SEASON IS NEAR END

Many Playground Activities Are planned For Coming Week

With the end of the season in view, the Gyro playgrounds are in the midst of preparations for the final display to be held on August 29.

Among the activities listed for this week are dance rehearsals for the girls on Monday, Wednesday and Friday afternoons in the gymnasium building, a kiddies' party on Tuesday evening at Westview playground, a dress-up day on Thursday afternoon at Seal Cove and a stunt night on Friday evening at the Acropolis Hill playground.

All these events are to take place as well as the regular activities such as tumbling and vaulting classes on Tuesday and Thursday evening, swimming and life saving classes on Tuesday and Friday at McClymont Park and Morse Creek while the following games are to be played in the basketball and softball leagues to finish the schedule:

Senior boys' basketball—Acropolis vs. Seal Cove, Monday evening.

Intermediate boys' softball—Westview vs. McClymont, Monday afternoon; McClymont vs. Acropolis Wednesday afternoon, 1:30.

On the afternoons on which there are no special activities listed for Acropolis Hill playground, there will be special classes in tumbling and pyramid building for girls and junior boys.

Girls' Track Meet

Not to be outdone by the boys, the girls are going to be given a chance to show what they can do in the track and field events when they take part in a track meet on Thursday at Acropolis Hill.

Events for the girls will include the 100 yards dash, standing broad jump, running broad jump, high jump, relay race and some novelty races.

Entries for the events may be made with the directors at any of the Gyro playgrounds before Thursday. Teams for the relay races must be made up before the meet but post entries for the other events will be accepted.

Miss Kitty Cameron, director on Acropolis Hill playground, is in charge of the meet.

Life Saving Exams

On Sunday next pre-examination trials for the Gyro Club playground life-saving awards will be held at the Salt Lake. In order that all those participating in the classes to date may have every opportunity of passing the tests for the various awards, it is imperative that they attend the classes at the gymnasium on Tuesday and Friday evening in order to familiarize themselves with the various drills necessary as well as the theory and anatomy which is to be taught.

Judging from the enrolment and attendance at the classes so far, there should be at least 25 persons trying for the Bronze Medallion. In addition, there are two girls, Chiea Nishakaze and Betty Barber, who will attempt to pass the test for the Award of Merit and Silver Medallion. There is also a possibility that one of the boys, Bill Long, will try to pass both the Award of Merit for the Bronze and Silver Medallions so interest is running high and there should be a large turnout for the final tests.

It should be clearly understood that these classes in life saving are for the benefit of all interested parties regardless of whether or not they feel capable of passing the examinations. The fact that tests are to be held should not deter these people from attending the final classes. In fact the final classes will serve to increase the swimming ability and general useful knowledge of anyone taking part.

Due to misinformation received by local friends, it was reported last week that Mrs. Richard Perry, formerly of this city, had died in Winnipeg. It has since been ascertaned that, althought Mrs. Perry is seriously ill, she is not dead.

William Turnbull, firmerly editor of the Prince Rupert Daily News, is now back in Victoria after having been for several yars located in Buenos Aires, Argentina, according to word received by local friends.

Mississippians Back In Houston

JACKSON, Mississippi, August 15—The "Know Mississippi Better" party, under the leadership of former Governor Dennis Murphree, has returned home from its annual trip which this year took a party of some two hundred Mississipians as far north as Prince Rupert and Stewart, British Columbia, and Hyder, Alaska.

"In my opinion," said Mr. Murphree following his return home. "The scene along the railway from Edmonton to Prince Rupert is the most magnificent and majestic of any to be viewed on the North American continent.

"This was the most outstanding of all our fourteen annual trips." Governor Murphree and others expressed appreciation of courtesies and hospitality extended at PPrince Rupert.
