TURKEY BEATEN AND WILL TRY AND END WAR

TRAWLER CANADA ALMOST SINKS IN HEAVY SEAS OFF BANKS ISLAND--LIGHTENS CARGO

TURKS TO MAKE PEACE PROPOSALS TO THE VICTORIOUS ALLIES IMMEDIATELY

So Badly Beaten and Discouraged is the Turkish Army That the Porte is Compelled to Make Advances of Peace--- Most Remarkable War in History

(Special to Daily News.)
 Constantinople, Nov. 1.—Serious news has been received here from the front and upon receipt of it the council convened and after some hours are still sitting at 11 o'clock this morning. It is believed that the ministers and the Sultan are discussing the advisability of concluding the war.

Intense excitement reigns in the city and the wildest kind of stories are running about the city. The fate of Nazim Pasha is unknown. Some say that he was taken prisoner, others that he was killed and again that he committed suicide upon seeing the battle going against him. The Bulgarian forces are supposed to be closely following the Turkish army, which is within fifty miles of Constantinople. Scenes in the streets of the city were terrible when the news of the defeat of the army was heard. Men ran to and fro cursing the victorious Bulgarians.

London, Oct. 31.—The four days' battle in Thrace ended in a complete triumph for the Bulgarian forces under the command-in-chief, General Saffoff, whose skilful strategy has probably brought to a close one of the shortest and most remarkable wars in the history of the world.

The great Turkish army, commanded by Nazim Pasha, minister of war, and consisting of nearly a quarter of a million men, has been defeated and is now in full retreat, and Constantinople, the capital of Turkey, is now believed to be at the mercy of the invaders.

What can be learned from the Turkish ministers is that the government is considering the advisability of suing for peace. The war was only formally declared a fortnight ago. The first week of the campaign closed with the dramatic fall of Kirk Lissesh, which for the first time revealed the disorganization, bad morals and inefficient commissariat of the Turkish army. Although composed of 200,000 men, that army is now defeated and is routed within fifty miles of the sacred city of Constantinople.

Only the most vague reports of the battle of Luluburgas have been received here, owing to the fact that for the first time in modern warfare correspondents have not been allowed to accompany the armies in the field except with the Montenegrin forces.

Sofia, Oct. 31.—The news of the Bulgarian victory was received here with a sense of relief and without any noisy demonstrations. Services of thanks-

giving were held in most of the churches and prayers were offered for the further success of the allied armies in their fight against the Turks.

SKIDOO FOR TEDDY
 Madison Square Crowd Cheer Wilson 23 Minutes Longer than Roosevelt

(Special to Daily News.)
 New York, Oct. 31.—The demonstration in favor of Woodrow Wilson when he arose to speak in Madison Square Garden tonight lasted for one hour and three minutes. He arose to speak at 9.11 and could not be heard until 10.14.

When Roosevelt appeared the day before he was cheered for 40 minutes, or twenty-three minutes less than Wilson.

Fisheries Inspector J. P. Bahcock and C. P. Hickman, inspector for the Naas River, went south this morning on the Prince George to their headquarters in Victoria.

Basket Ball.
 Tigers vs. Crescents at the Auditorium Friday evening, Nov. 1st. Game called at 8 o'clock sharp. Admission 25 cents. Skating after the game. 25¢-25¢

PUBLIC ACCOUNTS SHOW BIG BALANCE

(Special to Daily News.)
 Ottawa, Oct. 31.—Public accounts for the fiscal year show receipts on account of the consolidated fund amounting to \$136,108,217. The expenditure was \$98,164,440, leaving a surplus of \$37,943,776. Net debt was decreased during the year by \$122,591, and stood on March 31st at \$339,919,460.

SCOTSMEN HOLD MERRY EVENING

St. Andrew's Society Have Very Successful Social and Dance in Pythias Hall.

The big social and dance held in the Knights of Pythias Hall last evening by the St. Andrew's Society in fitting celebration of Halloween Night was, as is usual with all affairs given under their auspices, a huge success and attended by a large and merry throng.

