STEWART MINE CHANGES HANDS

VICTORIA CONCERN, OPERATING IN PORTLAND CANAL DISTRICT, ACQUIRES LUCKY BOY ON SALMON RIVER

VICTORIA, Jan. 18.—A meeting of the shareholders of the Adanac Mines Company of Alaska was held in the offices of the comapny here, when approval was given the recent purchase by the directors of the "Lucky Boy" mineral claim, immediately adjoining on the west the Mammoth group on Fish Creek, in the Hyder district of Alaska, and situated about five miles from salt water on Portland Canal.

In view of the exceptionally favorable conditions under which a tunnel about 100 feet in length has been run on a well-defined lead showing values from $129.96 at the surface to $197.60 when the work was done about four years ago, those present at the meeting expressed the greatest satisfaction.

Thomas Robertson, the company's mine manager reported that he had personally visited the "Lucky Boy" property in the past season and had been fully impressed with the value of the property and he was satisfied that it would be possible for a couple of miners to make good money in mining and shipping the ore that was now in sight. In addition to the main tunnel, drifts had been run to right and left and at about seventy feet from the portal a shaft had been sunk which at the time of his visit was filled with water, but from which, on the authority of H. F. W. Benson, the best of the ore assayed had been taken. Mr. Benson had stated that the ore body widened out as the shaft was sunk and the high grade vein measured about twenty-eight inches at the spot where the last shot had been fired.

NEAR RIVERSIDE

The "Lucky Boy" is in the immediate vicinity of the Riverside mine which some time ago installed a concentrator, and for months past has been a regular shipper of concentrates to the Tacoma smelter.

The Adanac Company is a local concern which has been operating in the Portland Canal since 1920, and with which some well-konwn merchants of Vancouver have become associated. The company now owns twenty-six full sized claims on the mountain behind Stewart as well as six other claims adjoining the Terminus property in the Bear River Valley.

JAIL TERM ON HIM CONFIRMED

NEW YORK JUDGE SAYS JURIES HAD RIGHT TO INQUIRE ABOUT EARL CARROLL'S BATH-TUB PARTY

NEW YORK, Jan. 18. — Two grand juries had a perfect right to ask Earl Carroll, New York theatrical producer, whether anyone occupied a bathtub at a party in his theatre, although they were specifically investigating an alleged liquor law violation, the United States Circuit Court of Appeals ruled here in affirming Carroll's conviction and sentence.

On February 22, 1926, Carrol gave a party in his theatre here and newspaper accounts said Joyce Hawley, a show girl, had served men guests liquor from a bathtub in which she was seated, undraped. Federal officials ordered an investigation of the report that liquor had been served.

Carroll denied before two Federal grand juries that liquor had been served and that anyone had occupied a tub. He was indicted for perjury for both statements.

A jury convicted him of perjury in saying no one was in the tub, but innocent in saying no liquor was served. Appeal was made on the ground that the grand jury investigation was concerned with liquor law investigation and that questions concerning occupation of the tub were immaterial to the issue.

Judge Manton, with two other judges concurring, ruled yesterday however, that the grand juries had a right to ask any questions they liked in their search for the truth.

Carroll, who was sentenced to serve one year and one day in the Federal penitentiary at Atlanta and fined $2,000, is under bail. He announced yesterday in Washington that he was "very sorry to hear of the decision, and that he would consult his counsel before making a statement.

Herbert C. Smyth, his trial counsel, said here he would immediately take steps to have the United States Supreme Court review the decision of the circuit court on a writ of certiorari.

FIND STOLEN RUBY IN SLIPPER HEEL

BERLIN DETECTIVE SEES WOMAN WEARING GEM; LONG HUNT REWARDED

BERLIN, Jan. 18.—Only a few weeks ago the famous Rose diamond was found concealed in an apple in a Paris hotel when a maid bit into the fruit, and now a valuable ruby stolen more than a year ago, has been traced by the police to a cavity in the heel of a dancing slipper.

In November, 1925, a ring, set with this square cut ruby, was stolen in broad daylight from the principal jewelry shop of Berlin's largest suburb, Schoenberg. The other day, a detective, pushing his way through a shopping crowd, suddenly noticed a costly ruby ring on the hand of a woman he knew to be the sweetheart of a notorious cracksman.

Two detectives hurried to the woman's apartment to start a search, but the ring was not to be found. Certain of his clue, however, the detective returned next day with a policeman and renewed the search. After four hours he finally came upon the jewel in the hollow heel of a graceful satin slipper.

LAURIER'S STATUE READY IN PARIS

French Sculptor Completes Work for Canadian Government

OTTAWA, Jan. 17.—The original of the statue of Sir Wilfred Laurier, to be erected on Parliament Hill at Ottawa, has been completed by the Montreal sculptor Brunet, now living in Paris, who was commissioned to undertake the work by the Canadian Government a year ago. Casting of the statue proper will be commenced immediately. It is understood that Premier Mackenzie King, while in Paris some weeks ago, made several suggestions to Brunet which have inproved the work. Hon. L. A. Taschereau, Premier of Quebec, and Philippe Roy, Canadian Commissioner-General in Paris, have expressed their satisfaction with the artist's work.

