PROVIDE FOR UNEMPLOYMENT

It is undoubtedly an immediate duty of the various governments concerned to provide for the unemployed in those cities where there are large numbers out of work. Premier Tolmie has the right idea when he says that he plans to deal with the situation by providing employment for the men rather than by giving them money. That is what the unemployed want.

The average man out of work does not wish a handout. He wants to be able to earn his living. In a new province like British Columbia there is all sorts of work to be done and the proposal of the government to employ the men on this work is the best possible solution of the problem. In this undoubtedly, the federal government will help.

WHY NOT WITHDRAW?

As the idea back of the prosecutions under the election act seemed to have been actuated by the desire to unseat Olof Hanson, why not withdraw the charges, now that the idea of unseating the sitting member has been given up?

The prosecution has been taken out of the hands of local authorities, but, even so, it would seem as if it might be possible to end right now all cause of political friction by the attorney general calling the cases off. Already the witnesses are scattered and before a jury trial can be given at the next assizes there will be few that can be secured.

We do not think the cases will ever be tried. Undoubtedly it was an unwise move from the first and could be attributed only to political excitement. Now that the excitement has passed, why penalize the men who have been made the victims?

CONCRETE SIDEWALKS

In order to give local people an idea what the city of Nelson is doing in the matter of sidewalks, we quote the following from the Nelson News:

"Sidewalk petitions are still coming along, some of them for a matter of blocks, showing that the campaign for concrete improvements for the season is still far from being over.

"This is an excellent thing. Each new concrete sidewalk, besides benefitting those who are voluntarily assuming half the cost of the improvement by giving them an attractive facility, extends the city's concrete sidewalk mileage and benefits everybody.

"If there are property owners who are in doubt about whether to petition this year for a concrete sidewalk or whether to put the improvement over, they should resolve their doubts by taking action now. This will have the effect of giving them enjoyment of the new facility at once, and will also do its share to extend city work and distribute additional wages.

As the first payments will not be called for until next summer, with the 1931 taxes, the property owner who may be feeling a stringency at the moment will not be adding to his immediate burdens.

"Few civic moves have been wiser than that of the council, who, to encourage concrete sidewalks raised to 50 per cent the proportion of the cost that the city should bear. Since that time between 100 and 150 projects have been realized aggregating many miles of walks, which, beside their own enormous utility, have been incidentally the inspiration for many other concrete and other improvements."

WINS FIRST PRIZE FOR LAYER CAKE

Above is a photograph of Mrs. W. McKenzie, 9 Fernwood Park Ave., Toronto, to whom was awarded the First Prize for layer cake, at the Canadian National Exhibition, Toronto. There were a large number of entries of cakes of various kinds and Mrs. McKenzie not only won First Prize for iced layer cake but also for muffins and small cakes. We give below the recipe used by Mrs. McKenzie for the prize winning cake.

GOLDEN LAYER CAKE

One-half cup butter.
One cup sugar.
Yolks of six eggs.
One-half cup milk.
One and three-quarter cups flour.
Four teaspoonsful Magic Baking Powder.
One teaspoonful of orange extract.

Cream butter and sugar, add well beaten yolks and beat again with butter and sugar until very light. Sift the four and baking powder together and add to first mixture alternately with milk. Beat lightly for about one minute, put into greased layer pans and bake. Temperature 400 degrees Fahrenheit. Time about 20 minutes. Put together with lemon filling and ice with boiled frosting.

LEMON FILLING

One lemon and rind.
One cup cold water.
One cup sugar.
One egg.
One tablespoonful flour.

Beat lemon rind and egg together. Stir in lemon juice and sugar. Dissolve flour in water. Cook in double boiler till it jellies and spread.

BOILED FROSTING

Dissolve a cup of granulated sugar in one-quarter cup of hot water. Wash down the sugar from the sides of the pan, cover and let boil three or four minutes, uncover and let boil to a rather firm soft ball stage. Pour in a fine stream on the whites of two eggs, beaten dry, beating constantly meanwhile. A few Maraschino Cherries chopped and added to the frosting gives a delicious and pleasing flavor.

Banquet Given For Show Cast

Fifty Persons In Attendance at Enjoyable Affair Saturday Night In Commodore Cafe

There were over fifty persons present at the Commodore Cafe on Saturday evening when the local Elks' Lodge held a banquet in honor of Mr. and Mrs. C. J. McNaughton and the participants in last week's show "The Queen of Hearts." Fred H. Stephens, exalted ruler, was in the chair. Among those participating in a program of speeches and entertainment turns were Mr. and Mrs. McNaughton, Bill Mitchell, Sam Joy and J. W. Plommer. The kiddie dancers, who made such a hit in the show, also put on a turn much to the delight of all.

It was reported that the financial proceeds of the show had netted a substantial sum for the Christmas Cheer fund.

