# Mother's Day is worth Father's Hour

Father's hourly wage will pay for the washing of the weekly family bundle. The weekly wash costs Mother a full day's time, to say nothing of the drudgery involved.

Surely mother's day is worth Father's hour.

# The Most for Your Money

Intelligent economy is simply a matter of securing the most for your money. In health matters this is as necessary as in the ordinary transactions of daily life. Wherefore it is necessary that you know what Chiropractic is, and what it will do for you.

Chiropractic is the science of nerve transmission. Nerves transmit the motive power of the body. Pressure upon nerves prevents free transmission. Chiropractors adjust the spine to remove pressure, and thereby achieve the effect of keeping the body at its best.

By my chiropractic health method I correct diseases of the eyes, ears, nose, throat, lungs, heart, stomach, liver, kidneys, bowels and lower organs.

# SLIGHT LETUP ON SHIPMENTS

TOTAL AMOUNT EXPORTED THROUGH VANCOUVER IN WEEK JUST ENDED 1,884,158 BUSHELS

VANCOUVER, May 12 — There is a slight letup in the grain shipments from this port, the week's clearings being as follows:

La Marseillais for Havre, Antwerp or Dunkirk, 93,999 bushels; for Antwerp, 56,747 bushels.

Dalemoore, for Cork, 175,576 bushels.

Rainton, for Hamburg, 340,853 bushels.

Sagoland, for Avonmouth, 325,435 bushels.

King Malcolm, for London, 324,089 bushels.

Axel Johnson, for Swedish ports, 162,400 bushels.

Montreal Maru, for Tsingtao, 16,667 bushels.

Columbia Maru, for Yokohama, 23,166 bushels; for Tsurimi, 198,334 bushels.

Hagt Maru, for Kobe, 35,000 bushels.

# MAGIC BOOKS IN NEW YORK

**Only Licensed Magicians and Conjurers Allowed to Buy Modern Ones**

FOOLING THE PUBLIC

**People are Allowed to Know About Tricks Only After They Are Worn Out**

NEW YORK, May 12.—With a twist of the wrist Hermann the Great stuck a knife through his head, picked a rabbit from the air in front of him and, turning casually upon his heel, banished his assistant into complete nothingness with an imperial gesture.

A record of these and still "more wonderful feats that will dazzle the eyes, startle the mind and amaze all," are on exhibit at the New York public library in its special display of books and prints dealing with the gentle art of conjuring and magic.

The art is not a new one, but despite its antiquity and its universal nature it is an exclusive one. Only bona fide magicians are in the know about certain modern tricks. A feat becomes the property of the general public only after it has served many useful years in fooling that same public.

The display is announced as the only exhaustive one ever collected. It is a combination of the library's own collection and those of Dr. Saram R. Ellison and of John Mulholland, secretary of the Society of American Magicians.

Books on magic appeared as early as the fifteenth century in all countries shortly after the invention ahd general use of printing.

From then it has flourished until today there are correspondence schools, societies of magicians and special magic book publishing houses.

Only licensel magicians and conjurers are allowed to buy the books on the market today, or to subscribe to any of the several magazines published in the interest of the profession.

These men, explained Mulholland, make their living by knowing things that the public does not know and the moment this knowledge is public property, there is no longer use for the magician. Every practicing man of magic must sign a document and take an oath that he will not divulge the secrets of the book or magazine that he buys or let it fall into the hands of one not of the fraternity.

The exhibit contains the books of Chung Ling Soo, an American named William E. Robinson, who kept Europe guessing about his identity for 20 years, Robert-Houdin, from whom Houdini took his name and whom he later "exposed"; Prof. Louis Hoffman and Hermann the Great, who avowed a liaison with the devil.

# SYNOPSIS OF LAND ACT AMENDMENTS

PRE-EMPTIONS

Vacant, unreserved, surveyed Crown lands may be pre-empted by British subjects over 18 years of age, and by aliens on declaring intention to become British subjects, conditional upon residence, occupation, and improvement for agricultural purposes.

