PROSPECT FOR OIL IN NORTH

Imperial Company Will Finally Establish Worth of Fort Norman Field

CALGARY, April 6.— The Imperial Oil Company will seek for a definite decision of the old prospects in the Canadian Arctic this summer. The company, which has been drilling at Fort Norman since 1921, hopes this summer to establish the true worth of the field. It is known that a party under Augus Sutherland, who superintended the operations last summer, will leave here for Fort Norman as soon as it is possible to travel. Going in by way of Fort Nelson they will avoid Great Slave Lake and will be able to reach their destination earlier than if they waited for the ice to clear from this body of water. With the best of luck, however, it is not likely that the party will reach Fort Norman before July 1.

When the party arrives at Fort Norman they will continue drilling the No. 2 well which is now down 800 feet. They will push the hole down aother 500 feet, to the same depth at which oil was struck in No. 1 well. Great care has been exercised in drilling this hole in order not to freeze in the casing as happened in the No. 1 well.

The company's plans for the future in the far north will depend largely on the result of this summer's drilling.

WATER NOTICE.

DIVERSION AND USE.

TAKE NOTICE that the Skeena River Packing Company, Limited, whose address is 1318 Standard Bank Building, Vancouver, B.C., will apply for a licence to take and use 5 cubic feet per second of water out of Wolf Creek which flows northwesterly and drains into Porpoise Harbour about north end of 11th Avenue, Port Edward Townsite. The water will be diverted from the stream at a point about one and a half miles from the mouth at point of diversion of Port Edward Townsite water system and will be used for industrial purpose upon the land described as part of foreshore Lot number 4476, Range 5, Coast District. This notice was posted on the ground on the 23rd day of March, 1925. A copy of this notice and an application pursuant thereto and to the "Water Act, 1914," will be filed in the office of the Water Recorder, Prince Rupert, B.C. Objections to the application may be filed with the said Water Recorder or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B.C., within thirty days after the first appearance of this notice in a local newspaper. The date of the first publication of this notice is March 26th, 1925.

ONLY THE MOTHER KNOWS ABOUT THE COUGHS AND COLDS OF THE CHILDREN

It is hard to keep them from taking cold; they will run out of doors not properly clad, or have on too much clothing; play too hard and get over-heated, and cool off too suddenly; get their feet wet; kick off the bed cloths at night, and do a dozen things the mother can't prevent.

The prompt use of

DR. WOOD'S NORWAY PINE SYRUP

will check the cough or cold before any serious lung trouble can possibly develop.

Mrs. Everett E. Keetch, R.R. No. 2, Fredericton, N.B., writes:—"My little boy, age nine years, had a dreadful cold which left him with a bad cough. I tried Dr. Wood's Norway Pine Syrup, and after using three bottles he was completely relieved. I would advise all mothers to use this remedy for their children as it is an excellent medicine."

PILE DRIVING TO COMMENCE

End of this Week Should See Beginning Made; Piers Progressing

Pile driving for the elevator wharf will commence by the end of this week announced Robert Sharp, superintendent of construction for the Northern Construction Co., this morning. The gravel filling by W. C. Arnett has reached a point where the work may now be commenced.

Excellent time is now being made on the foundation work and by the end of this week the concrete piers below tide mark will be finished. Then the piers above tide will be started. The tug Spray is nearing port with another two scows of gravel for the work from Victoria. The end of this month will see the foundation work entirely completed. There is about three weeks' more work for W. C. Arnett's dredging outfit.

AIRPLANE TO GOLD FIELDS

Railway Employees' Industrial & Investment Association's Machine Going North

HAZELTON, April 6. — The Railway Employees' Industrial and Investment Association's airplane Hazelton will participate in the rush to the Dease Lake gold diggings this year. As soon as the machine is put in running order again, it will be taken north by Lieut. Harry Floyd who has arrived from Prince Rupert to become its pilot.

ANOTHER EFFORT TO DISLODGE ORIENTALS

Bill May be Introduced into Legislature at Next Session of House

OTTAWA, Apl 6.—Foreigners are not allowed to own land in Japan, it is claimed here, and for that reason, under the present Japanese treaty, Canada has the right to prevent Japanese from owning or leasing land in British Columbia. This discovery it is claimed, will be used, at the next session of the B.C. Legislature to try to get through a bill preventing the holding of land in B.C. by Japanese. A. W. Neill, member for Comox-Alberni is the leader in the effort to exclude Orientals from farms in this country.

PRAIRIE FARMERS ARE WORKING THEIR LAND

Seeding Expected to be General from Winnipeg to the Mountains this Week

WINNIPEG, Apl. 6.—With the prairies from here to the mountains almost clear of snow, it looks as if seeding would begin nearly two weeks earlier this year than usual. Farmers in Saskatchewan expect to be on the land this week.

In this province plowing has started already on a small scale near the boundary. In Alberta the land is in excellent shape for cultivation and operation will be general this week.

ENCOURAGE MARRIAGE IN CONSTANTINOPLE

Kamal Pasha Orders Wedding to go on Even at His Own Inconvenience

CONSTANTINOPLE, Apl. 6.—A committee of the vilayet of Constantinople has elaborated a regulation destined to put a check upon undue extravagance at marriage ceremonies. Under this regulation the bride is not to provide the furniture for more than one room, and the bridegroom, on his side, is forbidden to offer his wife a ring of greater value than £20 Turkish (at today's rate of exchange about £2 sterling). It is further proposed to suppress the banquets and other festivities normally given to celebrate marriages and births. All these regulations show how earnest is the desire of the Turks to encourage marriage and to increase their diminished population.

According to an amusing little story which has been reproduced here from a local Adana newspaper, even the Ghazi is not averse to encouraging this movement. It appears that a certain deputy who was accompanying the Ghazi on his recent trip round the south had been so busy during the last two years that he had never fulfilled his promise of marriage to the daughter of a Mufti. At last he had been brought up to the scratch, but the journey of the President then intervened, and the marriage was in danger of again falling through. When, however, Mustapha Kemal Pasha heard of the facts, he had the parties called into a compartment of his special train, and it is said that he himself celebrated the marriage and insisted on the bridegroom staying behind with his bride and not following him further on his tour.

Alex Yule, who has been spending the winter in Montana and other northwestern states, returned to the city on the Cardena yesterday afternoon.

Northbound from Vancouver to southeastern Alaska ports, C.P.R. seamer Princess Mary, Capt. C. C. Saintey, is due in port late this afternoon.
