NOVELTY AT THE WESTHOLME

Synchronized Music and Sound Effects to Be Used Tonight

Visitors to the Westholme this week-end will be able to hear and enjoy for the first time in the city, synchronized music and sound effects with motion pictures. The machine installed is the very latest achievement in the entertainment world and is exactly similar to the ones now in use in the large theatres in all the large cities.

Commencing tonight and from now on the movie fan will be entertained with the best orchestra, organ and other instrumental music with novel effects incidental to the picture being screened. "The Home Towners" is the feature picture with Richard Bennett and Doris Kenyon, and it was recently shown at the Capitol, Vancouver.

"The Masked Menace" Episode No. 4 will also be screened and fans who are following it will be able to commence again where they left off. A Film Fable completes the bill. The picture program is first-class all through and the music will be at once novel, interesting and entertaining.

ST. DAVID'S DAY BEING OBSERVED

Baptist Ladies' Aid Holds Tea This Afternoon at Home of Mr and Mrs Bert Morgan

A very attractive social event for today is the St. David's Day tea and sale which is being held this afternoon at the home of Mrs. Bert Morgan, 420 Fifth Avenue West, by the Ladies' Aid of First Baptist Church. In very pretty decorations, the Welsh flag predominates, while daffodils, pussy willows, other spring flowers and leeks also lend color to the scene.

Miss M. Hughes, president of the Ladies' Aid, and Mrs. W. F. Price, wife of the pastor, are receiving the guests. Mrs. A. Ibarson and Mrs. Clarence Campbell are pouring while acting as serviteurs are Mrs. Vic Houston and Mrs. Frank Morris, wearing pretty Welsh costumes, and Mrs. J. A. Lindsay and Mrs. Armstrong. Mrs. G. Stromdahl and Mrs. D. McLeod are assisting Mrs. Morgan in the tea room.

Mrs. C. E. Larkin is in charge of the home cooking table and Miss Criedwen Morgan is selling candy. Mrs. H. Hibbard is the cashier.

Welsh people will gather tonight at the home of Mr. and Mrs. Morgan to further observe the celebration of the anniversary of the patron saint of the principality.

France is 214 miles nearer to New York than San Francisco and England is 145 miles nearer than Los Angeles.

GARDEN OF EDEN COMEDY-DRAMA

Colorful, romantic material; unique characterization; and an adroit mingling of drama and comedy form the principal ingredients of Corinne Griffith's first United Artists production, which comes to the Capitol Theatre Friday and Saturday.

"The Garden of Eden" is the intriguing title of the new picture, and though the symbolism of that Utopian birthplace of Man is cleverly carried out, the story itself is the last word in modernism, deriving its name from the Garden of the Hotel Eden, just outside Monte Carlo, where much of the action takes place. Miss Griffith is cast as a little cabaret singer, who, through a chain of amusing circumstances, lands in the social whirl, temporarily accepted as a personage whom she is not.

Lewis Milestone directed the picture, while a strong supporting cast includes Charles Ray, Louise Dresser, Lowel Sherman, Edward Martindel, Maude George nd Hank Mann.

NEW SAWMILL FOR INTERIOR

Construction of Plant Near Aleza Lake to Be Commenced at Once by Ontario Concern

Gale & Crick, Ltd., of Oshawa, Ont., have let the contract for the furnishing of timbers and lumber for a new sawmill of 60,000 feet daily capacity at Hansard Lake, about one and a half miles east of Aleza Lake railway station in the Fort George district. Orders have also been placed for the machinery. The company is interested in a large timber sale in the vicinity of Hansard Lake, tenders for which were recently invited by the forest branch.

Gale & Crick, Ltd., have an exclusive market for all the timber they will cut in the Hansard Lake mill, as they hold a contract for supplying General Motors of Canada with all the wood that enters into construction of automobile bodies in plants at Oshawa and Walkerville, Ont., and Regina, Sask. The mill will be put into operation as soon as the necessary structures can be erected and machinery installed.