Full information concerning regulations regarding pre-emptions is given in Bulletin No. 1, Land Series, "How to Pre-empt Land," copies of which can be obtained free of charge by addressing the Department of Lands, Victoria, B.C., or to any Government Agent.

Records will be granted covering only land suitable for agricultural purposes, and which is not timberland, i.e., carrying over 8,000 board feet per acre west of the Coast Range and 5,000 feet per acre east of that Range.

Applications for pre-emptions are to be addressed to the Land Commissioner of the Land Recording Division, in which the land applied for is situated, and are made on printed forms, copies of which can be obtained from the Land Commissioner.

Pre-emptions must be occupied for five years and improvements made to value of $10 per acre, including clearing and cultivating at least five acres, before a Crown Grant can be received.

For more detailed information see the Bulletin "How to Pre-empt Land."

PURCHASE

Applications are received for purchase of vacant and unreserved Crown lands, not being timberland, for agricultural purposes; minimum price for first-class (arable) land is $5 per acre, and second-class (grazing) land $2.50 per acre. Further information regarding purchase or lease of Crown lands is given in Bulletin No. 10, Land Series, "Purchase and Lease of Crown Lands."

Mill, factory, or industrial sites on timber land, not exceeding 40 acres, may be purchased or leased, the conditions including payment of stumpage.

HOMESITE LEASES

Unsurveyed areas, not exceeding 20 acres, may be leased as homesites, conditional upon a dwelling being erected in the first year, title being obtainable after residence and improvement conditions are fulfilled and land has been surveyed.

LEASES

For grazing and industrial purposes areas not exceeding 640 acres may be leased by one person or a company.

GRAZING

Under the Grazing Act the Province is divided into grazing districts and the range administered under a Grazing Commissioner. Annual grazing permits are issued based on numbers ranged, priority being given to established owners. Stock-owners may form associations for range management. Free, or partly free, permits are available for settlers, campers and travellers, up to ten head.

# Waterfront Whiffs

(continued from page five)

employed in packing salmon from Hippo Island to Butedale. The Haida Chief is a new boat, having been built in Vancouver only a year ago. Last year she was operated on the Queen Charlotte Islands and at Wales Island for the Canadian Fishing Co.

Paul Johnson has his pleasure boat on the old grid of the Prince Rupert Yacht & Rowing Club for hull work. The craft will remain there until May 22 when the high tides of the month will float it off.

YACHTSMEN BUSY

Thursday afternoon saw the floats of the Prince Rupert Yacht & Rowing Club alive with local yachtsmen busy with the paintbrushes, saws, hammers and other implements of warfare making their respective craft ready for the summer season which, judging from weather conditions the past few days, should soon be with us. It won't be long now before the big noise commences.

After spending a week here following her hectic trip across Hecate Straits during which she was adrift for many days and was finally rescued in the vicinity of Ketchikan, the Anglican mission boat Western Hope, with Rev. C. O. Derby in charge, will sail Monday on her return to Massett. The Western Hope received repairs to damage caused some time ago when a fire occurred on board her and for which purpose she originally set out for Prince Rupert.

The American halibut boat Mildred II., news of whose burning to the water's edge in northern waters, was received this week is the first total loss sustained so far this season by the Pacific coast halibut fishing fleet. The Mildred II. landed a catch at Prince Rupert about the middle of April. Casualties of importance have been comparatively few among the halibut fleet this season. Last year by this date, no less than three total losses for the season had been recorded. Weather so far this season has been much better on the banks than that which prevailed in 1927.

Following the amalgamation of the interests of the Goose Packing Co., Ltd. and the B.C. Packers Ltd., it is learned at Prince Rupert that Richard Gosse will become general manager of the concern with Thomas Gosse assistant manager and Robert Gosse, production manager.

NEW COMMISSARY BUILDING

The northeast corner of the Canadian National wharf near the vehicular approach is now being put in shape for the erection of a new train and steamer commissary building. The structure will be one storey in height, measuring 20 by 40 feet. The old commissary headquarters were destroyed last year in the fire which wiped out Shed No. 1.
