Imported whiskies may be of any age. The Canadian law in that respect does not apply to them. But the law requires that Canadian whiskies shall not be marketed under two years old.

"CANADIAN CLUB" and *Imperial* WHISKY

are considerably older than the law requires. They are bottled in Bond and are of the age stated on the Government Stamp over the capsule of every bottle. *Read it. That is what it is there for.*

What John Nelson Said in "The World" Feb. 23rd, 1918, re P.G.E. Railroad Settlement

"WORLD," Vancouver, February 23, 1918
"World" at this time controlled by John Nelson

The P.G.E.R. Settlement

The settlement of the P.G.E. railway imbroglio is, probably, in view of all the tangled circumstances of the case, the best that could be achieved.

To the Hon. John Oliver the credit of securing the best terms possible for the province is due. He has been unremitting in his endeavors to compel the promoters to return to the province at least some of the public's money. That he has not been able to make better terms is not his fault, but is due to the astonishing tangle in which the company's affairs stand. The only alternative to Mr. Oliver is a long vista of costly litigation, heavy depreciation in the value of the railway itself, and great delay in the opening up of a rich, productive area of the interior.

It states that no time will be lost as soon as all the essays are to hand and the name of the winner will be wired to all papers taking part. Just as soon as this wire arrives the prizes will be distributed.

The case of O. T. Lindland vs. H. D. Gazanoff, in which an accounting is sought with respect to a hotel partnership at Smithers, is proceeding before Mr. Justice Gregory in the Supreme Court assizes. Before the accounting may be ordered the partnership must be proved and this promises to take up the most of the day. Milton Gonzales appears for the plaintiff and L. S. McGill for the defendant.

AT 80 YEARS OF AGE WAS TROUBLED WITH

SHORTNESS OF BREATH PALPITATION OF THE HEART AND FAINTING SPELLS

Mrs. M. O'Connor, Whitestone, Ont., writes:—I have been troubled, most of my life, with shortness of breath, palpitation of the heart and fainting spells. I was advised by a friend to try Milburn's Heart and Nerve Pills, which I did, and at once found relief, and I have never had a really bad spell since.

I am 80 years of age and always keep them in the house, and when I feel any symptoms of my old trouble coming on all I have to do is to take a few doses. With the help of your Pills I expect to see many years yet. I always recommend them to any one who is suffering from heart trouble."

Milburn's Heart and Nerve Pills are 50c a box at all dealers, or mailed direct on receipt of price, by The T. Milburn Co., Limited, Toronto, Ont.

VOTE ON PROPOSAL TO SELL BEER BY GLASS ON JUNE 20

VANCOUVER, June 12.—The electors will decide an important issue at the polls on June 20 when the beer by the glass measure will be voted on. The measure is sponsored by the Moderation League of British Columbia, and its passage is designed to reduce the consumption of distilled spirits in favor of the lighter brewed beverages. The Government has promised that if the measure is favorably received by the electors the sale of draught beer by the glass will be permitted in Government licensed and regulated premises without a bar. If the measure is defeated the law will continue.

PROSPECTORS GOING IN

Newly Completed Government Road Proves Great Convenience to Miners

(Special to Daily News)

TELEGRAPH CREEK, June 12.—The winter of 1923-24 will be put down as the mildest yet experienced in the Cassiar, and although the snow fall had been over the average, only on two or three occasions had the thermometer registered below the zero mark.

The fur catch did not come up to expectations, and was rather small but with the interior posts yet to hear from, the annual average may yet be maintained.

The first boats of the season, the Hazel B II. and III. of the Barrington Transport Co., arrived up river from Wrangell on May 16, with the usual quota of prospectors for the Interior, amongst them being John J. Wilms and Arthur Theis, of the Pendleton Gold Mining Co., who are taking in 12 tons of supplies, also an Oxygen welding outfit, to the head of Dease Lake, where the Pendleton Company have been busy during the winter, building large scows, in order to transport their heavy machinery down the Dease River to McDames creek, on which creek the company's property is situated; this machinery, 45 tons in all, had been hauled in to the lake, over the newly completed government road, by tractor power which greatly supersedes the old pack-horse, and it is now possible to make the trip from Telegraph Creek to the head of Dease Lake in a day and a half, when previously it took six days by the old method.

Take in Scraper

The Dickinson Mining Company of Seattle who controls the placer leases at the mouth of Dease creek, after extensive drill tests, are contemplating bringing in during the coming summer, a Sauerman Drag Line scraper, of one and a half ton bucket capacity, the kind that has given good satisfaction in the Dawson and Nome camps. With this in operation the company is confident of good returns.

Mrs. A. Saint returned from the south on the Prince George yesterday.