The unveiling of the statue has been arranged for July 1, in connection with the celebration of the diamond jubilee of Confederation. It has been suggested that at the same time Premier King might plant two poplar trees behind the statue, to soften the prospect in front of the buildings.

Senator Joseph M. Wilson of Montreal has intimated that he will present a replica of the bust of the statue to Laurier House, Ottawa.

THE ARID SOUTH

The tourist from the east had stopped to change tires in a desolate region of the far south.

"I suppose," he remarked to a native onlooker, "that even in these isolated parts the bare necessities of life have risen tremendously in price?"

"Y'er right, stranger," replied the native, "and it ain't worth drinkin' when ye git it."

We see where Mrs. McPherson is to make an evangelistic tour. This ought to go over big. Couldn't they take the whole company along—judges, lawyers, witnesses, etc.—and make a regular show of it?

Could Not Sleep Heart and Nerves Were So Bad

Mr. Geo. Meek, Windsor, Ont., writes:—"I suffered with my heart and nerves and could not sleep at night for noises in my head. I managed to keep at my work somehow, until I began to have dizzy spells which got so bad I could not go to my work. I was afraid to go out any place, for very often I would stagger on my feet, and everything in front of me would turn black and fade away. While I was home sick a friend told me to take I got four boxes and by the time I had used them the pains and noises in my head ceased and I was able to get a good night's rest. Although that was six years ago I have never been troubled with that complaint again." Price 50c. a box at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

MILBURN'S HEART AND NERVE PILLS

MUSSOLINI DOES MUCH IN ITALY

HAS HELPED HIS COUNTRY MORE THAN ANY OTHER OF NATIVE SONS

MONTREAL, Jan. 17.—"Mussolini has done more for Italy than has any other of her native sons for generations." Mrs. Henry Joseph referred to the Fascist leader in this way when she addressed the Outremont and North End Women's Club. As one whose own family connections see at first hand what she termed "the inner workings of Italy," she referred to the Socialists and the Fascisti as she had studied them on a trip three years ago and again last spring. She pictured Mussolini, "the man of a 100 wounds," firstly as a former Socialist.

"Because those of his own political belief," said Mrs. Joseph, "behaved so badly, he repudiated them, and, in doing so, took his own life in his hands. He linked his fate with the Fascisti. Italy has not had a fair deal for generations, but now Mussolini is seeing that she gets it, and matters are growing better and better. Mussolini has been misrepresented a great deal over here, but we must appreciate the good work he has done and the love he holds for his country."

It may come as a surprise to a lot of people that such is the case, but a scientist has just announced that the eyelids of a frog wink upward.

'Baker's Breakfast Cocoa

Has the Endorsement of High Medical Authority

COCOA made by a reputable manufacturer has a definite food value. It is nourishing and will sustain, for instance, a typhoid patient, for several weeks or indefinitely. A brand of cocoa that has been on the market for many years and has been a favorite prescription of thousands of physicians is that of Walter Baker & Co., Limited, Dorchester, Mass., and Montreal, Que. It is absolutely pure and is put up under the most sanitary conditions. The medical profession of Canada may continue to prescribe it, knowing that any package bearing the name of Baker is "right."

Grotto	1	1	1
Knights of Columbus	1	1	1
Dry Dock	0	2	0
Sons of Canada	0	2	0
Orange Lodge	0	2	0

SPORT CHAT

Owing to the extremely cold weather, the Prince Rupert Basketball Association has decided to call off the fixtures scheduled to take place tonight in the Exhibition Hall. Despite heating arrangements that have been made in the big building, it is felt that it will be impossible to keep Jack Frost out of the games so he will be given a clear hand to get all the fun he wants without any basketball players or fans to disturb him. The games thus postponed will be played at the end of the season if necessary.

The Prince George Golf and Country Club is to be incorporated with a capital of $25,000 to maintain a golf course. Seventy-six acres of level land, on the banks of the Nechako River, will be leased from the C.N.R. for twenty-one years at a nominal rental and laid out as a nine-hole golf course. The spot chosen is a very beautiful one, containing facilities for bathing and has tennis courts.

A skating and hockey meeting was held in Burns Lake when it was decided to take advantage of the weather conditions and keep up the rink, which has already been put in fair shape and is being patronized considerably. A. M. Ruddy was elected president, R. C. Commons, secretary, Rev. W. R. Ashford, treasurer. These three with M. F. Nourse constitute the executive. It was decided to engage a caretaker for $60 for the next month. Prices for tickets for the balance of the season were fixed at $3.00 for adults and $1.50 for school children over eight years old. Efforts are being made to get the hockey team in shape and a few outside games may be booked later.

BIBLE STUDENTS OPEN RADIO STATION

Toronto Station Has as Large Range as Any in Canada

TORONTO, Jan. 17.—CKCX, the fourth of a chain of Canadian Radio Stations used by the International Bible Students Association for broadcasting their popular programs, has recently been completed at Toronto. While not rated as the most powerful station in Canada, recent tests have demonstrated conclusively that it has the largest range of covered territory of any Canadian station, having already been heard in practically every inhabited part of the North American continent, and as far south as Jamaica. Many thousands of letters, complimenting this station on the excellent quality of the reception, and on the high-class programs presented to the radio public, have already been received.
