

## BULGARIANS REACH SUBURBS OF CONSTANTINOPLE

### GOVERNOR OF MONTANA IS BADLY BEATEN BY SOCIALISTS WHO INSULT AMERICAN FLAG

#### BULGARIANS IN SUBURBS OF THE TURKISH CAPITAL CITY

Invasers Reach Outskirts of Constantinople and Will be in Gates Before Long---Turks to Rally But Cannot Win Battle

(Special to Daily News.) Constantinople, Nov. 5.—Turkey has asked the Balkan allies, through the mediation of the great powers, for an armistice, but up to a late hour last night the allies had made no reply to the proposal. It is thought that it is the first step in the final settlement of the war.

London, Nov. 5.—That Turkey will gather together and try to reform the soldiery just outside of Constantinople is the report that has reached here. The final stand will be made behind fortifications just outside of the city. That the Turks will not be able to withhold for long against the allied forces is conceded in all military circles. More than half of the Turkish artillery has been captured. Serbia alone having seized over 300 field pieces.

Budapest, Nov. 5.—The line of

battle is practically in the suburbs of Constantinople and the fighting is clear across the peninsula. The Bulgars are pushing on desperately so as to enter Constantinople before the powers intervene to force peace. Although in point of numbers the Turks are greatly superior to the Bulgarians, they are entirely disorganized. Encouraging reports are being sent out by the authorities in Constantinople, but these are entirely false.

#### NEW MANAGER FOR LAUNDRY

New Superintendent to Take Charge of Pioneer Laundry in this City

The Pioneer Steam Laundry that was recently acquired by a syndicate of local business men has passed under the control of a new superintendent who will take entire charge of the work. Equipped as it is with the latest machinery for up-to-date work, the new management will ensure its many patrons the excellent service that has characterized the institution in the past. The new superintendent, who is a woman of many years experience in the business, having for some time being in the employ of the Canadian Pacific Railway Co., is well qualified to manage a concern of this kind, and the city is to be congratulated upon possessing a steam laundry that will compare with any to be found on the coast cities of ten times the population of Prince Rupert.

#### MONTANA GOVERNOR INJURED BY BUTTE SOCIALIST CROWD

GOVERNOR NORRIS AND PARTY ARE SERIOUSLY INJURED BY SOCIALISTS, WHO ATTACK THEM AND DRAG THE AMERICAN FLAG IN MUD.

(Special to Daily News.) Butte, Mont., Nov. 5.—Governor Norris, of Montana, and several of his friends were attacked and seriously injured last night by a mob of screeching, howling Socialists, who made every effort to kill the Governor. When passing a street corner on which the Socialists were holding an open air meeting, the automobile in which he and his friends were riding was stopped and they were badly beaten. While all were more or less cut and bruised, the Governor was the object of the attack and is rather seriously hurt about the head. Not content with injuring the party, the Socialists tore the American flag into shreds and dragged it in the mud, jumping on it and screaming threats. It was some little time before

the streets were cleared by the police, who charged and recharged the crowd.

#### DESTROYED EVIDENCE

Counsel for J. J. McNamara on Witness Stand at Indianapolis.

Indianapolis, Nov. 4.—Leo M. Rappaport, an attorney, who received \$14,000 as a fee of the McNamara defense fund raised by the American Federation of Labor, was asked in the dynamite conspiracy trial whether he had destroyed evidence after John J. McNamara had been indicted in Los Angeles. Rappaport testified that he went to Los Angeles six days after McNamara's arrest in Indianapolis and took with him a check book and a bank book, that he talked with McNamara in the county jail about the check book and that on returning to Indianapolis he destroyed the book.

#### Baptist Brotherhood Banquet.

The second annual banquet of the Baptist Brotherhood will be held on Tuesday evening, November 5th, commencing at 7:30 o'clock, in McIntyre Hall.

