MONTENEGRIN FORCES CONTINUE SUCCESS AND CAPTURE TURKISH FORTS ON FRONTIER

MEN DRIFT IN OPEN BOAT WHEN LAUNCH BREAKS DOWN

FOUR MEN ARE SHIPWRECKED IN TERRIFIC STORM LAST NIGHT—TWO MEN GO FOR HELP IN SMALL BOAT, BUT GET ON WOLF ISLAND—DARING RESCUE.

Messrs. H. F. McRae, D. H. Morrison, George Bryant and W. S. Fisher passed through an experience last night which they will remember for many a day. Early in the afternoon they started out on a shooting expedition in the Shawatlan, but after after being out a short time met with the misfortune of breaking the propeller shaft. Casting anchor near the quarantine station, Messrs. McRae and Morri-

son started out in a small row boat to come to the city for another launch.

Owing to a very heavy sea that was rolling at the time, it was impossible to make any headway, and the two made a landing on Wolf Island, where they decided to wait until the sea became less turbulent. When darkness came they built a fire and it began

BATTLE CONTINUES ON THE TURKO-MONTENEGRIN LINE

VICTORS OF YESTERDAY'S BATTLE TAKE SEVERAL FORTS—KING NICHOLAS VISITS HOSPITALS AND TALKS TO WOUNDED MEN—OFFICIAL LOSSES IN BATTLE.

(Special to Daily News.)
Podgoritz, Montenegro, Oct. 11.—The battle following the capture of Detitch Mountain still continues. Several forts and minor strongholds have fallen into the hands of the victorious Montenegrins. The fight covers practically the entire Turko-Montenegrin frontier.

The hospitals here are full to overflowing with wounded and dying soldiers brought from the battlefield. King Nicholas visited the hospitals today and kissed the foreheads of the dead and dying soldiers.

His appearance was the signal for a demonstration on the part

of the wounded men. Those able to salute did so, while the men whose wounds prevented their doing so followed with their eyes the Monarch as he moved from one cot to another, stopping to give an encouraging word to each man.

London, Oct. 11.—The Turkish losses at the battle of Detitch Mountain yesterday were six hundred killed and wounded, while the Montenegrin army lost four hundred men.

HAZELTON DISTRICT IS VERY RICH SAYS MINING OPERATOR

MR. J. L. RATELACK, WELL KNOWN MINING MAN TELLS OF DEVELOPMENT OF DISTRICT AND MINES IN VICINITY OF HAZELTON.

Vancouver, Oct. 11.—"In spite of the fact that transportation facilities in the Hazelton district are still very limited and have not of considerable detriment to the development of the mining industry in Hazelton is enjoying greater activity, and is giving better result during the present season than at any time since the discovery of the district."

Interviewed yesterday, Mr. J. L. Ratelack, a mining operator, and expert from Kaslo, who has just returned from a trip to the

Hazelton district, characterized the prospects in the Interior as above.

Mr. Ratelack stated that the greatest development had taken place in the silver lead country; the Silver Standard mine operators having opened a series of parallel veins on their property that was assessing about \$100 to the ton, and was giving every promise of an almost unlimited supply.

An idea of the rich quality of the Standard mine was given by the fact that in one place a shaft had been sunk 200 feet in solid ore. The company were now installing a compressor plant, in order that when the sleighing season opens regular shipments of the ore may be taken to the railway tracks about six miles away.

On account of accident the Princess Mary sailing from Vancouver, October 9th, was cancelled. There will, therefore, be no sailing from here on Sunday night at 9 p.m. It is expected the Princess Mary service will be resumed next week. The Princess Mary will sail for Vancouver at 9 a.m. Saturday. 244

(Special to Daily News.)
New York, Oct. 11.—Today the Red Sox bested the New York Giants in the fourth game of the world's series by the score of 3 to 1. The tie standing of the clubs, each having won one, and the other being a draw, created such intense interest that not a seat could be bought at any price at the Polo Grounds, while thousands crowded about the gates awaiting the result of the game. In Boston the telegraph and newspaper offices were besieged with anxious men and women awaiting the news. It presented a scene of war times when news was expected of a great battle.

STUDENTS HID BONES OF MAN

Vancouver Medical Students Find Body of Indian, Boil Bones and Hide Them in Chimney.

(Special to Daily News.)
Vancouver, Oct. 12.—Chimney sweeps found in an East End apartment house last night a bag of bones hidden in the flue. The skeleton was in parts and doctors said the flesh had been boiled from the bones, probably by medical students.

This proved to be correct, as a Munroe medical student admitted to the police that the bones were those of an Indian found a year ago at Masset, B. C., buried beneath the roots of a tree many years ago.

MEXICANS AFRAID REBELS WILL MASSACRE LOYALISTS

FORCE BEING RUSHED TO SUCCOR OF BESIEGED LOYALISTS WHO ARE IN PERIL OF THEIR LIVES FROM REBELS.

Douglas, Ariz., Oct. 12.—Two hundred and fifty Mexican federalists are rushing to Montezuma, Sonora, to relieve that town, which is surrounded and threatened by General Antonio Rojas and four hundred insurgents. Rojas issued an ultimatum demanding that the federal garrison of the place surrender or be annihilated. There are only a hundred federalists at Montezuma, and it is feared they may be

wiped out before reinforcements arrive. Two hundred additional federalists were ordered to the scene. The federalists have orders to pursue any advantage they may obtain over Rojas' force, to the end of exterminating the rebels.

General Rojas has applied to President Madero for amnesty, but while awaiting a reply is losing no opportunity to lay waste the country.

KITSUMKALUM MAKES A BIG VEGETABLE DISPLAY HERE

CABBAGES WEIGHING THIRTY POUNDS, GREAT POTATOES, KALE AND OTHER MAGNIFICENT PRODUCTS OF THE SOIL IN KIRKPATRICK'S WINDOW.

Apropos of the discussion before the City Council last Monday as to the expediency of holding an agricultural exhibition in the city next fall, a magnificent display of vegetables from the Kitsumkalum Valley in the window of J. A. Kirkpatrick's store on Sixth street comes at a very appropriate time.

The vegetables, which are splendid examples of their several varieties, consist of potatoes, cabbages, turnips, celery, parsnips and beets. A cabbage of magnificent proportions, grown by P. Braun, weighs 30 pounds, whilst a cauliflower, raised by W. J. Goodwin, is as fine a specimen as one would see anywhere.

The other exhibitors are Messrs. McMillan, H. L. Frank, F. Boulher, Thomas Laird and George Rudge.

Alderman George Kerr, who was instrumental in getting the collection together, is vying with Alderman Bullock-Webster in the interest taken in the agricultural possibilities of the Interior, and is an enthusiastic booster for the farming opportunities offered in the fertile valleys along the line of the new railroad. It is certain that there will be an agricultural show held here next fall, and no amount of effort should be spared to make the affair an unqualified success.
