Norwegian Independence Day, May 17, Oddfellows' Hall. Program 8 o'clock, dance 10:30. Admission 50c. All welcome. 11b

William Elkins of the local Canadian Pacific Railway office sailed yesterday on the Princess Norah to make the round trip to Skagway and other Alaska points as a holiday.

Another enjoyable Cinderella dance was held by the Canadian Labor Defence League Saturday night in the Exchange Block Hall, a large and jolly crowd being in attendance. Music was by a native orchestra and A. Rushwood was master of ceremonies.

William Brown, post inspector for the Hudson Bay Co., passed through the city on the Princess Norah yesterday morning after a brief trip to Vancouver, being on his way north to make a trip to the Yukon, going in via Skagway and Fairbanks and out via Seward and the Alaska Railway.

AVOID THE DANGER OF CONSTIPATION

Delicious Cereal Overcomes This Condition Safely and Pleasantly

The first signs of constipation may be headaches, tired feelings, sallow complexions, sleeplessness, loss of appetite. If neglected, constipation may seriously impair health.

Today, you can banish constipation by simply eating a delicious cereal. Laboratory tests show that Kellogg's ALL-BRAN provides "bulk" to exercise the intestines, and vitamin B to further aid regular habits. ALL-BRAN is also a good source of iron for the blood.

This "bulk" in ALL-BRAN is gentle in action similar to leafy vegetables. Within the body, it forms a soft mass, and gently clears out the intestinal wastes.

Two tablespoonfuls daily will overcome most types of common constipation. If not relieved this way, see your doctor.

Enjoy ALL-BRAN as a cereal, or use in cooking. Appetizing recipes on the red-and-green package. Sold by all grocers. Made by Kellogg in London, Ontario.

At the recent University of British Columbia examinations Archibald J. Thompson, son of Mr. and Mrs. J. H. Thompson of this city, completed his second year in arts with first-class honors. S. T. Fraser, son of Mrs. J. D. Fraser of this city was granted a supplemental in his fourth year in applied science (mining engineering).
