs are beginning to show their usual season advance in price. Flour is weak and butter continues steady.

Fall fruits and vegetables are now in with a number of summer varieties disappearing. Almost weekly, new varieties of apples are arriving.

The meat market is also weak with prices having a tendency to drop.

Holiday Resorts

DOUGLAS LODGE

RAINBOW TROUT are plentiful this season in the Stuart Lake district, they take either fly or spoon. In this wide virgin country there are hundreds of miles of waterways in lake and stream with many pleasant bays and wooded isles, unexplored by white men. Now that really good accommodation is provided and modern camping equipment is obtainable, many are taking fishing trips.

Another important attraction there is a ride or hike to the top of Mount Pope, from which a wonderful picture is seen—100 miles of lake and woods in every direction.

Apply to C.N.R. or by wire or letter to Douglas Lodge, Fort St. James, B.C.
