LOST ALL HER "PEP"

Customs worker in one of the Border Cities tells of great benefit from Dr. Williams' Pink Pills (tonic). Says they were her "best friend".

"I became quite myself again." (Sgd.) Beatrice M. Gehan.

"I was employed in a Customs Office in one of our border cities," writes Mrs. Beatrice M. Gehan, now resident at Sterling, Ontario, "and after the first few months' business strain I began to feel as though I were losing all my 'pep' and energy, and my work seemed a drudgery to me. A girl friend advised me to try Dr. Williams' Pink Pills and see if I wouldn't soon feel better.

"Before I finished my first box I was already feeling better, and the color was coming into my cheeks. By the time I had taken my third box I had become quite myself again, but still I always kept a box on hand. They were my best friend."

That is just one letter from hundreds received from all parts of Canada. If you could read all the letters received you would certainly be convinced.

Often it seems that the benefit resulting from Dr. Williams' Pink Pills is almost uncanny. Actually it is all quite natural. The iron and other elements in the Pills increase the amount of haemoglobin (life-giving element) in the blood, enabling the blood to carry more oxygen to the tissues. This, in turn, sharpens the appetite and produces a feeling of well-being.

Take advantage of this safe and proven means to better health. Go to a drug store and get a supply of Dr. Williams' Pink Pills. 50 cents a package. Just see if they don't help you wonderfully
