JOHN DILLON IS IN DANGER

Hurled from Auto Car near Dundalk and Picked up for Dead.

John Dillon, Nationalist member of parliament, was dangerously injured about the head and back in an automobile accident near Dundalk. It was at first thought Mr. Dillon was dying, and a priest administered the last sacraments. The injured man rallied, however, and was removed to a Dundalk hospital, where he is in a serious condition. The automobile dashed into a culvert and Mr. Dillon was thrown through the glass screen.

Mr. Dillon suffered a severe concussion of the spine, which deprived him temporarily of his power over his limbs. He also received a severe cut on the forehead, which required several stitches.

BACKS JOHNSON AGAINST TWO

Sensational Mill Suggested by Rickard $50,000 Purse Offered Black Champion to Beat Two "White Hopes."

G. L. (Tex.) Rickard, who is now in Buenos Ayres, who was the promoter of the Johnson-Jeffries fight in Reno, July 4th, will offer a purse of $50,000 for Jack Johnson to fight any two men in the world, the same afternoon for the world's championship.

Rickard declares his belief that Johnson can defeat any two men in the world, one after the other.

"All I ask," he writes, "is that Johnson be given a rest of fifteen minutes after disposing of the first adversary. The fighters would be taken on by Jack in the order mutually agreed upon. I do not care who they are. Jack Johnson can beat both in one ring the same afternoon and with only fifteen minutes rest between the bouts."

The letter says if the arrangement goes through the fight will be staged in Buenos Ayres.

PRINCESS ROYAL PASSED NORTH

Popular C. P. R. Steamer Had Full List of Passengers Many Prospectors.

The Princess Royal in charge of Captain Neurotsos which called at Prince Rupert yesterday on her way to Skagway inaugurates the summer schedule to Alaskan ports. The Princess May and Royal will give a five day service between Victoria and Vancouver and Skagway, Juneau and other points in the north.

A short time ago the Royal was given a thorough overhauling and afterwards relieved the Princess Adelaide on the Vancouver run. When she passed here on Monday she had nearly every stateroom taken by prospectors and men of other occupations who are going in to attempt to make the north yield some of her vast fortunes. The Royal also carried a full cargo of general freight, including considerable food supplies.

CITIZENS' MONEY

CONTINUED FROM PAGE 1

of the town in which with a poor police force the license holders simply snapped their fingers at the board, and when dissatisfied with its rulings carried their plaints to a higher court and gained what they desired. He argued that though it might cost some money, it would be worth while as Prince Rupert was the victim of an instance of this, to incur the expense to regain the position lost. "My plan would be to appeal to the Provincial Government," he said.

Morrissey Speaks Out

Here Alderman Morrissey got in his. "I must take exception," he said, "to this use of whitewash by Alderman Newton."

Here Acting Mayor Hilditch hastily interrupted, "I must ask you to use plain English that we can all understand, Alderman Morrissey," he said.

Alderman Morrissey: "Certainly, I am doing so. I object to this whitewashing. This whole affair was the outcome of a petition . . ."

Acting Mayor Hilditch, again: "We are dealing with the Licensing Board over which we have no control. Unless you have been in actual communication with the Board do not reveal matters of which you are not absolutely sure."

Well Known Truths

Alderman Morrissey: "These are matters which are common knowledge. I am revealing nothing in regard to the Licensing Board which the citizens do not know very well already. "He went into the history of the Prudhomme case from the carpenters' petition to the present time. "The court at Victoria," he said, "has upheld the action of the Board which granted Prudhomme his license at first, and has declared that the other Board acted illegally." He went on to point out how strong was the influence of the Provincial Government upon the present Licensing Board "In asking for this money," he added, "they are asking for a tremendous obligation. They are asking the citizens of Prince Rupert to dig down into their pockets for a good deal."

Newton Sees Blind Pigs

Replying to the accusation of being a whitewasher, Alderman Newton took exception to the expression, and denied that he whitewashed at all. He repeated his contention that Prince Rupert would be wise in expending money to regain the rights of her License Borad which had been robbed by the court down below. If the controlling power of the Board were to be taken away like this he said he could see us very soon back in the dissolute days of Blind Pig regime.

Motion Goes Through

There was no more talk after this. Acting Mayor Hilditch with some tact hurriedly put the motion. There was a chorus of loud ayes from Alderman Smith, Alderman Kirkpatrick, Alderman Newton, and Acting Mayor Hilditch. The nays were not so loud. Alderman Douglas and Alderman Morrissey voted. Alderman Kerr seemed undecided. Alderman Morrissey asked for a show of hands, and that the vote be recorded. Alderman Kerr's silence under the new Procedure By-law means an "Aye" vote.

Licence Commissioner Hilditch

Previous to the carrying of this motion Alderman Hilditch in his capacity as Acting Mayor, had by the advice of the City Solicitor, been appointed Chairman of the Licensing Board which is to meet on Wednesday, June 14th. Alderman Hilditch professed himself most unwilling to assume this onerous position in spite of the honor done him by the council, owing to the extreme importance of the business to be dealt with on Wednesday. But though Alderman Douglas moved that Alderman Newton be appointed, and Alderman Kirkpatrick's name was also suggested, the City Solicitor, who can take care of the council nicely in the Mayor's absence, threw the weight of his influence strongly in favor of Alderman Hilditch, and the appointment was speedily made.

GOOD HEALTH IN RUPERT

Medical Health Officer's Report Shows Death Rate of Four and Birth Rate of Nine per Thousand.

That Prince Rupert is the healthiest city in the whole Dominion if not in the world was again borne out by the report for the last month of the Medical Health Officer, D.r J. O. Reddie. The city is at present in excellent health. There has been only one case of infectious illness during the month, typhoid, probably imported. The death rate works out to only four per thousand and the birth rate nine per thousand.

STORMS IN THE EAST

Three Persons Killed at Philadelphia by Falling Trees and Buildings.

(Canadian Press Despatch)

Philadelphia, June 13.—Violent storms with much lightning are sweeping through the district on the trail of the great heat. A great electrical storm visited here last night uprooting trees and injuring buildings and telegraph wires. Three persons were killed as a result and many others are injured.

A LITTLE ON LANES

Here and There Citizens Clearing Lots May be Allowed to Dump.

As a special favor owing to the circumstances permission will be given William Benson who is having lots cleared by Messrs. McInnis & Kelly, to dump excavated material on the lane near his property. The lane requires filling here, and Mr. Benson will be allowed to fill to within fifteen feet of the grade line.

Paul Kauffmann wanted to do some, but permission was not granted in spite of the Golden Rule stunt of Alderman Newton who said that Paul had displayed no great love for himself, but still on the principle of "love your neighbor" he was ready to move that permission should be granted to Mr. Kauffman to dump.

RODE A BUCKBOARD

But Charles Vaughan Delivered the Goods

There is hardly a healthy young man with even half an eye for neatness and a fair conception of the fitness of things between here and the Yellowhead Pass, but who is wearing or has on order a 20th Century Brand suit of clothes.

Charles Vaughn of Sloan & Co., well known clothing firm of this city, has just returned from a six weeks tour of the interior.

To introduce this brand of clothing to the dwellers in the hinterland, Mr. Vaughan had to mush a good many leagues, do a stretch of miles on those models of discomfort, a western buckboard, and travel another stretch of country by dog team. He made it pay though for he sold a few thousand dollars worth of suits.
