TRAIN OF FISH OUT TONIGHT

Landings Here Totalled 187,000 Pounds and Two Car Loads Frozen Going

The local Fish Exchange today had its first regular full day's business since the close season went into effect last November. Five American boats and three Canadian sold substantial catches totalling 187,000 pounds. Some of the catches were unusually large. With the supply better, the price, of course, dropped. A special train will leave tonight taking today's landings to the eastern market together with two carloads of frozen halibut that arrived last night from Ketchikan.

Arrivals and sales were as follows:

American

Mildred II, 24,000 pounds, at 13.6c and 7c, to the Royal Fish Co.

Arctic, 42,000 pounds, at 12c and 6c, to the Atlin Fisheries

Condor, 3,500 pounds, at 13c and 6c, and Viking, 11,500 pounds, at 13.8c and 7c, to the Canadian Fish & Cold Storage Co.

Eagle, 85,000 pounds, at 11.5c and 6c, to the Booth Canadian, Pacific and Canadian Fish & Cold Storage Co.

Canadian

Tramp, 10,000 pounds, at 12.5c and 7c, and E. Lipsett, 10,000 pounds, at 12c and 7c, to the Canadian Fish & Cold Storage Co.

Atli, 4,000 pounds, at 11c and 6c, to the Royal Fish Co.

The American schooner Radio came in with 85,000 pounds but, not satisfied with the price, cleared for Seattle.

Motorship Bellingham, Capt. Len Williams, was in port from Ketchikan last night discharging two carloads of frozen halibut for transshipment East over the Canadian National Railways.

DOES EVERY MEAL CAUSE YOU DISTRESS?

IF IT DOES YOU SHOULD TAKE

BURDOCK BLOOD BITTERS

Mr. M. P. Eldridge, Beaver Harbor, N.B., writes:—"I was troubled with my stomach for some time, and everything I ate seemed to distress me. I tried many different medicines, but without any results. Finally I was advised to try B.B.B., and after having taken several bottles I was completely relieved of my trouble. I can now eat anything I wish, thanks to B.B.B."

Burdock Blood Bitters puts the stomach into perfect shape by promoting proper digestion; and during the past 46 years it has been on the market has made a reputation, second to none, for relieving all stomach troubles.

ENJOYABLE WHIST DRIVE LAST NIGHT

Pythian Sisters Entertained Friends at Affair in Boston Hall—Twelve Tables

An enjoyable whist drive and social evening was held last night in the Boston Hall by the Pythian Sisters.

Twelve tables of whist resulted in the following winners: Ladies' first, Mrs. A. J. Large; ladies' second, Mrs. Ed. Unger; men's first, Walter McLeod; men's second, A. Ivarson.

After card playing, refreshments were served and the rest of the evening was spent in an informal social manner.

The committee in charge consisted of Mrs. D. McCullough (convener), Mrs. P. J. Ryan, Mrs. W. Gilchrist and Mrs. A. Ivarson.

CLAUDE V. SYMES IS COMMITTED FOR TRIAL FOR CAUSING DEATH LITTLE NORMA MUNRO RECENTLY.

and no jury could convict him of negligence or manslaughter on the evidence presented. Negligence could not be inferred directly or indirectly. He thought the prosecutor himself should ask for dismissal.

Not Much Evidence

Mr. Jones explained that it was the duty of the crown prosecutor to bring out the facts of the case. The question was whether or not accused was guilty of culpable homicide. He had admitted that he was aware of conditions on Fifth Avenue East and that children were in the habit of frequenting this thoroughfare. The accused might or might not have exercised the extra care that would develve upon him under such circumstances. There was not much evidence to show it but, perhaps, he had been going a little faster than the occasion wararnted. "I do not think, however," said Mr. Jones, "that there is enough evidence to warrant a conviction of manslaughter but it is up to Your Worship to decide whether or not accused should be committed." Mr. Jones said that the subsequent conduct of accused was in his favor. He had shown that he was extremely sorry for the unfortunate occurrence.

Is Committed

"I have decided on the evidence, to send you before a jury," said His Worship in addressing his decision to Symes. "I do not feel that I have been carried away by the sadness of the case."

Accused had nothing to say when the deposition was read to him. Bail is being arranged in the County Court.

STEWART'S YEAR OF DEVELOPMENT SAYS PORTLAND CANAL NEWS EDITOR TELLING OF PROSPECTS IN HIS CAMP.

(continued from page one)

Dunwell on the north. It has the same vein system and the engineer reports that the rock now being penetrated is identical with the dyke rock passed through before the Dunwell vein was encountered.

The people in the north, Mr. Hull says, are looking for machinery and supplies to arrive within the next few weeks while the snow crust is still on for a number of properties, including the Silver Crest, United Empire, Rufus, Ruby Silver, Emperor and others.

Heavy Machinery

Under the direction of Manager R. F. Hill the heavy concentrator machinery for the Lakeview is being dragged up the hill in record breaking time. The heaviest piece is 4,400 pounds. This property is east of Dunwell. A block and tackle is being used in getting it past the bad places with six horses. A compressor house is being built and by the time the machinery is all on the ground it will be completed.

There is an undercurrent of excitement in regard to the Indian Mines of which J. Fred Ritchie is president and general manager. Mr. Ritchie has been at the mine almost a month checking up the diamond drill work which is now finished. A total of 2,200 feet of holes has been bored in 30 days, driving both ways from the tunnel along a distance of 1281 feet. While Mr. Ritchie refused to talk for publication in some manner it has leaked out that the drills disclosed fine ore bodies, which were unknown prior to this time. Mr. Hull says that when he left Stewart a number of people were trying to buy Indian stock at the present low prices.

An American Property

The Riverside property, seven miles up the Salmon River from Hyder, has a concentrating mill working to capacity handling 60 tons of ore a day and turning out 15 tons of concentrates. There is on this property a mile of underground workings and an enormous tonnage of ore blocked out. The peculiarity of this mine is that it lies entirely in the grano-diorite formation which is usually considered barren. The development of this mine has been due to the courage of four men under often most discouraging circumstances. These men are Messrs. Strong and Barber of Ketchikan, Black of Seattle and Jack Littlepage, the engineer who has had charge since the property was taken over.

"IDLE TONGUES"

A vivid photo-drama of everyday life, depicting the harm wrought by that public nuisance, the idle gossiper. Idle Tongues, worse than serpent's fangs, false gossip is their text. Everyone should see this brilliant photo-play, an adaptation of Joseph C. Lincoln's famous novel, "Dr. Nye." Come and learn how to guard against venomous tongues that wag the fastest when they have least to wag about. No man or woman is safe. You, yourself, may be the next victim. Superb settings and scenery. Exceptional cast.
