LAUNCH LEAVES ON ROUGH TRIP

Waterfront Men Have Misgivings for Safety of Small Launch Crossing Hecate Straits.

Those who witnessed the start made this morning for Masset on the little thirty foot gasoline launch Westover by a party of ten people, including some women, had the most serious misgivings as to whether the topheavy little craft would ever make her destination in safety.

Waterfront men, accustomed to the ways of the sea, say it looked the craziest appearing expedition ever attempted.

The party consisted of a number of people going over to the islands with a view to land investment. This time of the year the trip across Hecate Straits is never unattended with danger, even in the most seaworthy and reliable of crafts.

RICH ROCK AT NEW PROSPECT

Reservoir Group Proves to be Good—Near Rocher de Boule Mines

The Reservoir group of seven-teen claims on Rocher de Boule mountain are showing themselves to be something in the mammoth class. Messrs. Halleron and Thompson were out the past week and brought in some samples with them to have assayed. They had three different samples run, and four samples they still have. These latter are high grade and do not need to be assayed. The three samples run gave the following results: No. 1 sample, silver, \$28.50; copper, \$79.22; total, \$107.74. No. 2 sample, copper only, \$42.50. No. 3 sample, copper only, \$61.20.

Early next spring a wagon road will be built up to the proposed camp above the falls and operations will be started. These claims are on the New Hazelton side of the mountain and just back of that town. The boys say they have a big proposition, large veins and lot of them, and if they are correct this group alone will make New Hazelton an important shipping point for ore. Samples of the ore can be seen in Harvey & McKinnon's window.—Omineca Herald.

Mrs. New: "Yes, most of the servants are as independent and as impertinent as they can be. Now, I believe it's best to take a young country girl and train her in the way she should go, and then—"

Mrs. Olden: "First thing you know, she goes."
