GET DAMAGES FOR INJURIES

City of Edmonton has to Pay Because Street Car Injured Passers by

EDMONTON, Dec. 18.—Judgment was given for the plaintiffs, Mr. and Mrs. William Brill, by Mr. Justice Ives in the supreme court in an action against the city to recover damages for injuries sustained by Mrs. Brill through being knocked down by a street car at the junction of 107th Avenue and 106th street, on March 1 of this year.

His lordship awarded $1,000 to Mr. Brill, which will include special damages of $800, and $2,000 to Mrs. Brill with costs. Negligence on the part of the city was found and his lordship declared that it could not be said that there was contributory negligence. Overcrowding of the street car interfered with the motorman's duties and if the people asked for that sort of thing they must pay for it, he stated.

One of the principal witnesses for the city during the afternoon, Z. Nadeau, declared that the woman passed directly in front of the car and so close to it that the motorman could not see her. After the woman had been hit he sid: "Lady, you took an awful chance running in front of that car."

Drs. Braithwaite and Conroy told of examining the woman just before the action with other doctors and a lawyer. Dr. Braithwaite said the state of nervousness would probably wear off after the trial and Dr. Conroy said that he saw very little wrong with her, apart from having signs of a fractured rib which had knitted.

POPE SENDS AID TO PHILIPINO SUFFERERS

MANILA, Dec. 18.—Pope Pius XI. has cabled 130,000 lire to the Roman Catholic diocese here to be used for the benefit of those who suffered from the recent typhoon in Northern Luzon, especially in the Cagayan valley.

The typhoon which occurred during the first week in October blew down thousands of small nipa houses along the Cagayan river and the floods destroyed a large part of the crops in the valley. Approximately 50 natives were drowned.

DOES EVERY MEAL CAUSE YOU DISTRESS?

IF IT DOES YOU SHOULD TAKE BURDOCK BLOOD BITTERS

Mr. M. P. Eldridge, Beaver Harbor, N.B., writes:—"I was troubled with my stomach for some time, and everything I ate seemed to distress me. I tried many different medicines, but without any results. Finally I was advised to try B.B.B., and after having taken several bottles I was completely relieved of my trouble. I can now eat anything I wish, thanks to B.B.B."

Burdock Blood Bitters puts the stomach into perfect shape by promoting proper digestion; and during the past 46 years it has been on the market has made a reputation, second to none, for relieving all stomach troubles.

Put up only by The T. Milburn Co., Limited, Toronto, Ont.

The Man in the Moon SAYS:—

WHO'S going on a skate?

IF these cold spells come very often Prince Rupert will have to build a new type of house. Possibly one in which hot air is utilized might fill the bill.

IT makes the cold weather here seem warmer, when we think that it is worse in the south.

A COBBLER does not usually sell shoes but many of the shoes, seen in his shop have been half-soled.

BOBBED hair may grow more popular or grow long.

ONE of the local shieks says the eyes should be closed when kissing. Personally I do not think it makes any difference. If there is a thrill, neither party to the transaction will remember anything about the eyes.

THERE may be no fish coming in, but the bit of money that is left is just as slippery as newly caught halibut.

MORE HORSES THAN EVER ARE USED BY PEOPLE OF CANADA

WINNIPEG, Dec. 18. — Any fears that the horse would be supplanted by the automobile and tracfor in Canada are unfounded, it is indicated in a report of the department of agriculture, which shows the horse population of the dominion has increased 100,000 in the last year. The number was placed at 3,516,233, compared with 3,415,233 horses last year. The principal increase was in western Canada.

The increase was attributed to a revival of interest in breeding draft horses, the demand for horses for farming due to increases in agricultural production, and the greater use of horses for lumbering activities, city transportation and in other fields where horse-power compares favorably with traction power.

Ten Years Ago in Prince Rupert

Fish culturists have discovered that halibut have ears and that, by means of them, the age of the fish can be determined.

Last night the St. Andrew's Hall saw the new city band in all its glory at its initial dance which was a splendid success. Some eighty couples were in attendance.

Neil MacKay has been appointed salesman at the City Market.

INDIAN WOMEN FORM BETTERMENT LEAGUE

ODANAH, Wis., Dec. 18. — Their own clubhouse and a crusade to clean up the town, are the first two ventures of the first branch of the League of Women Voters ever organized among Indian women here. The senior league, made up of 59 members, has an auxiliary for Indian girls. It meets once each week when the girls are given a physical culture drill after their lessons.

"The senior league is not only the first Indian unit to be formed in the country, but it also has the distinction of being the first organization of any kind, as far as known, to be formed among Indian women in the country," said Mrs. O. J. Little of Stone Lake, Wis., the organizer of the group.