Songs, recitations, games and dancing made the all too short hours fly like magic. Refreshments in bounteous quantities were provided by the ladies of the society.

Gray's orchestra dispensed most excellent music, and altogether a most delightful and long to be remembered evening's entertainment was enjoyed by the large gathering of young and old met together in celebration of the night that has been thus commemorated for more years than one can remember.

Those who took part in the entertainment and added to its enjoyment by singing and dancing were: Miss McLean, song; Mr. W. Cook, step dance; Messrs. R. Dowther, R. Gibson, James Kelly and McKinnon, songs.

L. Weston, son of J. G. Weston, the well known transfer man, won with ticket No. 91 the \$10 gold prize at the Majestic Theatre. A splendid program, consisting of several good dramas and comedies, was shown, among which "Lochinvar," by Sir Walter Scott, and a two reel comedy entitled "A Country Scandal," will be featured.

H. E. Knobel, the well known mining engineer who represented Sir Donald Mann during the early days of the Portland Canal quartz excitement, and who has been spending the last week in Prince Rupert, the guest of Major George Linnel, left on the Prince George this morning for the South. Mr. Knobel, whose headquarters are in London, England, is at present engaged in his profession among the iron properties of Northern Ontario.

NORTHERN B.C. ORES ATTRACTED MUCH ATTENTION AT BIG FAIR AT SPOKANE

H. B. Brown Writes of the Success of the Ores From This District at the Spokane Fair and Offers Prospectors Here Advice and Assistance

In a personal letter to the editor, H. B. (Bulldog) Brown, whose successes with the Vancouver mineral exhibit at the two annual fairs in that city are too well known to have to repeat here, tells of the splendid showing made by British Columbia ores at the Spokane exhibition lately. Mr. Brown, who is to attend the mining congress as a representative, makes a splendid offer to the mining men of Northern British Columbia. Mr. Brown says:

"My success with the B. C. ores at the Spokane fair is of special interest to the coast, as those ores were in the limelight and the constant subject of inquiries. So keen did the interest become in the ores of the Northern B. C. coast and the Interior that donations were asked for and were given to the Spokane permanent exhibit of samples of Red Cliff, Portland Canal and Stewart Development companies of Stewart; high and low grade samples from Hidden Creek at Granby; Silver Cup, Lead King, Rocher de Boule, Canadian King, Silver Standard, Harris Bros., and Omineca mines in the Hazelton district. These latter were commented upon with more than usual interest as silver-lead ores have always been a feature in the Spokane mining circles and much capital is now being put into the Coeur d'Alene

and the new Leadville camp in the Tulameen Mountains.

"Prince Rupert is the initial point for those interested who would seek investments in the Northern Coast and Interior and the showings we had cover only an atom of the rich mineral areas known to exist in the territory adjacent to your city.

"There was a very complete showing of coals and cokes from the province, but you will be pleased to know that the main interest was centred in coal coming from the Groundhog Basin and samples from along the G. T. P. Undoubtedly the coal resources of the North are to be an important factor in the development of that section and Prince Rupert.

"Mining is receiving renewed attention all over the world and now is the time to direct capital to this section, and a proper showing of the commercial ores with definite and reliable data as to the working conditions of the district to furnish inquirers will do much to popularize the district. The establishment of a permanent exhibit of the ores of the Northern Coast and Interior with the co-operation of the press and business men with the prospector will attract capital to the section so doing, and if the information published is reliable and the terms agreeable the men

will not be lacking to take hold of likely propositions and develop them as they should be developed. To do this reliable and definite information is absolutely essential as is a proper exhibit of your ores, as the whole world is in competition with you in the mining industry. The American Mining Congress will meet in Spokane on November 25th. Eight hundred delegates will be present from all over the world, as well as interested capitalists and mine owners who will listen to the discussions and scrutinize the data furnished by the different delegates. I have been appointed delegate from British Columbia, and will be pleased to receive samples of ore from the different prospects with information regarding the same by mail. If the owners wish to sell they might say what prices they demand, as often after having seen a promising sample the interested person asks as to the prices of claims in the vicinity, and in that manner I might be able to help your prospectors and the district. You can intimate to them through their mining body or what organization they have in Prince Rupert that any samples addressed to me at Hedley, B. C., will receive my best attention. I will also be pleased to answer any questions that may be asked of me."