Pastor and Wife Welcomed Home

Large Congregation at St. Paul's Lutheran Church Last Evening at Re-Opening

Services were resumed last evening in St. Paul's Lutheran Church and there was a large congregation out. Rev. John H. Hanson, the pastor, and Mrs. Hanson were welcomed back after a month's holiday in the course of which they travelled as far east as Minneapolis.

HARVEST IS CELEBRATED

Annual Festival Is Being Conducted By Local Salvation Army

The local Salvation Army is at present conducting its annual Harvest Festival in the Citadel which has been attractively decorated for the occasion with sheaves of grain, flowers and vegetables all of which have been donated by friends of the Army. There were special meetings both Saturday and Sunday and tonight there will be an entertainment at which the donated goods will be auctioned off, all the proceeds to be applied to the Army's winter work.

There was quite a good attendance at the song service on Sunday night. This was conducted by Adjutant and Mrs. William Kerr and Capt. E. Warren who were assisted by Louis Pitcher and Capt. Len Joyce of Calgary.

Sunday night the Citadel was crowded, the meeting being led by Adjutant William Kerr. Mrs. Kerr led the opening song, "Bringing in the Sheaves," while Capt. Warren conducted prayer. The song "Soon the Reaping Time Will Come" was followed by the reading of the Scripture Lesson by Adjutant Kerr. Moses Alexcee sang a harvest song, accompanying himself on the guitar and Louis Pitcher led a chorus with his concertina. There were then short speeches by Ted Harmon, Frank Pierce, Howard Chalk and Mrs. Pitcher and Mrs. Kerr and Capt. Warren sang a duet, "Going to Judgment." Adjutant Kerr gave an appropriate address.

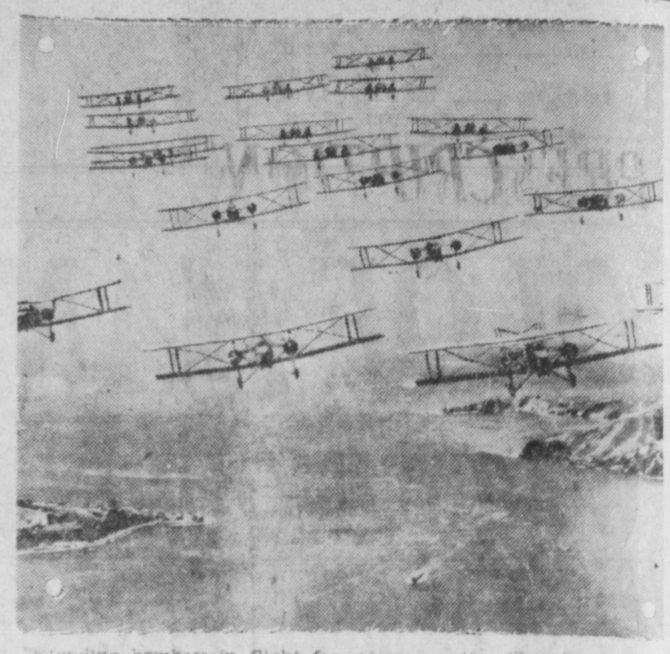
Among those who sent grains and grasses for the decorations were W. C. Little of Woodcock and Mrs. Bohler of Terrace while Envoy and Mrs. Tomlinson of Cedarvale sent apples and squash. Other vegetables fruits and flowers were presented by local gardeners and stores.

