NEW YORK MAYORALTY

President Incumbent Will Seek Re-election — Governor Smith an Active Opponent

NEW YORK, May 12.—Rumblings of New York's mayoralty contest next fall are being heard as the combined result of hostility between Governor Smith and Mayor Hylan, and a statement issued by William Randolph Hearst, the publisher, that he would back the mayor for re-election on any ticket.

The mayor is now rounding out eight years of service and, while no definite announcement has been made, it is generally understood that he will be a candidate for renomination. For some weeks, however, the air has been filled with reports that the mayor would not get the nomination without a fight. Leaders of Tammany Hall have been reticent on the subject.

Governor Smith, as the titular leader of the State Democracy and of Tammany, has not agreed with the mayor, politically, for some time. Recent conflict between the two has developed over bills at Albany which affected New York City and Democratic and Republican politicians alike express the opinion that what is practically open warfare now exists between the governor and the mayor.

MOST OLD FOLKS REQUIRE A HEART AND NERVE TONIC

After middle age little sicknesses and ailments seem harder to shake off than formerly as the heart action becomes weak and uncertain and the nerves are not as steady as they were in the younger days.

Now is the time when all aged people who wish to maintain their health and vigor and retain their energy unimpaired should use

MILBURN'S HEART AND NERVE PILLS

Mrs. M. O'Connor, Whitestone, Ont., writes:—"I have been troubled, most of my life, with shortness of breath, palpitation of the heart, and fainting spells. I was advised, by a friend, to try Milburn's H. & N. Pills, which I did, and at once found relief, and I have never had a really bad spell since. I am 80 years of age and I aways keep them in the house, and feel that with their help I will see many years yet. I always recommend them to anyone who is suffering from heart trouble."

For sale at all druggists and dealers.

DIVORCEES' REMARRYING

Rights of Guilty Parties Are Questioned by Committee of House of Commons

OTTAWA, May 12.—Nineteen divorce bills were approved in 19 minutes by the private bills committee of the House of Commons.

"I do not think that the guilty party in a divorce case should be given the right to remarry," declared G. A. Brethen, M.P., as the committee was about to adjourn. Mr. Brethen desired to see justice done, but he recollected a case where a person found in a divorce suit to have been guilty, remarried within a week's time after divorce had been granted to the innocent party. He did not think the guilty one of either sex should be given the right to re-marry.

Hal McGiverin

Hon. H. B. McGiverin, chairman of the committee, remarked that "We give the innocent party the right to remarry in so far as we have the power, but we do not do anything in so far as the guilty party is concerned." The point, stated Mr. McGiverin, had been often raised, and he suggested that the law clerk of the house be requested to furnish a written legal opinion fully outlining his views as to the right of a guilty party to remarry.

This suggestion was agreed to by the committee.

COST OF DISCOVERING AMERICA WAS $7,200

Interesting Discoveries Regarding Columbus Recently Made in Genoa.

GENOA, Italy, May 11.—Recent investigations in Geona's archives have disclosed that the entire cost of Columbus' fleet, which discovered America, was only 14,000 lira, of about $2,800.

The expenditures on the trip amounted to 22,000 lira more, bringing the total cost up to about $7,200. Columbus' annual salary was 1,600 lira, about $320. The captains received half this amount and the monthly pay of seamen was $2.50.

NO SILVER COINS MINTED IN CANADA IN LAST TWO YEARS

OTTAWA, May 11. (Canadian Press) — No Canadian silver coins have been minted in Ottawa since 1923. In answer to a series of questions by George Black, Conservative, Yukon, in the House of Commons, Hon. J. A. Robb, acting minister of finance, stated that a large quantity of silver had been minted during the war and demobilization periods. There had been a sufficient supply to last until the present time. The mint, Mr. Robb said, had been engaged on bronze and nickel coinage and the refining of gold.

NEW PROCESSES MAKE MILLING LOW GRADE ORE MORE PROFITABLE

SEATTLE, May 12—Ten years ago mining companies had to send ore valued at $10 a ton or more to the mill to receive a profit, but new methods make it possible to mine and mill ores at a small fraction of the former cost. Falcon Joslin, a Seattle mining operator, has explained the innovations.

"New milling methodists permit the working at a profit of low grade ores that are to be found through certain sections of the United States in almost unlimited quantities," said Mr. Joslin. "A large gold mining company operating near Juneau, Alaska, is taking out and milling gold ore at a net cost of 49 cents a ton, and expects within a year to reduce the cost to 40 cents. This demonstrates the practicability of working low-grade ores that have not been regarded as worth development."