GREEKS TAKE TWO ISLANDS

Grecian Navy Took Two Turkish Islands and Raised the Grecian Flag on Them.

(Special to Daily News.)
 Athens, Oct. 31.—Admiral Contouriotis has announced that the Greek squadron under his command have occupied the islands of Thasos and Sobros and have raised the Grecian flag there.

Mr. and Mrs. Phil Hannifan went north on the Prince George this morning to spend the winter in Vancouver. Mr. Hannifan, who has been a resident of this city for nearly four years, was on the staff of the Royal Hotel and was very popular in Prince Rupert.

MASONS HOLD ANNUAL BALL: GREAT SUCCESS

McIntyre Hall last evening presented a most brilliant and gala appearance upon the occasion of the second annual Masonic ball, given under the auspices of the officers and members of Tsimpssean Lodge, No. 58, A. F. & A. M. The ballroom, decorated with a mass of flags of the Empire covering the entire four walls and ceiling of the hall, was a perfect setting to the handsome gowns of the many ladies present and the immaculate evening attire of the gentlemen.

The music was provided by the famous Westholme orchestra, augmented by the services of Professor Kauffmann, and it is needless to say that it was of the very highest order.

At midnight a most delightful supper was served, to which all sat down, when conversation and laughter reigned supreme. Dancing was kept up until the early hours, every one present having a pleasant and most enjoyable time.

The arrangements were carried out in the most satisfactory manner by the committee in charge under the able chairmanship of Mr. Thomas McElymont. Among those present were:

Mr. and Mrs. M. M. Stephens, Mr. and Mrs. J. Christiansen, Mr. and Mrs. J. Jabour, Mr. and Mrs. George Frizzell, Mr. and Mrs. J. M. Carmichael, Mr. and Mrs. J. B. Drummond, Mr. and Mrs. F. G. Dawson, Mr. and Mrs. J. C. McLennan, Mr. and Mrs. J. McLeod, Dr. and Mrs. L. W. Kergin, Mr. and Mrs. D. M. Hunter, Mr. and Mrs. J. F. Ritchie, Mr. and Mrs. S. P. McMordie, Mr. and Mrs. H. F. McTae, Mr. and Mrs. G. W. Kerr, Mr. and Mrs. L. W. Patmore, Mr. and Mrs. G. H. Arnold, Mr. and Mrs. A. T. Parkin, Mr. and Mrs. E. C. Letrace, Mr. and Mrs. Frank Moble, Mr. and Mrs. R. W. Rogers, Mr. and Mrs. R. A. Stalker, Mesdames Chapman, Ferguson, Langdon, Born, Pearce, R. L. McIntosh, H. L. Robinson, G. Bain, J. L. Gray, Misses Jenus, K. Chapman, Kelly, Fulton, Moore, Butterworth, Ginn, Fraser, E. G. Chapman, McIntyre, Drummond, Elliott, Hazlett, Thomas, Du Vernet, Taylor, Haywood, McKay, Gray, Messrs. W. A. Pettigrew, W. H. Mellior, Thomas McElymont, C. W. Peck, C. C. Purdy, H. Douglas, C. F. Brown, Lee Baker, M. H. Large, H. McKeen, I. W. Linnel, W. A. Nobel, W. G. Barrie, C. V. Bennett, G. W. Nickerson, Adair Cars, H. P. Wilson, W. Baer, C. E. Torkelson, W. J. Todd, W. H. Brown, W. J. Hughes, A. B. Russell, S. W. Gidley, R. C. Jardine, G. L. Peck, L. Bell.

BIG GOLD STRIKE AT KITSELAS ON G. T. P.

News was brought down on last evening's train by Fire Warden G. A. Kerr, whose headquarters are at Kitselas, that great excitement reigns at that place over the rich finds of free milling ore that have lately been discovered.

