SEVEN DAY ADVENTISTS FORM COLONY ON GRAHAM ISLAND AND ERECT BIG SAWMILL

SETTLERS ARRIVE FOR UP LINE COLONY NEAR TERRACE

TWENTY-FIVE RUSSIANS, VANGUARD OF COLONY, ARRIVE THIS MORNING—WILL SETTLE NEAR TERRACE.

Arriving on the Prince Rupert this morning were twenty-five Russians, the vanguard of the Russian settlement that is about to be established in the vicinity of Hazelton. The party was accompanied by Mr. E. A. Pichugin, secretary to Mr. A. M. Asenchev, C.E., the head of the company, with headquarters at Vancouver, who are engineering the enterprise.

The spectacle of witnessing these big husky Russians filing down the gang plank with their characteristic dress and big bundles on their shoulders was somewhat uncommon, used as the people of Prince Rupert are to the sight of all sides of foreigners of all nations.

This morning the entire party leave on the train for Terrace,

at which place the A. M. Asenchev Company have taken a contract from the G. T. P. for clearing some land.

This will occupy the attention of the new settlers for a period of about a month, at which time some sixty more pioneer members of the prospective community will have arrived, when a move will be made on Hazelton, and the work of clearing the ground for the village and putting up buildings proceeded with.

The majority of these Russians have been in Canada for some little time, having made a success of farming on the prairies, but being attracted to the Pacific coast by the many undoubted advantages offered to them here, both of climate and the richness and fertility of the land they are taking up.

JOE BAYLEY MAY FIGHT HERE NEXT MONTH THINK PROMOTERS

ARRANGEMENTS ARE UNDER WAY TO HAVE CANADIAN CHAMPION AND O'LEARY OF SEATTLE BOX HERE EARLY IN NEXT MONTH.

Messrs. Wright and Strassberg, who have been in communication with Morris Condon, manager of Joe Bayley, the lightweight champion of Canada, and a popular idol of the local fight fans, say that they believe terms will be arrived at for the staging of a boxing exhibition in this city sometime early in November between Joe and O'Leary, the fast Seattle lightweight, who is coming to the fore so rapidly.

Bayley meets either Pal Brown or "Fighting Dick" Hyland in Tommy Burns' arena at Calgary on Thanksgiving Day, and the fight here will follow that mill. Hyland is a top notcher and so is Brown, and a victory over either one of those lads would put the British Columbian in the limelight on the other side of the

border as well as in the eyes of the Canadian fight fans. Especially since Tommy Burns has been handing out the dope in favor of Brown.

Messrs. Wright and Strassberg have received a telegram from Condon making certain demands regarding the financial arrangements and this has been promptly replied to in a manner which the local promoters are confident will meet with the approval of Bayley and his manager.

J. A. Kirkpatrick, pioneer clothing man, and heavily interested in mining and real estate in this district, returned this morning on the Prince Rupert from a trip to the south.
