MARY PICKFORD, THE WORLD'S SWEETHEART, IN "DOROTHY VERNON OF HADDON HALL."

A screen presentation of Charles Major's world-famous novel. A photo-play of spectacular appeal, magnificent settings and stirring adventure. A romance of the days of chivalry when Queen Elizabeth ruled. Never was Mary Pickford so gorgeously beautiful as in this, her most enthralling photo-drama—a picture story filled with tender romance, thrilling action and delicious comedy. Never so splendid a portrayal as that of the vixenish miss of eighteen who braves parental wrath, faces treachery, intrigue, and even treason, to wed her heart's choice. Beauty marks every phase of this classic—a classic that rings true in every detail. Mary Pickford, as Dorothy, reaches the highest pinnacle of her career, being ably supported by Allan Forrest as Sir John Manners, Anders Randolph as Sir George Vernon, Clare Eames as Queen Elizabeth, Estelle Taylor as Mary, Queen of Scots, Marc MacDermott, Courtenay Foote, Mme. Daumery, Lottie Pickford Forrest and many others.

HE SURE FELT MEAN BUT MENDED HIS WAYS

Said a well known local man the other day, "Well, Sir, the meanest feeling I ever had come over me was last Christmas morning. I had passed up the Christmas card idea entirely and of course was deluged with all sorts of lovely Christmas greetings from relatives and old friends. And there, I hadn't sent out a single one. I thought then if everyone had been like myself a lot of real joy would have been lost. I determined to see that nothing of the sort occurs this Christmas. I am going to dispense sunshine on the "glad morn" as well as receive it." Your private greeting card can be selected at Rose, Cowan & Latta's, Fourth St., from our wide range at moderate cost, and cards will be printed on day of order. Phone 234.

ST. ANDREW'S ANNUAL BALL LAST EVENING

Some 275 Persons Attended Affair in Rink Which Was as Great a Success as Ever

The annual ball of the St. Andrew's Society held last night in the Auditorium was as usual successful and enjoyable. Some 275 persons danced in the hall which was daintily decorated in the blue and white colors of the society as well as patriotic hangings. The affair commenced shortly after 9 o'clock and was in progress until 2.30 this morning. Music was furnished by Art Easson's Orchestra and the Society Pipe Band in full costume, the latter playing for the Highland Schottische and the square dances which featured the program and proved very popular. Refreshments were served at midnight.

William Reid, president of the St. Andrew's Society, was master of ceremonies, and Marcus Andrews and Jack Allen presided at the door. The committee consisted of Howard Steen (chairman), James Simpson, Jack Frew, Marcus Andrews, J. A. Allen, M. B. Dalgarno, Mrs. W. D. Christison and Miss May Reid.

In the Letter Box

THAT MUSEUM

Editor Daily News,

In your editorial column yesterday you invited correspondence on public questions. I do not like writing letters for publication as I object to appearing to pose as one who would tell my neighbors what to do, but I feel that this is so important a question that it needs a word from me

I understand that a museum is to be organized here. In that I am in full accord, but I do not think any attempt should be made now to put up a building or to put the citizens to any great expense. There have been a great many calls on them this year and a halt will have to be called somewhere.

If I might suggest, a museum collection could be made and housed in some suitable place such as a corner of the public library, without at present entailing any very large expense. Then when the collection is large enough to warrant such a move, a room could be secured until a complete library and museum building is erected.

I am fully in accord with the museum idea and I hear it spoken of with appreciation everywhere, but it does not do to go too fast. Get the collection well under way before asking for any big expense and the institution will probably be a success. If I cannot attend the city hall meeting Wednesday evening I will at anyrate contribute one or two specimens that should prove of value.