That it is the real thing and is tremendously rich is established beyond doubt. Assays made recently have run as high as \$700 to the ton, and quantities of it are to be found within a short distance of the railroad.

The recent strike made at Kitsumkalum Lake in this district, and the present find is attracting much interest in mining circles to the gold-bearing quartz of that section of the interior where gold is known to exist and which was worked some years ago.

So far no great amount of work has been done, and will not be probably, until the spring, on account of the snow and difficulty of getting supplies, material, etc., on to the ground, for the early stages of development work.

Quite a rush has been going on to the vicinity and a number of claims staked and despite the obstacles to be contended with stated above, one company thinks with the railroad facilities at hand, they may be able to make a trial shipment.

The coming spring will see a great development in quartz mining in this promising district, as for some years experienced prospectors have been going over the ground, and mineral in paying quantities has been known to exist. These men have only been waiting for the railroad through the country to be completed, to enable them to open up their mines and obtain the commercial returns from the known mineral wealth of this rich sec-

tion of the province in the shape of the much to be desired dollars and cents.

SMELT BY ELECTRICITY
 Report to Be Published by Department of Mines Shows Canadian Ores Can Be Smelted.

(Special to Daily News.)
 Ottawa, Oct. 31.—A report has been received here proving that the demonstrations made in regard to electrically smelting Canadian ores has been entirely successful. The report will be published shortly.

Best room in town at Savoy.

STRIKE ON THE C. P. R. MONDAY

Men Will Go Out on Strike Unless Company Meets Them by Monday to Discuss Troubles.

(Special to Daily News.)
 Montreal, Oct. 31.—Unless the C. P. R. treats with the representative employees delegated to meet them before Monday next 500 members of the Brotherhood of Railway Employees will go on strike.

Mrs. Hascamp was a passenger on the Prince George this morning, leaving on a visit to the lower coast cities.

BASKET BALL LEAGUE WILL BE OPENED TONIGHT AT THE RINK

FIRST GAME OF THE NEWLY FORMED BASKET BALL LEAGUE WILL TAKE PLACE THIS EVENING AT THE SKATING RINK—BANKERS FAILED TO ENTER TEAM.

Tonight, in the splendid arena provided by the Auditorium on Sixth avenue, the battle of the rinks will begin. The first match of the season of the basket ball league will be played, the opposing teams being the mighty warriors of many a hard fought battle pulled off in 1911: viz., the Tigers and the Brotherhood Crescents. Five teams in all are practicing assiduously in preparation for the season's struggles.

There was some talk of the bank boys putting up a team, but for some reason or other they have not so far become organized. This is much to be regretted and it is to be hoped immediate steps will be taken at once to remedy this and the boys

will get together and make arrangements to enter the league so as to take part in this healthy and manly winter sport.

There is every evidence that the keenest interest will be shown by the public generally in the merit and form shown this season by the several teams belonging to the league, and every match will be watched by large crowds of the sport loving portion of the people of Prince Rupert.

Tonight Mayor Newton has been invited to be present at the opening game and has graciously intimated his pleasure at accepting and will put the ball in play at the hour the game is called, 8:30 sharp.

TRAWLER CANADA COULD NOT MAKE SKIDEGATE IN STORM

WEATHER WAS TOO MUCH FOR LITTLE BOAT WHICH CAME AROUND THE HORN—WILL COMMENCE TRAWLING IN A WEEK—COAL HAD TO BE THROWN OVERBOARD.

After sailing over 16,000 miles, or more than half around the globe, covering a period of nearly four months, and then to come very close to losing their ship within a few miles of its destination was the experience of Skipper Quinn and his trusty little crew of eight men on the steam trawler Canada, which tied up at the cold storage plant shortly before 4 o'clock yesterday afternoon.

The two steam trawlers, Canada and Triumph, of the B. C. Fisheries Co., of which Sir George Doughty of Grimsby, England, is the head, left the latter port on the 12th of July last for the waters of Northern British