Tickets are now on sale at Rogers Steamship Office, and can also be obtained from all members of the Brotherhood. As there are only a limited number of seats, be sure and secure your ticket early and avoid disappointment. Seats \$2.00.

The City of Seattle arrived from the North this morning at about 8 o'clock, considerably earlier than was expected. It was thought yesterday by her agents here that she would not be in until this evening. Late last night a wire was received saying she might be expected at about 9 this morning, but she beat that out by an hour. She had a small passenger list, travel from the North having slackened off considerably. Eight bookings were made from this place.

#### STARTED FISHING

Steam Trawler Triumph Already on Banks—Canada Will Follow Soon.

The steam trawler Canada, which arrived in the harbor yesterday morning from Alford Bay, going up to the cold storage plant to take on the cold of ice preparatory to starting fishing operations, out of Skidegate in a few days' time, left for the latter place this forenoon. Her sister ship, the Triumph, beat her out in making their ultimate destination, Skidegate, after their 16,000 mile voyage from Grimsby, England, arriving a few hours ahead of her. The Triumph is at present away out in the fishing grounds, and a report of her initial success will soon be to hand. Apparently the men are delighted with everything they have seen so far of the country and say their home port at Skidegate is a fine village and just all right.

#### CONCERT WILL BE VERY GOOD

Rowing Club Pierrot Concert Promises to Be the Best Ever Shown in Prince Rupert.

Rehearsals are taking place most assiduously, sometimes twice a day, in preparation for the Pierrot concert to be given by the Prince Rupert Rowing Club on Wednesday evening next. Bright, snappy and tuneful music, amusing and witty badinage between the male members of the troupe and the indispensable interloper, bringing in a number of local hits of a laughable and entirely harmless nature, together with the brilliant costumes and pretty faces of the Pierrettes, will all go to make up an evening's entertainment that will most assuredly drive away dull care these somewhat gloomy November days. No one should miss taking in the show on Monday next, rain or shine, both from the opportunity offered of having a really good evening's entertainment and also to support the purely voluntary efforts of the large number of ladies and gentlemen who have given their best efforts and a considerable amount of their time to getting up a concert for such a worthy object as the support of the local rowing club.

Prince Rupert has lots of first class amateur talent, and those in the know say that the coming Pierrot concert bids fair to be put on in such a manner that, bringing in, as it does, all the latest songs and music would tax the ability of many a professional company to equal if not eclipse. Seats are on sale at Orme's drug store and are being sold very fast. Seventy were disposed of within a few hours of their being placed on sale.

#### COUNCIL TALKS LONG AND DOES NOT TRANSACT MUCH BUSINESS

City Fathers in Convention Debate Small Matters, But Do Not Accomplish Much---Expert to Report on Matthews' Statement

No business of importance was transacted at the meeting of the city council last night, although many minor matters were debated with all the heat of argument so pleasing to the crowded galleries.

The chief passage of arms was over the hiring of Miss Dunn, or rather the non-employment of that young lady, who has been making constant application for over a year for a trial on the telephone switchboard.

Mr. Love, the late superintendent, did not recommend her for the position, and Mr. Wilson, his successor, in a report recommended that Miss Brandt be maintained in the position she was filling and which Miss Dunn was asking for.

After discussing the matter for nearly an hour the superintendent's report was adopted and the two young ladies names were balloted upon.

The report of the sewerage system handed in by the city engineer was set aside to be considered on Wednesday night at a meeting for that purpose.

Of course the council debated "signs." They seldom miss signs from their meetings. This time the Gidley Company, watch makers, were the unlucky ones, and because they have a small sign which does not burn 200 candle power, they were ordered to take it down.

James Matthews, late superintendent of the Electric Light plant fired his parting shot at the Prince Rupert city council, when on the day of his departure he instructed Messrs. Williams & Manson to write to the council requesting immediate payment of the sum of \$27 for the rent of his typewriter, or legal proceedings would be instituted. The subject which was received in stolid silence by the council was referred to the city solicitor.

