PIONEER OF CITY PASSES AWAY IN GENERAL HOSPITAL

Death Occurred this Morning at 6.25 of Albert Braman — Three Daughters and Three Sons Survive

A pioneer resident of this city died at 6.25 this morning in the Prince Rupert General Hospital in the person of Albert Braman who came here in October 1909 and who for the past ten years has been engaged in ranching at Vanderhoof. Deceased was a native of Ohio and was 67 years of age. He was admitted to the hospital five weeks ago.

The late Mr. Braman was predeceased two years ago by his wife who died in the city. Three daughters—Mrs. T. Pederson, formerly of this city and now of Tacoma; Mrs. George W. Johnstone and Mrs. Reginald Clarke of this city — and three sons—Guy, Kay and Glen, all residing at Vanderhoof survive.

Funeral arrangements will be announced later, the remains being in the hands of the B.C. Undertakers.

NOT MANY HERRING ARE YET TAKEN AS BAIT FOR HALIBUT

Herring are not yet very plentiful but it is expected there will be all that are needed for bait very soon. Two catches have been brought in so far by the Canadian Fish and Cold Storage Co. and the boats are out looking for them.

Practically all the halibut boats have now left port and are busily engaged on the banks. The danger will be that too many will come in at one time.

THE COUGH OR COLD THAT SETTLES ON THE LUNGS IS HARD TO GET RID OF

These are the kind that are dangerous; the kind that weaken the lungs, the kind that allow the germs of consumption to get a foothold in the system.

Mr. John E. Luloff, Golden Lake, Ont., writes:—"Last year I had a cold, and a cough which seemed to stick on my chest. I tried different preparations, but they did not seem to help me any. I was advised, by a friend, to try

DR. WOOD'S NORWAY PINE SYRUP

and when I had taken a few doses I began to feel that it was doing me good, so I kept at it and inside of a week I was relieved of my trouble."

"Dr. Wood's" has been on the market for the past 35 years; you don't experiment when you buy it; put up only by The T. Milburn Co., Limited, Toronto, Ont.

MANSON PLEASED AT ACTION OF OTTAWA

Other Provinces Falling In Line With B.C. Affects Situation

VICTORIA, Feb. 18.—Attorney General Manson is pleased with the outlook for handling the liquor problem more effectively as a result of the proposed legislation of the Dominion government to prevent importation into a province where sales are controlled by the government. It should prevent private importation into B.C.

The law will not affect export houses as they do not technically import liquor. It simply passes through the province in bond.
