"The Age of Desire"

A story of a man who loved a woman for what he thought she was—and what happened when her real self revealed itself. The drama of a son who never knew his mother—a mother who never knew her son. A forceful, gripping photo-play of real life depicting the experiences of a woman who had everything she desired yet was discontented and a man who married for companionship and then played solitaire. Magnificent scenery and settings including gorgeous bathing-pool scenes showing real society bathers. Strong cast: William Collier Jr., Mary Philbin, Josef Swickard, J. Farrell MacDonald, Frank Truesdell, Myrtle Stedman, Aggie Herring, Edith Yorke.

RUPERT QUOTED IN DIATRIBE

Saturday Tribune of Vancouver Refers to Conditions Here in Front Page Editorial Article

The Saturday Tribune of Vancouver has the following in which Prince Rupert conditions are mentioned:

"Mayor Owen has pulled a hornet's nest about his ears with his eleventh-hour heroics about cleaning up Chinatown. Unless he takes a hint, he will find himself the centre of a crowd of very angry citizens whose anger he has stirred up. His puerile and piffling policy of "cleaning up Chinatown" when the whole city needs cleaning up, and his method of advertising on the front pages of the daily press a 48-hour warning to all denizens of the underworld before any police action is taken has angered instead of mollified the public.

"Vancouver morally is no worse than any other seaport and not half so bad as Prince Rupert for instance, where organized vice is in the saddle and the "red-light district" of Comox Avenue is accepted as one of the town's regular industries, as legitimate as the shopping district. But if Mayor Owen is out to "clean up" Vancouver, why not have it proceeded with on business lines and not made a mockery of.

Filed Business Openly

"For nine months Mayor Owen has done the honors at the City Hall and presided over the Police Commission. Hold-ups, bank robberies, murders occurred without disturbing his calm equanimity. Gambling joints have been running and bookmakers have plied their business openly at cigar stands and in business offices. Immorality was made to pay heavy license fees through the bail bond system. It looked as if Mayor Owen had settled down to a policy of laissez faire.

Even when political interests decided to make one of the Commissioners a sacrifice, the Mayor sat calmly by without blinking an eyelash while the politicians threw the Jonah overboard. Not by so much as a blink did he give any intimation that he was the responsible head of the Police Commission. Nothing was altered. Not until election time draws near does the Mayor waken up from his sloth—to warn all the undesirables of the city that they had better quit for a few days because the police are going to make the raids and try to take them by surprise.

Hoodwink Public

If Mayor Owen thinks he is going to hoodwink the public and make votes for himself, he certainly shows himself to be a bad guesser. The trick has been pulled off too often to fool the public.

Why should the Chief of Police have to be specially instructed by the Mayor to clean up the city? For what else is he paid? Why else do we tax ourselves for the maintenance of a police force? The Chief of Police should not require instructions to clean up the city any more than an office janitor has to be specially instructed to clean up the office. The fact that special instructions are being given to clean up the city suggests that there are standing instructions to the contrary.

Will Clean Up

One of these days when The Tribune gets settled into its stride and we have funds enough ahead to hire three or four assistants, we'll clean up the city ourselves, even if it means cleaning out the City Council and the police force.

If Mayor Owen is not in earnest about cleaning up the city, why doesn't he follow the example of the northern city and keep quiet about it?

AIR FLIVVER PREDICTED

GERSFELD, Germany, Oct. 16—The advent of the air flivver is predicted by experts studying lessons from the national air glider contests held here. Sailplanes with auxiliary motorcycle engines of eight to 12 horsepower surpassed the motorless gliders in every respect.

New Kind of Girdle

Reduces Waists and Hips

ALMOST WHILE YOU WAIT

The instant you put on this new girdle—worn in place of your ordinary corset — the bulky fat on waist and hips seems to vanish, the waistline lengthens and your body becomes erect and graceful, youthfully slender! And then with every step, with every breath, with every little motion it gently massages away the useless disfiguring fat and you look and feel many years younger!

Lose Weight Every Day—And Look Well While Doing It!

Now women can have the youthful, boyish-looking figure that present-day fashions call for, without worrying about a clumsy waitline and bulking hips. For this new kind of girdle not merely instantly represses disfiguring, useless fat, making your figure appear wonderfully slender, youthful and attractive—but actually massages away the fat, enabling you to lose weight every day, without any effort at all on your part!

And you need not make a single change in your present mode of living to secure these amazing results.

Produces Same Results as an Expert Masseur

The Madame X Reducing Girdle is built upon scientific massage principles. It is made of the most resilient steam-cured Para rubber, especially designed for reducing purposes and is worn over the undergarment. Fits as snugly as a kid glove—has garters attached—and is so constructed that it touches and gently massages every portion of the surface continually. The constant massage causes a more vigorous circulation of the blood not only through these parts, but throughout the entire body! Particularly around the abdomen and hips this gentle massage is so effective that it often brings about a remarkable reduction in weight in the first few days.

Open Front insures perfect comfort while you sit, work or play. And the special lacing makes the Girdle easy to adjust as you become more slender.