A letter was received from Miss Agnes Dunn, stating that in an interview accorded her that afternoon with the present superintendent of the city telephone system, her application for an appointment as a probationer in the telephone office was refused, the superintendent stating that after careful consideration of the matter, he had decided to retain the services of Miss Brandt.

Alderman Clayton, as chairman of the committee, said that it was the latter's intention to give the superintendent an absolutely free hand in the management of his department, also holding him responsible for the fit management of same.

Ald. Morrissey championed the cause of Miss Dunn, stating that her being an older resident of Prince Rupert, should most decidedly give her the precedence over a comparatively new comer. The alderman further wanted to know whether a letter signed by two citizens politically inclined had not been received either by the superintendent or the committee favoring Miss Brandt's being retained in the present position.

Aldermen Clayton and Montgomery absolutely disclaimed any knowledge of any such letter, the latter sustaining the action of the committee.

Alderman Morrissey, waxing quite indignant over the matter, wished to inform the Council that fifty years having gone over his head, during period he had had the opportunity of meeting a perfect legion of engaging and charming young ladies, none had appeared to him more eligible for

the position in question than the young lady, Miss Agnes F. Dunn. The matter was finally settled by ballot, which was suggested by Alderman Morrissey, resulting in the retaining of Miss Brandt by a vote of 5 to 4.

The report of the city engineer covering the sewerage system of the city as far east as Donald street and the height of land on Montreal Hill was received.

The chairman of the Board of Works, in view of the intricate and exhaustive character of the report and its great importance, asked that it be held over for consideration at an adjourned meeting of the Council, to be held at the earliest possible opportunity.

Several of the aldermen spoke in a most flattering manner of the excellence of the report furnished by the city engineer.

The city solicitor suggested

that a bylaw be immediately drafted by himself, with the assistance of the city engineer, dealing with the matter so that voting upon it could take place this year, thereby ensuring a more thorough opinion of the public's wishes than would be obtained later when only those being registered owners of real property in the city would be able to vote on the money bylaws. This was agreed to by the Council.

It was decided to request Mr. Ross, the well known electrical engineer and manager of the City of Seattle system, who was responsible for the installation of the plant in this city, to pay a visit to Prince Rupert at the earliest possible opportunity and overlook the plant and give an opinion as to its safety and efficiency. It was further suggested that if possible the future super-

#### WOMEN VOTE

California Vote is Influenced by Women—Wilson is the Favorite in the Betting Ring.

(Special to Daily News.) New York, Nov. 5.—Wilson remains favorite in the betting on Wall Street, and 5 to 4 on his election is freely offered. All three managers for the different candidates express their confidence in the result of the polls. For the first time in the history of America the women's vote is a factor in the election, but the California women have the power to elect either of the candidates.

#### C. P. R. STRIKE

Three Thousand Workers Walk Out Yesterday—Trouble Not Anticipated.

(Special to Daily News.) Montreal, Nov. 4.—It is estimated that altogether some three thousand baggagemen, clerks, stenographers and other workers on the C. P. R. went out on strike this morning. The railway officials are endeavoring to make light of the trouble and say that they do not anticipate any trouble in filling the places of those who walked out today.

#### PRESBYTERIANS TO OPEN CLUB

Reopening of Club Will Take Place Wednesday Evening—Debate Home Rule.

For the past two years the Young Peoples' Club of the Presbyterian Church has been a real feature in the life of the city. Addresses and debates of the highest class have taken place, interspersed with some of the happiest social gatherings. The club this winter intends to divide the membership in parliamentary fashion and to have full criticism and debate after the address every evening. It is safe to predict that every Wednesday evening during the winter will see a full house at the Presbyterian Hall. The male choir, under the leadership of W. M. Brown, with Mr. Peachy as organist, will furnish the musical part of the opening programme. Many of the best speakers of the city are going to take part in the debate on "Home Rule."
