BULLS FOR SETTLERS

Fifty Animals Distributed in Central Interior in Two Years

PRINCE GEORGE, Dec. 28:—The Dominion Government Bull Loaning Policy has been of great assistance to farmers in this district in improving the quality of the calf crop. Over fifty pedigreed bulls of various breeds have been distributed to settlers throughout the central interior during the past two years. This policy is still in effect and farmers' organizations wishing to use it are required to have their application completed and mailed before January 20 in order to get a bull next spring.

The rules of the policy require that three or more settlers with a minimum of twenty-five cows form an association. The bull is delivered to the nearest station free of all costs and the association agrees to erect a good corral for the bull and give it proper care and attention.