Canadian Legion Will Have Chance To See Pictures

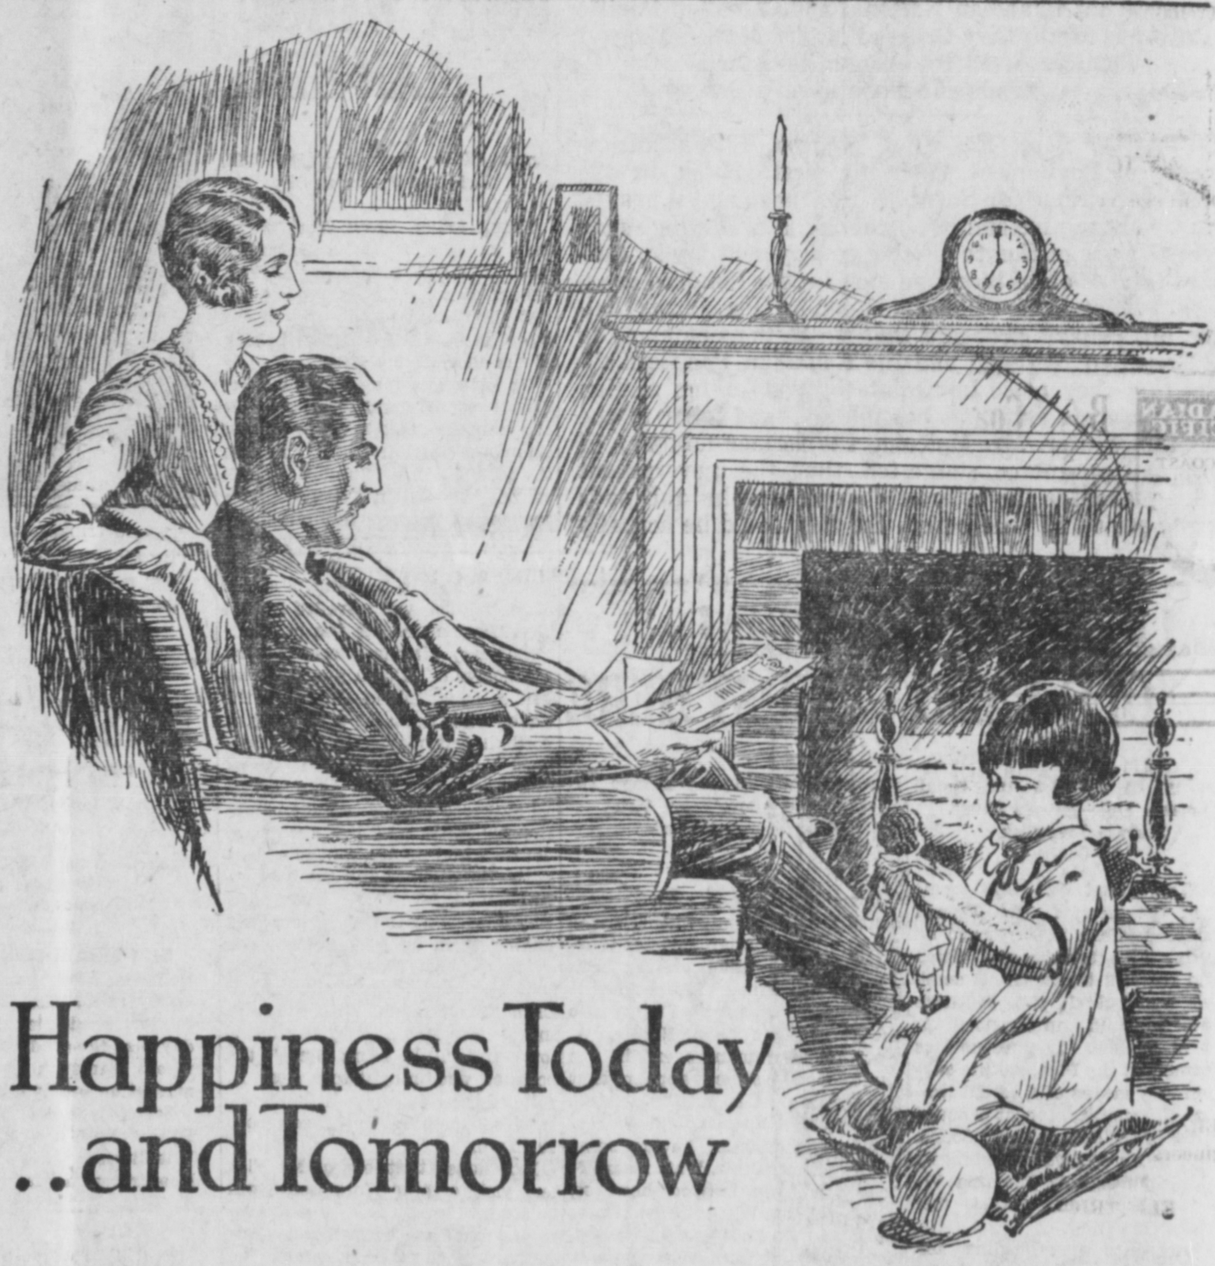
On Wednesday evening, Sept. 24, B. Macnicol, executive secretary of the Canadian Legion for British Columbia will address a meeting of veterans in the club rooms of the local branch. The subject of the address will be the new pension legislation passed by the House of Commons at Ottawa some time ago.

At the same time Mr. Macnicol will exhibit about one hundred lantern slides of the Great War which will be of some considerable interest to local veterans.

All men who served in the war are invited to attend.



Defending bombers in flight for nation over San Francisco ready to attack the "enemy" in recent manoeuvres held at the coast.



Happiness Today ..and Tomorrow

As you sit before your fireside . . . how satisfying it is to *know* that today's comfortable security will be continued through years to come!

How pleasant to reflect that old age will find you happily independent . . . that even if, through the loss of the provider, the family circle be broken—your loved ones will always be protected against distress!

Life Insurance inspires this absolute confidence in the future. It removes doubt and fear. It means happiness today . . . and tomorrow.

When you invest in Life Insurance, your savings . . . which represent so much of your time and energy . . . are safeguarded and put by for the day when they will be needed most. Your premiums help to form a great reserve of capital which is a constant source of protection to those whom you hold most dear.

If your Tomorrows are not adequately provided for, we suggest that you decide now to consult a Life Insurance Representative.
