BARGAINS IN FOUR PIECE SUITS FOR BOYS

Montreal Importers Have Received Large Shipment of Special Values for Fall.

BOYS' HARD WEARING CLOTHING

Four piece suits are the latest for the boys — coat, waistcoat, long pants and knickers. And the Montreal Importers have them in a large variety of patterns. They have just arrived from the east and are all marked at Montreal prices. Most mothers know how the boys' pants wear. They wear faster than the coat or waistcoat. With a pair of long pants in addition to the knickers, these suits will remain dressy and smart until the coat shows signs of wear also. That's the great advantage with these four piece suits. And how the boys like to have a crease down their trousers! Just like their fathers.

These smart suits come in sizes to fit boys from 8 to 16 years. They are in nice Cheviots in blue, gray and drab in a variety of patterns and all in the latest styles. And the price is $9.95 per suit! This is only one specimen of our Montreal prices.

Now, mothers, here is a chance to get some change back out of a $20 bill and at the same time have an extra suit for your boy, that will wear and wear, and have him dressed as well as clothed. There never has been value like this offered in Prince Rupert before and while the selection is full and the range complete, it will pay you to look these over.—Advt.

WAS DRUNK BUT NOT MURDERER

Coroner and Doctor Went to Babine Lake and Exhumed Child's Body

SMITHERS, Sept. 14—Peculiar circumstances surrounding the death of an Indian child on one of the Indian rancheries at the head of Babine Lake called for an investigation and a party of guardians of law and order made the trip to the far away village returning to Smithers Saturday morning after satisfying themselves that no evil deed had been done.

The alleged murder was of a four months old infant, the father of whom, Sebastine Jim, had been imbibing too freely of the white man's firewater and became abusive and rough with his family. The child died soon after and the police were advised that death might not have been natural.

In the interests of justice Coroner S. H. Hoskins, accompanied by Dr. Geo. Paine of Telkwa, Sergt. Service of the Provincial Police, and Corp. Bryce and a constable of the R.C.M.P. made the trip of investigation. The prisoner Sebastine Jim, who was being held on the charge of drunkenness was also taken along. The expedition went overland from Topley ahorse-back, taking four days for the round trip.

The village where the child was buried has a population of about 350 but in about five minutes after their arrival, the police were exhuming the body and after a thorough post mortem examination, death was found to have been caused by natural causes, no evidence of violence being found.

Sebastine was brought back to Smithers and on Saturday morning was tried on the charge of drunkenness. He was found guilty and fined $50.00.
