The Bus Driver

Buses have to operate on schedule and we make sure of dependable service by using Champion Spark Plugs.

Champion is the better spark plug because it has an exclusive sillimanite insulator specially treated to withstand the much higher temperatures of the modern high-compression engine. Also a new patented solid copper gasket-seal that remains absolutely gas-tight under high compression. Special analysis electrodes which assure a fixed spark-gap under all driving conditions.

VICTORIA LADY MAKES PROTEST

IS CANDIDATE BECAUSE CONSERVATIVES WILL NOT RECOGNIZE WOMEN IN PARTY.

VICTORIA, July 14.—"The political machine has been working overtime of late to keep our women out of the inner circles. We are not yet out of bondage, for we still go about fettered and tethered. According to the men in the Conservative Party, women's range in politics should be confined to working for men, voting for men, and then serving tea if you will. There our efforts must stop," said Mrs. Alice McGregor, Independent Conservative, speaking here.

EMPTY ELECTION PROMISES

"It's a pity that even yet women must cry out for equal rights in the political world. The men, as far as our Conservative Party is concerned, are still in full possession all over Canada. They are running true to form, carrying out their tradition of 'what we have we hold.' A weak proposition was put to me by one of the four candidates nominated in the convention. He said that if at this very critical time we would only let them be elected, they would take care of the women's cause after their election. The typical election promise! Party must not come before women's equal rights," she continued. "And we women do not consider we are enjoying equal rights in the Conservative party until we are taken into confidence o the inner circle of our party and given the same opportunity as our men."

The women wondered at each election why a woman was not given a place on the ticket of the party they stood for, Mrs. McGregor observed, but they voted and the situation remained a mystery to them. But as long as the women could be kept mystified, the men felt they had accomplished their ends.

Some 150 persons made the trip on the boats Anna J., Capt Eli Skog; Rosina B., and Helge H., Capt. Maurelius Halkestad, and, with visiting the points of interest around the quaint little settlement and enjoying abundant and delicious refreshments, the occasion proved to be a most enjoyable as well as successful one. NATIVES OBJECT TO USE OF WORD "SQUAW"

Making War on London Newspaper for What They Call Offensive Term

LONDON, Ont., July 16.—There is no lack of gallantry toward their womenkind to be found among the Chippewa band of Indians on the Muncey Reserve, near London, for they have declared war on a London newspaper for having talked of "squaws and papooses" in reporting the probe into charge of maladministration on the part of Indian Agent McGookin.

William Tomigo enlightened as to the view-point of the Chippewa band, whom he represents as a council man.

"White people don't seem to know," he said, "that to the Chippewa 'squaw' does not mean a lady or wife or woman in the inoffensive sense. It really means shape of a female, with vulgar suggestions."
