Man in the Moon

Things you can't do:

Stop an irresistable force by placing an immovable object in front of it.

Slam a revolving door.

Make a politician believe his party is wrong.

Make the young people believe you were better when you were young than the flappers are today.

Stop girls from powdering their faces.

The beautiful eyes
Like the blue of the skies
Are things that I like to see
But that's not the beauty
I admire about cutie—
What I like is her sweet dimpled knee.

Never try to patch up your quarrels. New ones are much fresher.

The time to give intelligence tests should be just when a girl is about ready for marriage. These should be kept on file for the use of male applicants.
