#### Bayley Learns Boxing.

Before Joe Bayley, the Cana-

dian lightweight champion, en. ters the ring again, Morris Condon should see that the lightweight title holder has had a lot of schooling in the hands of some reputable fight masters. The time has been reached when Bayley can advance no farther unless his methods of training are changed. In his fight with Hyland at Calgary on the holiday, Bayley showed a palpable weakness at infighting. This should not be. Bayley has the punch to work at short range, and with a agents in the N. H. ## You Can Thank

TEXT time you step into the corner store, take a look around. Of all the articles on the shelves, how many were on your shopping list five years ago? Make it ten years, and you will find that most of the things you buy to-day—and could not do without—were not even made then.

You men and women who buy things, let this sink in. You are better men and women because of advertising. You eat more wholesome food. You wear better clothes. Your home is better furnished. You have cleaner and more sanitary houses. You read better books and magazines. You seek more healthfuramusements.

Your whole standard of living has been raised—and why? Because the men who make these better things are telling you that you will be more comfortable, happier and healthier if you use these higher grade goods.

It is advertising that makes it possible for you to buy "the best" right at your corner store. It is advertising that encourages the inventor to make new comforts and new utilities and enables you to buy

them almost immediately after they are perfected.

J. J. Hill says this "high living" costs more. True for J. J.-but it is worth more. And leaving the cost aside, do you want to go back to buying jam out of a pail, oatmeal out of a barrel, raisins out of sticky boxes, or tea exposed in an open
